Trustee's Report for the year ending 31st December 2022

Governance Report

General information about the charity is set out on pages 3 & 4.

The Beginnings

The Congregation was founded in 1960 and was registered with the Charity Commission as a charity on 14 April 1964 and subsequently registered with HM Revenue and Customs (HMRC) for the purpose of Gift Aid.

Peter Warsop, an ardent young preacher who was tireless in his pursuit of truth, and others of like mind rented a small, upper room in the bustling market town of Loughborough, Leics., and The Congregation's work as it is today, began.

A time of unfolding revelation followed as this minister taught about the Body of Christ, the function of the ministerial gifts as laid out in Ephesians 4 and freedom to use the gifts of the Holy Spirit. Little, if anything, was being taught about these things in the church world at that time.

In the late 1950's he took up the pastorate of a church group in Nottingham. In a relatively short period of time the group grew through an intense programme of evangelism which saw hundreds of people come to faith and receive water baptism!

The first great change happened when the leadership began to baptise the believers in the Name of Jesus as declared in the scriptures. This was an unheard of departure from the tradition of baptising in the name of the Father, Son and Holy Spirit. Hundreds of people benefited from this, however, and Water Baptism services were a regular part of the life of the Church.

1966 brought a revelation about Covenant and the fact that it was possible for men and women to have an acknowledged covenant relationship with Yahweh today. Understanding about the place of the Nation of Israel in Yahweh's ongoing purposes, the truth of the Olive Tree (Romans 11), and a growing awareness of the Hebraic roots of our faith was being established in people's lives.

Following this The Congregation was launched into a decade of restoration - the use of God's personal name (Yahweh), and the real name of His Son (Yahshua), the seventh day Sabbath and the Feasts of Yahweh as outlined in Leviticus 23. This was quickly followed by holiness and sanctification.

With a desire to propagate the full Gospel of the Kingdom, The Congregation set up a small printing works from which it began to produce a variety of literature which was distributed across the world. This laid a foundation for all the future printing and publishing needs of The Congregation.

The Congregation has always been keen to share the message with people from all walks of life at home and abroad. This has resulted in establishing congregations in Jamaica Malawi and Kenya, and creating ties of fellowship with brethren in Norway, Denmark, the USA, Canada, Rwanda, Myanmar, South Africa, Puerto Rico and India.

Main Objective:

The primary objective of The Congregation, in response to Yahshua's commission (Matthew 28:19-20), is to proclaim the Gospel; win souls and build the Kingdom wherever Yahweh's Spirit leads, and the three parts of the Leadership Team work together to achieve this.

The Ark (and Food Bank)

Our food bank is run differently from most in the community, as we are coming at this from a Biblical perspective of feeding those who are without. We take self-referrals as well as referrals from organisations and we have seen, first-hand, the desperate situations some people are in. A small team has been delivering food parcels, and we have been able to pray with and for people and give Bibles out. We put gospel tracts in each parcel.

We have been faithfully reaching out to the community, asking for support both financially and for food donations. We have used some of the donation of £20,000 we received at the end of 2021 to help us purchase a second-hand delivery vehicle and undertake activities for the community. We are extremely grateful, and this will go a long way in supporting the Food Bank.

Reaching out to the homeless is something we felt we needed to do so we have made up bags to be handed out. Individuals who want to be involved with this can put them in the boot of their car so that when they are out and about, they can hand the bags out to the homeless.

THE CONGREGATION OF YAHWEH
Trustee's Report for the year ending 31st December 2022

Unfortunately we had to temporarily close the Foodbank in April 2022 so we could ensure all our volunteers were appropriately trained and obtained food hygiene certification and the Foodbank was formally registered with the Council Environmental Health Service. There are now 7 volunteers trained in Basic Food Hygiene and Allergens, which is impressive. Since reopening the take up has been slow so we are continuing to rebuild connections with the various organisations we are familiar with. We have been successful in securing a grant from the council which enabled us to restock our shelves and to purchase Tesco vouchers to give out to struggling people/families. We believe the foodbank will reach many within our community in one way or another and this will help to pave the way for the gospel to be shared with many.

International Development

During the year we sent two ministers to reaffirm connections with our international sister fellowships in Jamaica and to explore new connections with churches in Puerto Rico at a financial cost of approximately £7,018.

