Chairman's report April 2021 - April 2022

As the whole world tries to move forwards from Covid into a new season, we are simply doing the same, again. This has been the second year of great change, challenge and compromise for the work, but we are happy to say that we have managed to accomplish much during this period.

Having lost our trustee Beverley Jones in October 2020, some 8 months later her husband, trustee Keith Jones, passed away. Keith was a wonderful supporter of our work and someone willing to help just about anybody who needed it. Our thoughts and prayers are with their children Richard, Tracey, Vicky and Mark.

During the year, the distribution fund continued to flow and function. This was set up last year to help anyone who had suffered greatly because of business closure, loss of job, lack of food, etc etc. Large numbers of people came into the fund, and many tens of thousands of pounds, and also large donations of food, were distributed to those in need.

During this season, the changing of plans became the normal, with meetings cancelled, postponed or held online. We've had large zoom meetings (the equivalent of conferences), and many smaller training meetings for our various groups. I have also personally as chairman held hundreds of one-to-one Skype, telephone, zoom and WhatsApp meetings with various members and many other leaders who have needed spiritual input. Our team members have also been involved in many such calls too.

Somewhat miraculously, we did manage to hold one 'in person' conference since my last report. In October 2021, in Geneva, Switzerland, we taught and held worship meetings, followed by a training time for the team at the school in Beatenberg, near Interlaken.

Our preparations for our May 2022 conference in Switzerland are now well underway. This will mainly be at the school in Beatenberg, followed by a tour of other local centres. This is already proving to be an ambitious project due to price rises that seem to be affecting the whole world at the moment, but we are seeing wonderful support by members who believe in what we are planning to do.

Over these months, our team expanded, with Jonathan, the husband of Anna our worship leader, joining the team. We are pleased to welcome him to the work and are grateful for his help and support since he married Anna. We have also gained a number of new members and we are very pleased to welcome them.

Our support to missionaries has continued and expanded too. We have increased our support to Colin and Mitchel in northern Israel and now support another couple, Yuri and Natalia of Haifa, who work among the Arabs in that area.

CHAIRMAN'S REPORT CONTINUED FOR THE YEAR ENDED 5TH APRIL 2022

Clearly, we have been spending much time teaching people to give. We feel that the seasons coming up of our group, and all members of the public, to learn to give and share a lot more.

As has been increasingly evident over the last months, a main aspect of our work is to help and support those who are helping others. 'Helping those who help others' has become an expression of what we do helping include worship leaders, church leaders, care workers, businesspeople who ran into trouble after others, and the like.

We have now published my book, 'God Will Make A Way', a series of short stories of miraculous intervention in the lives of me and my wife. I have also written a new book called 'The Kingdom of God, A Better Way to Live' being edited. Other books have been reedited for reprints, we have typed a new book and will shortly be another one. We are delighted to say that our books have found their way into several new countries this year including Uganda in Africa.

I am now on the spiritual boards of several Christian businesses, ministries and churches. I have been given the opportunity to influence them in matters of biblical morals, ethics, integrity, and fairness in business where appropriate. I have also appeared on the zoom meetings of several other ministries in order to share the things which we normally teach at our own meetings. We are glad of this opportunity of expansion into other groups.

We are all hoping that the next report will see us all past the Covid pandemic situation and moving into a new normal in the world. Even if other matters of concern do raise their heads in the future, we are determined to be there for those who need the gifts we have, as a team, to offer and will always seek to serve others whenever and wherever we can.

4. PAYMENTS TO TRUSTEES AND RELATED PARTIES

No other payments were made to any other Trustee.

5. RISK ASSESSMENT

The trustees actively review the major risks which the charity faces on a regular basis and believe that maintaining the free reserves stated, combined with the annual review of the controls over key financial systems carried out on the annual basis will provide sufficient resources in the event of adverse conditions. The trustees have also examined other operational and business risks which they face and confirm that they have established systems to mitigate the significant risks.

6. RESERVES POLICY

The trustees have considered the level of reserves they wish to retain, appropriate to the charity's needs. This is based on the charity's size and the level of financial commitments held. The trustees aim to ensure that the charity will be able to continue to fulfil its charitable objectives even if there is a temporary short income or unexpected expenditure. The trustees will endeavour not to set aside funds unnecessarily.
