BEAUMOND HOUSE COMMUNITY HOSPICE

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2022

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report and the audited financial statements of the charity for the year ended 31 March 2022. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) 'Accounting and Reporting by Charities' in preparing the annual report and financial statements of the charity.

OBJECTIVES AND ACTIVITIES

Objectives and aims

Charitable objectives

The objective and principal activity of Beaumont House Community Hospice (Beaumont House) is that of promoting the welfare of people with a life limiting or terminal illness and to provide respite for their carers in an area within fifteen miles of Newark town centre. To achieve this Beaumont House secures funding from local statutory bodies, organisations, individuals and by operating charity shops.

Charitable aims

Beaumont House is a nurse-led community hospice serving those in our community who have a life-limiting condition with palliative care needs. Our aim is to provide professional, person centred care, delivered in a home from home setting or in a person's own home. Patients and their families frequently comment on the warm and happy atmosphere they experience. We have committed staff who do all that they can to provide a quality service, delivered with care, compassion and respect. The well-being and safety of patients and carers is essential, and we work hard to provide a safe, effective, caring, responsive and well-led service.

Our values underpin everything we do:

1. Patient Centred, we 'go the extra mile' – Every life matters and every moment matters; patients and their families and friends are at the centre of everything we do.
2. Value and Support Our People – All of our people are important and highly valued, and we support and develop them to be at their best.
3. Openness and Honesty, Creating a Safe Environment – We provide a safe environment in which feelings may be openly expressed and acknowledged with sensitivity and honesty.
4. Collaboration – We provide a unique and special range of services, in collaboration with our partners in the End of Life Alliance.
5. Efficiency, Caring, Professional – We provide good stewardship of our resources and operate in a professional, caring and efficient way.

Significant activities

The main services offered by Beaumont House, both at our hospice on London Road, Newark, and in the homes of our patients are:

- Day Therapy
- Nurse led inpatient care in our 4 bedded unit
- Wellbeing including complementary therapy, bereavement support and carer support
- Hospice at Home

All of Beaumont House's services are free and continue to be available thanks to the generosity of the communities we serve.

Volunteers

Around 167 (189 in 20/21) regular volunteers give up their time to help the charity and support across every area of the charity: in our shops and fundraising activities and in our hospice, keeping our garden alive and colourful for patients to look onto; in the kitchen, on Reception through to Day Therapy. Following on from 20/21 where a large proportion of volunteers stepped back in line with government COVID advice, we have been welcoming volunteers back to Beaumont House once again. The trustees are very grateful to all of our volunteers for their commitment and support.

Public benefit

The trustees have had regard to Charity Commission guidance on public benefit in accordance with the Charities (Accounts and Reports) Regulations 2008 when reviewing our aims, objectives and current activities also in planning our future activities.

Fundraising

Beaumont House works with commercial participators to raise funds for the charity and these agreements are managed by the use of commercial participator agreements. A bespoke agreement is drawn up for each partnership. Within the reporting period there have been no failures to comply with the terms of the agreement. Beaumont House works closely with all commercial participators receiving income statements in relation to the activity covered by the agreement and ensuring these are in the scope of expected payments. The charity requests that all use of its IP are agreed in writing in advance. During the reporting period the organisation had no individuals acting on its behalf to raise funds either in a voluntary or professional capacity.

BEAUMOND HOUSE COMMUNITY HOSPICE

**REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2022**

No complaints were received by the charity about its activities or those carried out on its behalf.

The charity undertakes limited direct mailing and this is focused on those who have previously supported the activities of the charity with financial donations, using the premise of legitimate interest. An option to unsubscribe is always included in all mailings. The charity responds to all requests to remove names from mailing lists within 24 hours of the request being received. We actively monitor the record of deaths held by Beaumont House to ensure those supporters who have died are removed from mailing lists. We ensure that where we hold records for date of birth, no minors are included in any mailings. We ensure that only those for whom consent has been gathered and for the specific purpose for which it was given are included in any email sent for the purposes of marketing.

We do not have any volunteers raising funds 'on behalf of the charity'. Should this change in the future, guidance and training will be documented and a written agreement created by the charity, content of which would be drawn from the fundraising code.

