

ANNUAL REPORT FOR YEAR ENDING 31 MARCH 2023

Introduction

SWFT Charity is an administered and managed by the Corporate Trustee South Warwickshire NHS Foundation Trust (the Trust), in order to enhance NHS services. SWFT Charity (Reg No. 1056424 England & Wales) is an umbrella charity for 32 charitable funds. The Charity is responsible for managing a range of funds including:

- Sprinkle Some Magic
 - Cancer Fund
- Leam Neurological Appeal Fund
 - Heart Care Fund
 - Ellen Badger Fund
 - Special Care Baby Unit Fund
 - Palliative Care Fund

The Role of the Charity

SWFT Charity exists to deliver public benefit by enhancing the care, treatment and facilities of patients, families and visitors accessing services at South Warwickshire NHS Foundation Trust. The charity also invests in staff training and wellbeing as it recognises that through improved staff wellbeing, patients receive a higher standard of care. Through charitable giving and fundraising, the Charity aims to provide valuable support above and beyond those provided by NHS core funding. The charity works alongside our NHS colleagues to identify and deliver projects that benefit the patients and families. We also work closely with many local individuals, corporates and community groups to help make a difference.

The key aim of the charity is to help "Sprinkle Some Magic" in specific ways including:

- Providing additional medical equipment to enhance patient care and experiences.
- Funding the enhancement of patient, family and staff facilities.
- Supporting and investing in staff wellbeing and also development, funding training above and beyond mandatory requirements.

We are able to offer support in these areas through income generated in the following ways:

- Donations
- Fundraising
- Legacies and In Memory Giving
- Grant writing
- Corporate partnerships

Management

The Charity has a Fundraising Team, which comprises of two fulltime staff members, a Fundraising Manager and a Fundraising Coordinator. The team, managed by the Head of Communications and Fundraising of the Trust, are responsible for the coordination, management and reporting of appeals as well as providing support and advice to staff on the Trust's wards and departments about their individual income generation activities. The team act as the public interface and day-to-day contact for donors and fundraisers. They are also responsible for promoting and marketing the charity in the wider local community. All fundraising staff are employed by the Trust and the costs are recharged to the Charity.

Within the Trust's Finance Team, there is a designated Charitable Funds Finance Officer along with a Finance Manager who also supports work on the finances. The team is responsible for the maintenance of accounting records and administration of funds. These salaries costs are also recharged back to the Charity.

2022-23: The year at a glance

As we emerged from Covid restrictions, SWFT Charity was able to run some traditional fundraising events throughout the year. These included a resumption of the SWFT Charity It's a Knockout, Skydives as well as additional events such as The SKY Walk, Snowdon challenge and a Firewalk with support from staff fundraising events within their wards and departments. These events and challenges have introduced new supporters and donors.

Successful applications to Charitable Trusts and Foundations have made it possible to support and complete a large and varied range of areas. A few examples include: The refurbishment of the ITU Family Room, Privacy Screens for Community Palliative Care Patients, Falls Alarmed Prevention Beds, refurbishment of two Quiet Rooms at Leamington Spa Hospital, the creation of a Kitchen Garden at Stratford Hospital, MacGregor Children's ward through the recent "Young Mind Matters" Appeal, mobile ECG machines for community and wards. Through the application process, strong, ongoing relationships have been developed with many of the local, regional and national funders.

In addition, SWFT Charity partnered with local solicitors Wright Hassall who supported "Make a Will" during the month of September.

SWFT charity were proud to be part of Pride day which was a huge success creating awareness for the charity and NHS.

As always the charity had some amazing support from the community throughout the year and we are incredibly grateful to everyone who helped us.

How You've Helped!

Jo Parsons for completed a half marathon in aid of Warwick Hospital's Intensive Care Unit, and raised an amazing £740 (plus £158 Gift Aid) in memory of her late mother.

The ladies team at Hellidon Lakes Golf Club generously donated £596.73 to our Cancer Services Fund.

Anne Hughes, Renée Dos-Santos, and Chris Hughes donated a cheque for £500 from a ladies night which sounded like lots of fun to raise the money for our Breast Care Team.

