INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF THE PAPHITIS CHARITABLE TRUST

I report to the trustees on my examination of the accounts of The Paphitis Charitable Trust for the year ended 30 June 2022 which are set out on pages 6 to 17.

This report is made solely to the charity's trustees, as a body, in accordance with Regulation 31 of the Charities (Accounts and Reports) Regulations 2008. My work has been undertaken so that I might state to the charity's trustees those matters I am required to state to them in an independent examiner's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the charity's trustees as a body, for my work, for this report, or for the statement I have made.

Responsibilities and basis for report

As the trustees of the charity you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act")

I report in respect of my examination of the charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the charity as required by section 130 of the Act; or
- 2. the accounts do not accord with those records; or
- 3. the accounts do not comply with the accounting requirements concerning the form and content of the accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
- 4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Disclosure of any uncertainties that make the going concern assumption doubtful;	The disruption to the UK economy caused by the Covid- 19 pandemic created potential risk to the Charity and as we recover from it the negative impact on external income and donations has been minimal. The impact of the cost of living crisis within the UK could reduce the level of external income and donations to the Charity which would restrict the level of charitable funds payable due to the funds held at bank.				
Where accounts are not prepared on a going concern basis, please disclose this fact together with the basis on which the trustees prepared the accounts and the reason why the charity is not regarded as a going concern.	Not applicable

Note 2 2.1 INCOME

Accounting policies

This standard list of accounting policies has been applied by the charity except for those ticked "No" or "N/a". Where a different or additional policy has been adopted then this is detailed in the box below.

Recognition of income

These are included in the Statement of Financial Activities (SoFA) when:

- the charity becomes entitled to the resources;
- it is more likely than not that the trustees will receive the resources; and
- the monetary value can be measured with sufficient reliability.

Offsetting

There has been no offsetting of assets and liabilities, or income and expenses, unless required or permitted by the FRS 102 SORP or FRS 102.

Grants and donations

Grants and donations are only included in the SoFA when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP).

In the case of performance related grants, income must only be recognised to the extent that the charity has provided the specified goods or services as entitlement to the grant only occurs when the performance related conditions are met (5.16 FRS 102 SORP).

Legacies

Legacies are included in the SOFA when receipt is probable, that is, when there has been grant of probate, the executors have established that there are sufficient assets in the estate and any conditions attached to the legacy are either within the control of the charity or have been met.

Government grants

The charity has received government grants in the reporting period

and gifts

Gift Aid receivable is included in income when there is a valid declaration from the donor. Tax reclaims on donations Any Gift Aid amount recovered on a donation is considered to be part of that gift and is treated as an addition to the same fund as the initial donation unless the donor or the terms of the appeal have specified otherwise.

Contractual income and performance related grants

This is only included in the SoFA once the charity has provided the related goods or services or met the performance related conditions.

Donated goods

Donated goods are measured at fair value (the amount for which the asset could be exchanged) unless impractical to do so.

The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt and they are recognised on receipt. In the reporting period in which the stocks are distributed, they are recognised as an expense at the carrying amount of the stocks at distribution.

Donated goods for resale are measured at fair value on initial recognition, which is the expected proceeds from sale less the expected costs of sale, and recognised in 'Income from other trading activities' with the corresponding stock recognised in the balance sheet. On its sale the value of stock is charged against 'Income from other trading activities' and the proceeds from sale are also recognised as 'Income from other trading activities'.

Goods donated for on-going use by the charity are recognised as tangible fixed assets and included in the SoFA as incoming resources when receivable.

Gifts in kind for use by the charity are included in the SoFA as income from donations when receivable.

Donated services and facilities

Donated services and facilities are included in the SOFA when received at the value of the gift to the charity provided the value of the gift can be measured reliably.

Donated services and facilities that are consumed immediately are recognised as income with an equivalent amount recognised as an expense under the appropriate heading in

the SOFA.

Support costs The charity has incurred expenditure on support costs.

Volunteer help

The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.

Income from interest, royalties and dividends This is included in the accounts when receipt is probable and the amount receivable can be measured reliably.

2.3 ASSETS (continued)

Investments

Fixed asset investments in quoted shares, traded bonds and similar investments are valued at initially at cost and subsequently at fair value (their market value) at the year end. The same treatment is applied to unlisted investments unless fair value cannot be measured reliably in which case it is measured at cost less impairment.

Investments held for resale or pending their sale and cash and cash equivalents with a maturity date of less than 1 year are treated as current asset investments

Stocks and work in progress

Stocks held for sale as part of non-charitable trade are measured at the lower or cost or net realisable value.

Goods or services provided as part of a charitable activity are measured at net realisable value based on the service potential provided by items of stock.

Work in progress is valued at cost less any foreseeable loss that is likely to occur on the contract.

Debtors (including trade debtors and loans receivable) are measured on initial recognition at settlement amount after any trade discounts or amount advanced by the charity. Subsequently, they are measured at the cash or other consideration expected to be received.

Current asset investments

Debtors

The charity has has investments which it holds for resale or pending their sale and cash and cash equivalents with a maturity date less than one year. These include cash on deposit and cash equivalents with a maturity date of less than one year held for investment purposes rather than to meet short term cash commitments as they fall due.

They are valued at fair value except where they qualify as basic financial instruments.