BEAUMOND HOUSE COMMUNITY HOSPICE

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2022

ACHIEVEMENT AND PERFORMANCE

Charitable activities

We continue our drive to improve the quality and effectiveness of our services. Some of the achievements we are most proud of during the past 12 months include:

- We continued to liaise remotely with the Care Quality Commission (CQC) in the form of monitoring calls, providing necessary assurance that our delivery of care and support continued to be in line with their standards of Safe, Caring, Effective, Well Led and Responsive.
- Despite the challenges created by the surges in positive Covid cases, we are proud of the levels of service we were able to achieve through the year.
- We maintained the Mindful Employer accreditation and remain a Disability Confident Employer.
- We successfully recruited in all areas, including the appointment of a full time CEO, and worked on succession planning for critical posts.

Table of clinical activity

The table below details clinical activity undertaken during the year compared to the previous two years.

Indicator	2021-2022	2020-2021
New referrals	290	242
In-patient episodes	1020	992
Bed occupancy	70%	80%
Average length of stay	9 nights	10 nights
Day therapy attendances	1304 sessions	1,859 sessions
Hospice at Home hours delivered	4,426	4,382
Bereavement support	275 sessions	227 sessions
Complementary therapy	0 sessions	0 sessions

We adhere to stringent infection control measures to protect our patients, which continued throughout 2021/22 and as such we continued with the suspension of our complementary therapy service. Additionally we experienced challenges at times with our hospice based services through the year due to positive Covid cases and staff needing to self-isolate. Referrals into our service weren't quite back to pre-pandemic levels but we started to see an increase in referrals in the latter part of the year and anticipate further increases in In Patient and Day Therapy activity through 2022/23. However we are proud that our Hospice at Home service continued and we once again maintained a consistent level of vital support.

What Some of the People We've Supported Have Told Us

I would like to say a huge thank you to all staff who recently cared for my dad before he sadly passed away in Beaumond House he received the best care which was dignified at all times and was a big comfort to myself and my mum after we had had very bad experience with the Hospital. Thank you so much.

The care & support mum is receiving is above and beyond our expectations. The whole staff are extremely warm and friendly. Outstanding. Mum is very happy here and we know she is in safe hands.

Thank you for all the love and care you gave my late brother, you made an awful time more bearable.

I don't think you could improve, your constant care and food excels.

Myself and my brother would like to thank you for your brief but recent care, for our dad in his last days. You were absolutely amazing, and so lovely, really caring and compassionate. Thank you for the calls following my dad's passing, making sure we are alright and knowing that you are there at the end of the phone if needed.

I feel involved in all aspects of day therapy. I am always willing to involve myself in all the varied activities. Staff encourage all of us to get the best out of the activities.

I feel included and made very welcome by everyone. I look forward to day therapy each week.

I realise how very fortunate we were that he was able to stay at home as I've heard from so many people about how sad it was in Covid time, not to be able to be with one's dear ones at all either during their illness or at the time of their death because of Covid restrictions. We were so fortunate to be there until his last breath, thanks to all of you.

BEAUMOND HOUSE COMMUNITY HOSPICE

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2022

FINANCIAL REVIEW

Financial position

For the year ended 31 March 2022, the charity made a surplus of £402,522 which included gain on Investments of £14,233. Our net assets at 31 March 2022 of £2,712,304 of which £666,779 were represented by tangible fixed assets and £450,000 represented as Investment property.

Principal funding sources

The charity is funded in part by way of a payment under a Service Level Agreement from the Newark & Sherwood NHS Clinical Commissioning Group. Income arising from this source amounts to 36% (2021 41%) of the total day to day running expenditure. The majority of funds required have to be raised within the local community and are dependent on the generosity of individuals and organisations. In addition to operating three shops, which we were delighted to re-open again in April 2021, fundraising includes income from the community, events, individual donations, businesses, and trusts. Legacy income is not relied on for the day to day running of the hospice but is an important source of funds enabling the development of existing or new services. The charity greatly values the kindness shown by all its supporters who include donors and customers of our shops; those who fundraise on our behalf; all those who took part in our challenge events and Beaumont House events and initiatives.

