Risk management

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

The Board conducts a general annual review of the risks the charity may face and it reviews its systems and procedures to mitigate those risks it identifies.

Specific requirements will arise from time to time under risk management procedures according to the undertakings to be embarked upon in any year. Where an exposure arises through, for example, major property refurbishment works, it is invariably the case that specialist professional advice will be sought and followed.

The Board believes that with its periodic review of financial management and its quarterly meetings with Centre manager, effective measures are in place to monitor the creation of any new risks which may arise and to attend to their mitigation.

WATERFRONT SPORTS & EDUCATION ACADEMY**REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 JULY 2021****GOING CONCERN**

For Waterfront the pandemic was a turbulent time. The first effects of the lockdown restrictions was that 85% of the schools we work withdrew their student placements, which consequently stop any payment of services during the pandemic. During this period we were still required to pay PAYE & NI contributions to the Government for our employees who we put onto furlough, with minimum income coming in. The circumstances which were presented combined with costs that we were still required to pay out, lead to the restructure of our business plan. The restructure was to provide the best opportunity to enable long term sustainability. Apart of this was making the decision to lay off staff, keeping 3 members of staff

Today we have been able to rebuild since the pandemic offering a comprehensive service to the community. The need for our services has increased significantly since the pandemic, recognised by Public Health England, regional and local partners who govern sports and physical activity, to our community who directly seek support from ourselves. The greater need has come about for a multitude of reasons: from the effects of inactivity since the pandemic, the limited social interaction and loneliness individuals experienced, to the long term health effects that are now apparent from Long Covid.

To meet our current demand we now run more sessions than previously which in turn generates income. In addition to our club sessions, we have seen an significant increase in our outreach work delivering weekly sessions in educational establishments including primary schools, secondary schools, colleges and Universities across the city. In addition to this we work with various council around Leicester and Leicestershire delivering targeted programmes using physical activity and also run our own Multisport and Nutrition Education Programme. From consultation with parents in the community, their children's decrease in social skills ranked as greatest concern since the pandemic; in response to this theme we ran social clubs 3 times a week where young people could attend our premises and our staff engaged in a range of activities to building confidence, teamwork and communication skills. During these sessions interactive devices such as consoles, iPad's and the TV's were prohibited. Due to the success of this programme we extended our Holiday Provision for children in which the community utilised to great success. We also now work with the Council and The Department of Education in being a provider for the Holiday hunger programme, providing food and activity provision to families with low incomes. Expanding from our delivery work, we currently work with our County Sport Partnership and Street Games in a consultancy capacity. Through this role we are employed to engage with our community network to establish views and themes to better understand the climate of the local area. Our resultant findings and reports are then utilised to establish changes to enhance practice and ways of working.

To support our development we successfully applied for the Bounce Back Loan (which if we were required to pay back today, we would be able to), and still have just over £96,000 in our account. As we continue to move forward our charity work will not be affected, as we look to continue developing alternative ways to strive forward in the times we are living, providing a service more relevant than ever to our community.
