

The Breastfeeding Companion – Charity 1195472

Trustees' Annual Report

Year Ending 31/07/2022

Introduction

The following report provides an overview of the activities and achievements of The Breastfeeding Companion during the year ending 31/07/2022, and outlines the financial position of the charity as at that date. The report also includes a statement of the trustees' responsibilities and a review of the charity's activities.

Trustees' Responsibilities

The trustees are responsible for ensuring that The Breastfeeding Companion complies with its charitable purposes and operates in accordance with the law. The trustees have also ensured that the financial statements have been properly prepared and have approved them for presentation to the charity's members.

Activities and Achievements

During the year ending 31/07/2022, The Breastfeeding Companion was in hiatus, due to the primary Trustee, Jacqueline Hall, and her husband Gordon Hall, needing to deal with family illness. It wasn't possible to do anything positive within the charity, until these two Trustees were able to function properly within the charity.

Financial Review

Due to the hiatus, no bank account was opened, and there were no financial transactions.

Conclusion

The Breastfeeding Companion has been on hold, and unable to make progress on their objectives. However, a change in circumstances is expected some point next year and we look forward to continuing to work together to further the charity's charitable purposes.

Statement

Within a short period of opening the charity, there was significant family sickness within the main Trustee's (Jacqueline Hall) family, affecting her and her husband, Gordon Hall.

Because of that, the work of the charity has been in a hiatus period, until that is resolved. This has meant no bank account has been opened, and there has been no financial activity at all.

Therefore the account registers as £0.00

It is expected that the charity work, by the trustees will resume in the coming 12 months.