A significant amount of our income comes from charitable Trusts and Foundations (See page 18) and we are incredibly grateful to those organisations.

Additionally, as a member of Hospice UK, once again this year we have been grateful for the funds received to support in the Covid response through the Winter.

Fundraising

We launched financial year 2021/22 with our 'Keep our Hospice in your Heart' campaign, which offered those who wished to remember a loved one the opportunity to buy a handmade personalised heart. The deliberate use of the heart not only promoted our new logo, but symbolised the place that Beaumont House holds in the community, as well as the love which surrounds those who come through our doors. The appeal was hugely successful for us, with over 500 hearts sold and income of £15,000.

We were delighted to be able to once again deliver the second Newark Dragon Boat Race, an event we hold in partnership with the Children's Bereavement Centre, where £23,00 was raised for each charity. Our 2022 event sold out almost immediately when it launched.

Against the backdrop of a challenging year, we received two significant donations, one unsolicited and one legacy, which totalled £260,000, which has contributed in no small part to our resulting surplus.

Through the year we lost several members of the fundraising team but following a successful recruitment campaign we are pleased to be entering the new financial year with a full complement of staff. While we have a positive feeling of rebuilding again following the uncertainty of the pandemic, we are fully aware that 2022/23 is going to be another challenging year economically.

Investment policy and objectives

The board has appointed independent Investment Managers to invest funds surplus to immediate requirements in investments quoted on the London Stock Exchange. The objective of the Investment Policy is to protect the value of the assets of the charity, to maintain the real value of the portfolio and to generate returns that exceed the return available on cash deposits. The board monitors the performance of the funds in accordance with the policy on a regular basis. The COVID-19 outbreak has caused uncertainty in the market however this is not expected to be long term and any adverse impact on the investments is expected to be recovered in time. The investment policy takes account of social, environmental and ethical considerations to the extent that the trustees believe is reasonable.

BEAUMOND HOUSE COMMUNITY HOSPICE

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2022

FINANCIAL REVIEW

Reserves policy

The board has considered the reserves necessary for the continued operation of the Hospice in order to provide on-going supportive palliative care to patients with life limiting or terminal illnesses and their families.

The board considers it necessary to carry reserves (excluding tangible fixed assets) equivalent to 12 months of 'normal' Hospice operation and adequate liquid funds to support the charity in the event of there being the opportunity to develop additional services or in the event of there being changes to the current funding streams.

At 31 March 2022, unrestricted funds stood at £2,433,277. However, of this amount, £976,060 has been designated in respect of tangible fixed assets and investment property leaving £1,457,217 of general funds which is lower than the target level set by the board of £1.7m. Therefore, although funds are in a satisfactory position overall the board will continue their efforts to strengthen them.

Restricted funds include a Freehold Premises Fund of £140,721. This principally relates to a specific appeal to the local community in order to raise funds to extend the charity's freehold premises.

COVID-19

COVID-19 restrictions continued in England throughout the year ended 31 March 2022. During this time management liaised with infection control while cascading information to the team. Pre-visit and pre-admission screening was undertaken to ensure patients were not symptomatic.

Any visitors to the Hospice were advised to wear the same Personal Protective Equipment as staff and comply with the strict infection control guidelines put in place.

COVID-19 has impacted the charity both operationally and financially however as a result of the board's reserve policy and management's proactive approach to generating resources, the aims and objectives of the charity will continue to be met.

FUTURE PLANS

The main focus for this new financial year is fully restoring and building on our levels of service, to ensure those who need us can receive our support.

- We are looking forward to extending our Day Therapy service from 4 days to 5 early in the financial year.
- Utilising our beautiful new Garden Room, we will be establishing our Wellbeing service, employing our own Complementary Therapist and Bereavement Counsellor, providing more choice and flexibility for patients and their carers.
- Increasing our Hospice at Home provision to support the meeting of demand is a priority this year.
- As we welcome back former and new volunteers, we will continue to create meaningful and rewarding roles, including a new In Patient Support Volunteer role.
- We will continue our quality improvement programme as we work towards achieving a rating of being 'outstanding' in care in our next CQC inspection.
- We will continue to work with our Mid Notts partners within the End of Life Together Alliance to ensure all those who need end of life and palliative care receive the very best personalised service in their preferred place of care.
- We hope to open our fourth Beaumont House shop in the early stages of the financial year. The new unit, in the heart of Newark, will be our first furniture shop and an exciting addition to our retail portfolio.
- We will be engaging internally and externally to develop a new strategic plan, a clear roadmap guiding us towards our vision of outstanding care, enabling our local communities to live well and to die well.
- We will be introducing new Fundraising Initiatives including a Starlight Stride and a special Christmas campaign with The Big Give.