Risk Management:

The Trustees have ensured that a suitable system of internal control and risk management processes and procedures are in place to mitigate the major risks that The Congregation faces. This includes issuing guidance on the counting and banking of any cash donations, including ensuring that two independent people perform this task and that all monies are banked as soon as is practicable. A system of budgetary control is in place, and this is reviewed by Trustees and the National Overseer monthly as well as updated procedures for expenditure authorisation. There is a monthly fraud review and examination of accumulated large financial donations. In line with HMRC and Charity Commission guidance the Trustees have paid particular attention to any support it gives to overseas churches, retaining evidence of how funds have been expended and ensuring it is only used for charitable and the purposes intended.

Reserves Policy:

The level of normal reserves held is to be sufficient to continue to pay all staff for three months and three times the average monthly spend on budgets. Cash not needed for immediate discharge of liabilities is retained either in short term bank deposit accounts or an account that is fixed for 12 months. Any funds more than this can be added to our investment portfolio on the advice of our advisers. During the year we added £60k to our investments.

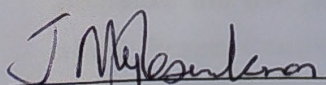

Financial Review:

General donations, which also includes trading, rental, and investment income (£171,448) were £2,980 less than the amount received in 2021 (£174,428), which was a 1.7% decrease and most likely a reflection on the cost-of-living crisis that many people are facing. General spending has decreased by almost 10% to £147,329 from £163,655 in 2021.

The Trustees are aware that the value of investments will always fluctuate and are mindful that these must be viewed over an extended period. In the 2022 the value of the investments decreased by £24,873. This reflects the general state of investments portfolios due to the ongoing high levels of inflation and poor economic growth worldwide. During the year the Trustees changed the ways our investments are managed and are hopeful that a more responsive and quicker review of our holdings will result in benefits for the Congregation's finances.

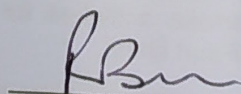

Appreciation:

We value and are extremely grateful for the unceasing support of the members of The Congregation of Yahweh, as volunteers, who give so much of their time, energy, finances and help. Without this input, The Congregation would not be able to function.

THE CONGREGATION OF YAHWEH

Notes to the Financial Statements for the Year Ended 31 December 2022

1. Accounting Policies

The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value. The financial statements have been prepared in accordance with the Charities Act 2011, Statement of Recommended Practice (SORP), "Accounting and Reporting by Charities" and applicable accounting standards.

- a) Branches which are non autonomous are included in the full accounts. Branches in England are regarded as autonomous and are considered to be connected charities.
- b) All voluntary income is accounted for gross when receivable, as long as it is capable of financial measurement. This includes gifts in kind, included at estimated valuation. Trading income is included net of value added tax.
- c) Resources expended, including grants, are accounted for gross when payable. Resources expended includes costs of the activities and depreciation on related assets. Where such costs relate to more than one functional cost category they have been split on either an estimated time or floor space basis, as appropriate.
- d) Tangible fixed assets are included at cost or valuation, valuation being cost plus the estimated cost of improvements: there are no uncapitalised tangible fixed assets.
- e) Depreciation is provided to write off the cost or valuation of all fixed assets over their expected useful lives. It is calculated at the following rates:

Freehold land and buildings	2% per annum on cost
Plant and machinery	10 – 20% per annum on cost
Fixtures and fittings	10% per annum on cost
Computers	20% per annum on cost
Website	Over a period of 3 years

- f) Investments are stated at market value at the balance sheet date. The Statement of Financial Activities includes the net gains and losses on revaluations and disposals throughout the year.
- g) All trading stocks are valued at the lower of cost and net realisable value. All other stocks have been estimated at their net realisable value.
- h) Designated funds are funds set aside for specific purposes by the Trustees. Restricted funds are funds subject to specific trusts declared by the donor or created through legal process.
- i) Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against resources expended as incurred.

The Legacy Fund consists of a legacy left to the charity in the will of a longstanding member primarily (but not exclusively) to be used for professionally recording the Songs of the Congregation and getting them into the public domain.

The International Development Fund aims to provide financial support for those asked to visit churches or mission projects overseas; to provide resources and literature to train members of likeminded overseas congregations; to supply bibles, food, water and medicine to countries currently in fellowship with CoY UK.

The Building Fund consists of donations towards the refurbishment of the Charity's properties on Carlton Road, Nottingham.

The ARK Food Bank Projects Fund consists of a donation from one individual to be used for the Ark Food Bank and its projects. It has been kept separate in case that person wishes to see how the money has been used.