The Stratford Town Walk have supported our charity for years now, and this week donated another £1,000 as part of their 20th Anniversary celebrations, for which we pass on our sincere congratulations! or their continued support of the Rigby Unit at Stratford-upon-Avon Hospital.

Jenny Cunningham, raised a fantastic £2,243 for our Intensive Care Unit. In September, Jenny ran the Thames Path Challenge 50km Ultra Marathon! This was her first attempt at this huge distance. She chose to raise money for the ICU after they cared for her father a few years ago.

Simon Redshaw and all at Shipston Excelsior Football Club for an incredibly generous donation of £500 towards Warwick Hospital's Breast Care Unit. The club decided to donate to the unit after they cared for Simon's wife, Sharon.

Karen Brittain completed the Two Castles Run on behalf of SWFT Charity, she raised over £200.

A huge thank you to fundraiser Geof Gould who had raised £1,000 for our Intensive Care Unit Charitable Fund by holding a disco. Geof organised the fundraising disco two years after spending seven days in a coma as a result of a nasty fall. Geof who was given a slim chance of surviving after suffering a nasty fall has thanked the hospital staff who helped to save his life.

Emma Wreford-Bush, who has been an incredible supporter (along with her family and friends) of our Intensive Care Unit, who looked after her brother, Pete. Emma took on the SWFT Charity Skydive and had an "amazing experience". She raised a fantastic £770.00 for the unit.

SWFT Charity Fundraising Events

As national restrictions eased during 2022/23, the Charity were able to once again host events. This included a new Staff Fundraising event: SWFT Charity's It's a Knockout, where teams of 10 entered for a fun filled day of inflatable obstacle related challenges while raising money for their chosen wards and departments.

SWFT Charity took a team of people from Warwick Hospital to Mount Snowdon on Saturday 25th June 2022. With over 20 participants taking part, the charity challenge raised £6,448.73 towards the Young Minds Matter Appeal.

It's a knockout took place on Saturday 3rd September and raised £4180.00. This was a fantastic staff fundraising event. It was a great opportunity to raise awareness of the charity amongst Trust staff and supported team building and wellbeing.

A Fire Walk was organised on Thursday 2nd March with all fundraising towards the Young Minds Matter Appeal. Over 21 participants took part and raised £4,053.84.

Young Minds Matter Appeal

In March 2022, SWFT Charity launched the Young Minds Matter Appeal, which aims to raise £350,000 for an array of new facilities on Warwick Hospital's MacGregor Ward, with the focus on enhancing care for children with mental health conditions.

The plans for the development include a new playroom and activity area, an adolescent recreational space, a sensory room with specialist equipment to allow children to decompress away from the busy ward, and a bereavement suite / quiet room.

The project has been prompted by the increase in young mental health patients admitted to the ward since the start of the COVID-19 pandemic. The development is underway, and fundraising has gone off to a great start.

A significant growth in the grant application process during the "Young Minds Matter" Appeal in support of Macgregor Children's ward enhancements, has received some success from grants which have been awarded to support the redevelopment, such as; King Henry VIII Foundation Trust, Wallace and Grommit Foundation, Garfield Weston, Arnold Clark Foundation along with SWFT Clinical grant.

Management of the Charitable Fund

Organisation Structure

Under the terms of the Trust Deed, the SWFT Charity is administered and managed by the Corporate Trustee, South Warwickshire NHS Foundation Trust, with Mr. Glen Burley as Chief Executive. Therefore, the Charity Trustee comprises of the Executive Directors and Non-Executive Directors of South Warwickshire NHS Foundation Trust and is appointed in accordance with the Foundation Trust's constitution (see Appendix A for details of the Directors). Trustees meetings are held on a quarterly basis.

Members of the Charity Trustee receive Trust induction and training, in conjunction with Trust's Constitution, policies and procedures that are made available to them. The Trustee is aware of the Charity's Commission's publication on public benefit, and this guidance is adhered to when making decisions.

A Fundraising Manager and Fundraising Officer are in place and are responsible for liaising with staff, patients, visitors and external stakeholders to encourage fundraising across the SWFT Charity. The team are overseen by the Head of Communications and Fundraising. Throughout the year the team implemented a number of campaigns to raise awareness of SWFT Charity and this is across the wide range of channels including social media, posters and press releases to publicise fundraising activity.