We have a lot of researching and planning to carry out, and while we envisage that it will be a 2-4 year project, we will be announcing our commitment to redesigning and delivering a fit for the future brand new bedded unit.

BEAUMOND HOUSE COMMUNITY HOSPICE

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2022

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Beaumont House Community Hospice is a charitable company limited by guarantee, incorporated on 16th March 1993 and registered as a charity on 1st September 1993. The company was set up under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. The company is exempt under Section 60 of the Companies Act 2006 from using the word Limited in its name. The charity operates from 32 London Road, Newark, Nottinghamshire NG24 1TW which is also its Registered Office.

Recruitment and appointment of new trustees

As set out in the Articles of Association, trustees are appointed by the board of trustees and retire by rotation. Trustees who have served during the year and since the year end are disclosed in the company information. The company secretary is Mr I Phillips.

Organisational structure

Our board of trustees share ultimate responsibility for governing Beaumont House Community Hospice and they are direct how it is managed and run. There are five sub-committees which ensure governance and scrutiny on all aspects of Beaumont House ways of working including: care services; human resources; finance and facilities; fundraising and marketing and; governance, risk and scrutiny.

Trustees are specifically recruited to work with the organisation and have a variety of business skills to support and underpin good practice. The trustees are always looking at ways to develop the activities of the charity and fundraising opportunities. Full Board meetings are held once a quarter.

Joining in April 2022, the trustees appointed a new full time Chief Executive Officer, Heidi Hawkins, who has day to day responsibility for the operations of the charity. The trustees would like to thank George Cameron for his role as interim CEO from June 2021 to March 2022.

Induction and training of new trustees

New board members undergo a formal, tailored induction programme on joining. The programme includes background information about Beaumont House Community Hospice, details of meeting procedures, board members' responsibilities, including trustees' duties under the Companies Act 2006, and governance-related issues including the time commitment expected of board members. Trustees are also encouraged to attend appropriate external training events where these will facilitate their understanding of the role.

Key management remuneration

The trustees consider the Leadership Team, made up of the Chief Executive Officer and Heads of Clinical Services, Fundraising & Marketing, Finance & Operations and Human Resources as comprising the key management personnel of the charity with the delegated authority of the running and operating of the charity on a day-to-day basis.

All trustees give of their time freely and no remuneration was paid to trustees in the year.

Related parties

Trustees are required to disclose all relevant interests and register them with the chief executive officer and in accordance with charity's policy withdraw from decisions where a conflict of interest arises. Details of trustees' expenses and related party transactions are disclosed in note 27 to the accounts.

Risk management

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

The trustees actively review the major risks which the charity face on a regular basis and believe that maintaining reserves at current levels, combined with an annual review of the controls over key financial systems, will provide sufficient resources in the event of adverse conditions. The trustees have also examined other operational and business risks faced by the charity and confirm that they have established systems to mitigate the significant risks.

The charity has completed risk assessments in support of fire safety, health and safety, food hygiene and infection control. All specific fundraising events are subject to individual risk assessments. Where risks have been identified, action has been taken to minimise them and insurance cover has been taken out where considered prudent.

BEAUMOND HOUSE COMMUNITY HOSPICE

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2022

STATEMENT OF TRUSTEES RESPONSIBILITIES

The trustees (who are also the directors of Beaumont House Community Hospice for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charity SORP (2019) (FRS 102);
- make judgements and estimates that are reasonable and prudent.
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

AUDITORS

The auditors, Wright Vigar, will be proposed for re-appointment at the forthcoming Annual General Meeting.

