## Achievements and performance

# Summary of the main achievements of the charity during the year

This year we have basically consolidated the business and are seeing a consistent return in both sales and profits.

The additional shop has been refitted during the year to maximise space for seasonal and electrical goods. We have a 5 year lease with a 3 year get out clause.

The storage facility is on a monthly pop-up rent and has been very effective as a base of operation for stock rotation, social media sales, and ebay. We are looking to find a more permanent solution as we only have availability until next year.

We are currently employing four people with a total of 56 hours and are using a self employed consultant to cover ebay sales for 6 hours per week. This is considerably more employment provided than last year.

We now have an effective management team in place and have a good set of procedures in place.

We now have around 10 regular volunteers.

We have made contributions to local events that fit with the objectives – in particular the lantern parade, the Christmas Festival and the Repair Cafe.

We have received an enquiry about seed funding another Scrapstore based on our model.

Section E	Financial review
Brief statement of the charity's policy on reserves	The funds are very healthy at the moment. We intend having sufficient reserves to allow for 1 years trading expenses and a startup fund for additional shops. Otherwise we look to finance good causes that fit with our objects.
