Objectives and activities

TAR 2 March **2012**

Summary of the objects of the charity set out in its governing document

The main objective of the Cylch is to offer foundation phase education for children 2 to 4 years old in a small rural village in North Wales. It also aims to support and be a hub for the wider local community within the village.

Cylch Meithrin Carmel offers foundation phase education for children 2 to 4 years old. It is located in the village hall of a small rural village in North Wales called Carmel.

It provides a vital childcare and education service for the village, which avoids parents having to travel much greater distances to other options. It also serves as a vital hub to the local community, in particular as the small local primary school was closed 6 years ago. It not only provides a community hub for parents of children within the Cylch, it also brings together the wider community of the village, for example through the organising of fund-raising events within the village every year.

During the pandemic our activities were limited to an outside Christmas Grotto. However, typical examples of fund-raising events that attract residents of all ages in the village include Santa's grotto's, Christmas fayre's, Halloween disco's, bingo nights, beauty nights and many more. All these have involved more than just the parents of children who are in the Cylch.

Being based in the local community hall is also a vital part of the Cylch's place in the local community – it is located right in the heart of the village and the hall which is used by the residents for many other activities (weekly karate classes, bingo etc etc) so having the Cylch in the same building is an important part of cementing the Cylch's place in village life.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

ıe	ievaiit, about.
	policy on grantmaking;
Ш	policy programme related
	investment;
Ш	contribution made by
	volunteers.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

This was an exceptionally difficult year due to the Coronavirus pandemic. We managed to retain all the staff throughout the pandemic and re-opened in September 2020 with new and returning children.

We successfully held a Covid compliant fundraising Christmas Santa's Grotto outside in our community garden for local children. This proved to be both popular and successful and gave local children something fun and positive after such a difficult year.

We continued to raised awareness of the existence of the Nursery in the village and have had positive feedback and interest from potential future users.

The lunch club restarted in September along with the Taxi service to the school. This also increased the number of hours for the staff.

Section E

Financial review

Brief statement of the charity's policy on reserves	The Nursery remains in a healthy position with £1500 in a savings account and excess in the current account. We proceeded with extreme caution during the pandemic, but are now looking to increase savings during the next financial year.
Details of any funds materially in deficit	
Further financial review de	etails (Optional information)
You may choose to include additional information, where relevant about: the charity's principal sources of funds (including any fundraising);	
how expenditure has supported the key objectives of the charity;	
investment policy and objectives including any	
ethical investment policy adopted.
