ACHIEVEMENT AND PERFORMANCE

Achievements and Performance

, ж

This time period follows the second year of the Pandemic period. This time included many issues and challenges to operating. The rules relating to numbers meeting and visiting venues evolved over the year and impacted on our delivery of services and in our shop operations.

The services provided during this period evolved over time, we tried to help people to remain as independent as possible and to develop long term options for living, that gave them back control over their lives.

The immediate response support gave way to supporting the move back to a normal life, this included helping people to get out and about again, building confidence to get out and do things again, helping get people physically fitter and able to do more.

During this period we were supported financially by North Yorkshire County Council to actively support both local groups and organisations to come through the pandemic, but also to support vulnerable individuals to enable as much independence as possible. We took on the role of supporting other organisations within Craven to take on this role throughout the District.

We gradually managed to re-open the whole range of services we offered before the Pandemic, some services still offered virtual support if that was the preference of the volunteers or clients.

The income for the year held up remarkably well, the shops were managed to maximise there potential, to offer longer opening hours and to do all they could to deliver income to the charity. The charity also benefited from a range of grants and donations available to manage through the Pandemic and to support people and communities to come through the difficult time and to resume normal living.

FINANCIAL REVIEW

Investment policy and objectives

The Board of Trustees has the power to invest in such assets as they see fit, with appropriate professional advice.

Reserves policy

The results for the charity are set out within the accompanying Statement of Financial Activities and the notes to the Accounts.

During the financial year Age UK North Craven had an overall income of £455,848 of which £319,723 was attributed to Unrestricted funds and £136,125 to restricted funds.

The Reserves policy has been built up to cover evaluated risks, sums have been allocated to cover specific operational and strategic risks and to enable appropriate investment. The total sum also enables the charity to have sufficient funds to operate without income for 12 months and close down the charity if needed.

The Reserves Policy is reviewed each year by the Board, the current requirement is set at £234,000 in Reserves.

The current level of Free Reserves is £313,146 which the Trustees consider to be absolutely appropriate within the existing challenging times.

Notes to the Financial Statements for the Year Ended 31 March 2022

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings	 25% on reducing balance
Motor vehicles	 25% on reducing balance
Computer equipment	- 25% on reducing balance

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

Government grants

Grants are accounted under the accruals model. Grants relating to expenditure on tangible fixed assets are credited to the profit and loss account at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the profit and loss in the same period as the related expenditure. Grants of a revenue nature for which there are no future performance-related conditions and costs are recognised as income in the period in which they become receivable.
