

Annual Report and Accounts 2021 to 2022

Charity Registration No. 1190832

In 2021 – 2022 our activities have been curtailed as a result of issues with our original bankers (HSBC). Our account was frozen as we were not using it regularly during the previous lockdown period. HSBC were very unhelpful with resolving this and we decided to move our account to The Co-operative Bank.

Therefore, the funds we accumulated in 2020 – 21 are still available and we have had little expenditure during this time due to both the trustees and volunteers providing their services at no cost.

We had hoped that we would have been more active in our second year but this was not to be the case. With our new bank account in place we are now looking forward to a far more active year ahead.
