Additional governance issues (Optional Information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- Trustees' consideration of major risks and the system and procedures to manage them.

Any new trustee will be asked to confirm that they have read the Charity Commissions guidance on becoming a trustee. They will be given a copy of the latest accounts, meeting minutes and policies such as safeguarding, data protection and health and safety.

The trustees continue to keep a watching brief on the charity's activities so that potential risks can be assessed and addressed. During 2021 as well as delivering on line zoom sessions the charity delivered in person workshops for community groups. All workshop leaders were required to have valid DBS Checks and risk assessments were carried out for all environments and activities. The risk assessments included attention to covid health and safety measures.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

TO ADVANCE THE ARTS FOR THE PUBLIC BENEFIT IN PARTICULAR, BUT NOT EXCLUSIVELY BY THE PRODUCTION OF EXHIBITIONS, PERFORMANCES AND WORKSHOPS AND THE PROVISION OF FACILITIES IN WHICH ARTISTS CAN DEVELOP AND PRODUCE THEIR ART WORKS FOR PUBLIC DISPLAY.

Summary of the main activities undertaken for the public benefit in relation to these objects (Include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

During 2021 In A Space benefitted from a Kent Community Foundation grant which enabled us to partner with a local community group set up to support members of the public who felt isolated and lacked confidence engaging with group activities. The free sessions were designed to be accessible and fun for all who wished to attend while learning about new techniques. Attendees provided very positive feedback some of them stating it was the only time in the week that they went out and for some for personal reasons exacerbated by the covid pandemic it was the first time they had interacted with the local community in a very long time. There was evidence from post activity questionnaires that some people who had attended felt confident enough to engage in other activities in their neighbourhood.

Additional details of objectives and activities (Optional Information)

The in person workshops provided voluntary and paid opportunities for artists to create and deliver workshops with support from In A Space. The Taking pArt project reached approximately 50 people including artists, volunteers and members of the public.

You may choose to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

We are very proud to have delivered both in person and zoom art activities that have provided members of the public with an opportunity to interact with other people in a safe and engaging environment. Many of these members of the public had not been involved with art and culture activities for a very long time. Our projects were delivered in a professional manner and within budget.

We have created a network of partners and artists that we can trust and work with again to provide opportunities for the public to have access to more arts and culture activities.

Section E

Financial review

Brief statement of the charity's policy on reserves

The trustees are committed to ensuring that there are enough reserves to cover running costs. The charity does not currently have any building maintenance and repairs to consider.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The Charity's principal sources of funds for 2021 have been grants administered by The Kent Community Foundation, donations and paid workshop activities for employee well-being programmes.

The funding has allowed the charity to create free and accessible opportunities for the public to be involved in artistic activities delivered by a number of voluntary and paid artists.

Overheads have been kept to an absolute minimum with expenditure focussed on making the charity accessible to the public by using free social media for advertising and the main expenditure being on artist services to deliver activities.