SWFT Charity has made considerable progress by developing a proactive approach in all areas. Following increased activities across a range of channels, the charity profile has grown resulting in higher awareness of its purpose and role, both internally and externally. Through an appreciation for the services provided by the staff at SWFT, there has been a considerable increase in the number of stakeholders who donate, host in aid of events or participate in the charity's programme of events and initiatives. This has led, along with the recent support from the NHS Charities Together grants, to an increased income profile.

Some notable developments over the last three years include:

- The establishment of the Charity Hub, helping to create a physical presence within a public area, enabling patients and families, visitors and staff to engage with the charity team.
- The inception of an extensive events calendar, providing a wide range of different challenges and opportunities for supporter engagement.
- The building of strong relationships with staff across the Trust to identify team needs and requirements.
 This has led to significant increases in the amount of fundraising undertaken by staff. Through the enthusiasm for ward/departmental/service fundraising, a Charity Champions Group has been established with individual staff members acting as ambassadors, acting as an invaluable link between the charity and their individual teams.
- Extending donation opportunities through the introduction of online payment card facilities along with the
 installation of contactless payment devices on hospital sites. These advancements have helped simplify
 the giving process for supporters.

Decision Making

Prior to committing the Charity to expenditure, a detailed description must be given on a Charitable Expenditure Form and approval is given when all of the criteria are attained. The financial limits are as follows:

Up to £5,000

Between £5,000 and £15,000

More than £15,000

Fund Manager

Chief Executive & Managing Director

Trustee

Applications for items above £15,000 which are made between Trustee meetings can be authorised by the Managing Director and Director of Finance jointly. These applications are subsequently taken to the Trustee meeting for confirmation at the next available meeting.

Unauthorised forms, or those only containing one signature, are returned to the originator for authorisation before any payment is made.

Sources of Funds

The main sources of funds to the Charity continue to come from three main sources namely:

- Donations from member of the public e.g. patients/relatives/friends/local organisations (local schools, community groups etc.)
- Legacies
- Grants from other organisations

The Charity recognises the importance of all these sources of income and works hard to build relationships with both the local community and grant making trusts in order to maximise income.

Donations/Legacies Processes

By working closely together, the Fundraising and Finance teams have developed and streamlined the process for dealing with donations. This process has been facilitated and enhanced through the use of the Harlequin CRM system. All communication between the charity and supporters are recorded and stored on the database. A proactive and routine approach is also in place to reclaim Gift Aid on all donations, whenever possible. Regular monthly meetings are held between the two functions.

In addition to donation envelopes now being present on many of the wards/departments within the Trust, a number of bespoke charity displays have been added over the last year outside wards and on hospital corridors. These additional graphics provide information and highlight how to make donations / obtain fundraising information and include full charity contact details. Visitors to the Warwick hospital site will also find pop up banners advertising the new charity hub and where to find it.

General Data Protection Regulator (GDPR)

The Charity complies with GDPR and is able to assure our supporters that

- SWFT Charity does not sell the names, addresses or data of supporters
- SWFT Charity does not use commercial participators
- SWFT Charity does not use third party fundraising agencies to sign up donors on the street, or to contact donors at home or at their workplace

The Charity has not received any complaints about its fundraising activities during the year

Charitable Purchases

Some of the purchases made during 2022/23 can be viewed below

The Bard Site Rite 5 Sonogram Machine Ultrasound System is a portable, lightweight, real-time medical ultrasound system dedicated to imaging and accessing vasular structures. This aids clinicians with finding veins to make this process as easy and comfortable for patients as possible. This equipment was partially funded by the Rotary Club of Warwick.

Warwickshire Masonic Lodge donated £2,000 towards Portable privacy screens (Kwik Screens). These screens, depicting beautiful landscapes and pleasant scenery were purchased for the Palliative Care Team to bring some comfort at the bedside for end-of-life patients.

Art work provided between Mary and Victoria Ward to brighten the area and support patient wellbeing.