Approved by order of the board of trustees on 21st September 2022 and signed on its behalf by:

I Phillips - Trustee

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF BEAUMOND HOUSE COMMUNITY HOSPICE

Opinion

We have audited the financial statements of Beaumont House Community Hospice (the 'charitable company') for the year ended 31 March 2022 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement, and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2022 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other Information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditors' report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to take advantage of the small companies' exemption from the requirement to prepare a Strategic Report or in preparing the Report of the Trustees.

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
BEAUMOND HOUSE COMMUNITY HOSPICE**

Responsibilities of trustees

As explained more fully in the Statement of Trustee's Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Our work is performed to include an assessment of the susceptibility of the entity's financial statements to material misstatement, including the risk of fraud. Owing to the inherent limitations of an audit, there is an unavoidable risk that material misstatements in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK).

In identifying and assessing risk of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, our procedures included the following:

- We plan our work to gain an understanding of the significant laws and regulations that are of significance to the entity and the sector in which they operate. We perform our work to ensure that the entity is complying with its legal and regulatory framework.
- We obtained an understanding of how the Charity is complying with those legal and regulatory frameworks by making inquiries to the management and people charged with governance.

We assessed the susceptibility of the Charity's financial statements to material misstatement, including how fraud might occur. Audit procedures performed by the engagement team included;

- Substantive procedures performed in accordance with the ISAs (UK).
- Challenging assumptions and judgments made by management in its significant accounting estimates.
- Identifying and testing journal entries, in particular material journal entries and an assessment of year end journals. - Assessing the extent of compliance with the relevant laws and regulations.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

BEAUMOND HOUSE COMMUNITY HOSPICE

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

Beaumont House Community Hospice is a charitable company. The address of the principal office is given in the company information on page 7 of these financial statements.

The charity constitutes a public benefit entity as defined by FRS 102. These financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019, the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), the Companies Act 2006 and UK Generally Accepted Accounting Practice.

The financial statements have been prepared on a going concern basis under the historical cost convention with the exception of investments which are included at fair value.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

Income

All income is included in the Statement of Financial Activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Voluntary income is received by way of donations, legacies and gifts and is included in full in the Statement of Financial Activities when there is sufficient certainty the receipt of income is probable.
- Government grants are recognised on the performance method
- Donated services and facilities are included at the value due to the charity where this can be quantified and the receipt of economic benefit from the use by the charity is probable. The value of services provided by volunteers has not been included in these accounts.
- Income from other trading activities - Selling donated goods is legally considered to be the realisation of a donation in kind, but in economic terms it is similar to a trading activity and therefore shop income and income from fundraising events is included in this analysis heading.
- Clothing and other items donated for resale through the charitable company's shops are included as income within other trading activities when they are sold.
- Investment income is included when receivable.
- Incoming resources from grants are credited to the Statement of Financial Activities in the year to which they relate.
- Grants received for the restricted purpose of providing fixed assets are accounted for immediately as restricted funds. Where the fixed assets' acquisition discharges the restriction, the assets will be held in unrestricted funds. If the use of the assets is unrestricted the trustees, consider creating a designated fund reflecting the book value of the assets is appropriate. The relevant fund will then be reduced over the useful economic life of the asset in line with its depreciation.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
FOR THE YEAR ENDED 31 MARCH 2022

1. ACCOUNTING POLICIES – continued

Expenditure

Expenditure is recognised on an accrual basis as a liability incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

- Costs of raising funds comprise the costs associated with attracting voluntary income and the costs of trading for fundraising purposes including the charity's shops.
- Fundraising costs of generating voluntary income and other fundraising activities other than those allocated directly have been apportioned 20% to costs of generating voluntary income and 80% to costs of other fundraising activities.
- Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.
- Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked to the strategic management of the charity.

Support costs allocation

Support costs are those that assist the work of the charity but do not directly represent charitable activities and include governance costs and administrative payroll costs. They are incurred directly in support of expenditure on the objects of the charity. Where support costs cannot be directly attributed to particular headings, they have been allocated to costs of raising funds and expenditure on charitable activities on a basis consistent with the use of the resources.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include professional fees and costs linked to the strategic management of the charity.