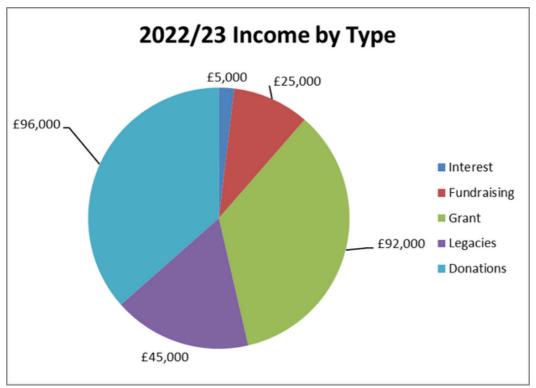

A realistic BLS manikin for paediatrics to improve training quality, leaner engagement and classroom efficiency.

The equipment enhances training for staff in Community Children's Nursing Team, which provides essential knowledge of how to use an AED with the opportunity to practice this in a controlled training setting.

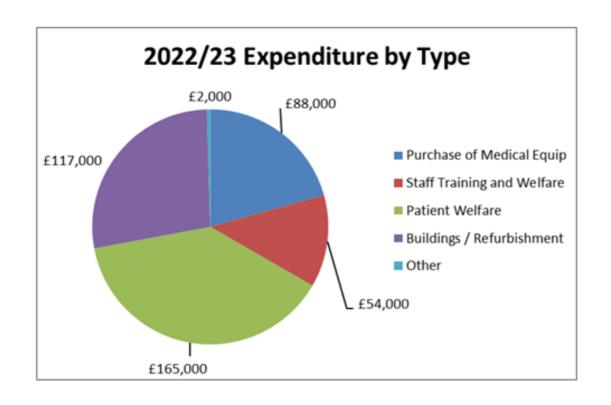

Financial Report

During the year, the charity received funds totalling £263,000 from donations, legacies, grants, fundraising activities, and interest. A breakdown of the various income streams is displayed below:

The Charity's expenditure mostly took the form of grants made payable to South Warwickshire University NHS Foundation Trust. The diagram below displays a breakdown of the areas of the £426,000 grants awarded.

The remainder of the charitable expenditure reported in the accounts relates to support cost allocations (£42,000) and fundraising costs (£113,000).

Financial Activities for the year					
	2022/23	2021/22			
	£000	£000			
Income					
Donations	96	126			
Grants	92	227			
Legacies	45	13			
Fundraising Activities	25	26			
Bank Interest	5	-			
Total Income	263	392			
Expenditure					
Charitable Expenditure	(457)	(532)			
Fundraising Costs	(123)	(76)			
Total Expenditure	(580)	(608)			
Net Movement	(317)	(216)			

As of 31 March 2023, the Charity has total funds of £940,000 split across the two classifications of funds as follows:

Restricted: where the donation has been made for a specific purpose – this usually applies to legacies and appeals. The balance at 31 March 2023 was £253k (31 March 2022 £269k)

Unrestricted: where the donation was general and is therefore available for any charitable purchase. The balance at 31 March 2023 was £687k (31 March 2022 £988k)

The Charity tries to manage funds in such a way as to ensure that there is flexibility over their use, as this ensures that small balances do not remain unused. As such restricted funds are kept to an absolute minimum. However, it is also very important to the Trustee that donors' wishes are complied with wherever possible.

Balance Sheet as at 31 March 2023					
	31-Mar-23	31-Mar-22			
	£000	£000			
Assets		Restated			
Current Assets					
Debtors	26	1			
Cash at bank and in hand	1,652	1,417			
Total Current Assets	1,678	1,418			
Current Liabilities					
Creditors	(738)	(161)			
Total Net Assets	940	1,257			
Funds of the Charity	1				
Restricted Funds*	253	317			
Unrestricted Funds*	687	940			
Total Funds	940	1,257			

^{*}Restated due to movement of £48,000 relating to Young Minds Matter appeal from Unrestricted to Restricted funds.