The analysis of these costs is included in note 10.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	- 2% on cost
Fixtures and fittings	- 33% on cost
Medical equipment	- 33% on cost

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is recognised in the Statement of Financial Activities.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow-moving items.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Funds held by the charity are either:

General funds - these are funds which can be used in accordance with the charity's objectives at the discretion of the trustees.

Designated funds - are unrestricted funds set aside at the discretion of the trustees for specific purposes. The designated fund for fixed assets is that part of unrestricted funds representing fixed assets held which cannot reasonably be expected to be realised in short term.

Restricted funds - these are funds that can only be used for particular restricted purposes within the objects of the charitable company. Restrictions arise when specified by the donor or when funds are raised for a particular restricted purpose.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight-line basis over the period of the lease.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
FOR THE YEAR ENDED 31 MARCH 2022

1. ACCOUNTING POLICIES – continued

Pension costs and other post-retirement benefits

The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

Debtors and creditors

Debtors and creditors receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the Statement of Financial Activities.

Current asset investments

Investments are initially recognised at their transaction value and subsequently measured at market value at the balance sheet date. The Statement of Financial Activities includes the net gains and losses arising on revaluations and disposals throughout the year.

Realised gains and losses

All gains and losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between sales proceeds and opening market value (purchase date if later). Unrealised gains and losses are calculated as the difference between the market value at the year-end and opening market value (or purchase date if later).

Going concern

The financial statements have been prepared on a going concern basis as at the time of approving the financial statements the trustees believe that no material uncertainties exist and have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Whilst the economy has been significantly impacted by the COVID-19 virus, the trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. The forecast income and expenditure is sufficient with the level of funds for the charity to be able to continue as a going concern.

Judgements and key sources of estimation uncertainty

The trustees do not believe that any accounting judgements or estimates have been applied to these financial statements that have a significant risk of causing a material adjustment to the carrying value of assets and liabilities within the next financial year.

12. TRUSTEES' REMUNERATION AND BENEFITS

Trustees' expenses

There were no trustees' expenses paid for the year ended 31 March 2022 nor for the year ended 31 March 2021.

Trustees Remuneration

During the period trustees Debra Abrams and George Cameron received remuneration for the roles of Chief Executive Officer and Interim Chief Executive Officer. The total remuneration paid was £34,105 (2021: £29,480). They received no income for their role as trustees and due to past experience in the position of Chief Executive Officer, the trustees decided it was in the best interests of the charity to appoint them. During this period they stepped down as trustees.

At 31 March 2021	<u>450,000</u>

The Investment property was valued by the trustees on 31 March 2022. When considering the valuations for these properties, the trustees have taken into account the current and historical prices of similar property in Newark, adjusting for any factors affecting the condition of the individual properties. Consideration has been given to the general property market and any changes that might significantly affect the valuations. We consider these valuations to be reasonable and in line with the most recent insurance values as at 31 March 2022 after allowing for the fact that the values for insurance purposes are precisely for that purpose and do not always align with the market values of the properties but are a guide to likely values. The trustees consider the fair values of the properties to be lower than the insurance values due to the current depressed state of the property market in the area. The trustees do not consider it necessary to obtain a formal external valuation as valuations provided are considered reasonable and are supported by alternative sources of information.

24. MOVEMENT IN FUNDS - continued

Descriptions of the purposes of the various unrestricted designated funds are given below:

Fixed Assets

The designated fund for fixed assets is that part of unrestricted funds representing fixed assets which cannot reasonably be expected to be realised in the short term. The designated fund includes a revaluation reserve of £59,696 relating to the revaluation of fixed assets.

Descriptions of the purposes of the various restricted funds are as follows:

Activities	to assist in the provision of activities for patients
Coronavirus	to fund the continued operation of the charity's shops
Equipment	towards the cost of equipment to enable our staff to provide suitable care for our patients
Freehold premises	represents funds raised by an appeal to the local community in respect of an extension to the company's freehold premises at 32 London Road
Hospice at Home	established to offer nursing and emotional support for patients in their own home
Inpatient	established to offer nursing and emotional support for patients during their stay at the Hospice
Refurbishment and decoration	to fund the costs of refurbishing and decorating the Hospice
Therapy	to fund the costs of complementary therapy and day therapy services