Plans for 2023/24

Over the coming year, we plan to continue to dedicate resource to grant writing. We will be approaching a number of Trust and Foundations, requesting funding support for a range of projects identified through working closely with our Trust colleagues. As we start to emerge from the pandemic, we also have a number of events planned. These are as follows:

- It's a Knockout Challenge (Staff-only)
- Sky Walk Sponsored Walk, raising funds for the Orthopaedic Fund
- NHS Market Takeover
- Warwick Half Marathon
- Hadrian's Wall Challenge Trek

Other areas of focus for the SWFT Charity Team during 2023/24 will include:

- ·Working with local businesses to secure partnerships
- ·Grow our charity brand attending business networks, such as BNi, Chamber of commerce and locally run networking groups;
 - ·Continuing to grow the supporter base, both by maintaining relationships with existing supporters while developing and supporting new volunteers
- Running regular giving campaigns throughout the year via social media platforms
- ·Continuing to focus on developing a full legacy programme
- ·Building on earlier success to expand the number of staff ambassadors within the Trust ("SWFT Charity Champions")
- ·Working with Volunteer Coordinators to set up "Friends of SWFT Charity" volunteering groups
- ·Celebrating NHS 75th birthday by hosting a variety of events and raffles;
- ·Taking part in Pride and various events which will create awareness for SWFT charity.

During 2023/24, the Charity will continue to respond to the needs of staff and patients post-Covid. The Charity also aims to continue to increase the impact it has for the local community. The team will continue to work in partnership with NHS staff, to enhance the treatment of patients within the Trust. We will also continue to use all donations received for all charitable funds effectively.

Policies

The Funds Objectives and Procedures for the Deployment of Resources

The Charity's objectives are set out in the Trust Deed and state that monies collected can be applied to any charitable purpose or purposes relating to the National Health Service. The Charity is used for the public benefit by providing enhanced patient care facilities and equipment and supporting staff in their work to provide the best healthcare possible

The Charity's Investment Policy and withdrawals from the Charity are determined by the Trustee. Expenditure can only be incurred following the submission and subsequent approval of a "Request for Use of Donated Monies" form by a member of staff in accordance with the Trust's Standing Financial Instructions.

With the exception of restricted funds, the objectives and aims of charitable funds expenditure is to be in line with one or more of the following priorities:

- The enhancement of facilities for patients, carers or staff, where this would be in addition to the provision ordinarily afforded by the NHS;
- The purchase or replacement of equipment, where this would be in addition to or in advance of the provision otherwise afforded by the NHS, and
- For the training and development of staff employed by the Trust, where this would be in addition to the provision ordinarily afforded by the NHS.

Spending priorities are reviewed annually by the Trustee.

The Trustee reviews the overall spend of the Charity on a quarterly basis to ensure that spend continues to support the objectives above.

Reserves

Trustee has a general policy not to accumulate funds in reserves but to utilise donations in accordance with the wishes of the donor as soon as is practically possible. The Charity does not have a specified target level of revenue or reserves. However, the Trustee is currently reviewing policies and will consider this aspect within the revised policy. Accumulated reserves at 31 March 2023 were £940k compared with £1,257k at 31 March 2022.

Each year, managers of individual funds are asked to submit spending plans for the funds under their control and these are reviewed by the Trustee. Part of this review is to ensure that funds are used in the most appropriate way and in a way that is consistent with the overall planning process for South Warwickshire University NHS Foundation Trust. As such there will be occasions where balances are built up to cover a larger item of equipment etc. Financial reports are prepared for individual ward managers / heads of department and monitoring reports are prepared for the Trustee meetings in order for them to discharge this review process.

Managing Risk

South Warwickshire NHS Foundation Trust has in place risk and governance policies in line with guidelines issued by the NHS.

The key risks associated with the SWFT Charity are in the main financially orientated. These risks include:

- Failure of financial processes resulting in unauthorised or inappropriate use of charitable funds.
- Reductions in income (donations) coupled with high commitments in respect of expenditure.

Risks surrounding charitable funds are reviewed by the Charitable Trustee during the year. In particular the following measures are in place:

- All transactions are properly authorised and recorded through a separate accounting package;
- Authorised signatory lists are maintained and there are clear lines of separation of duties;
- Financial statements are produced and distributed to budget holders;
- Financial reports are prepared and reported to the Trustee Meetings;
- Accounts are prepared by experienced members of the finance team and an external audit is undertaken by Deloitte LLP; and
- An internal audit was carried out during 2020/21 and reached an opinion of significant assurance on the operation of internal controls in connection with the Charitable Funds.
- Fundraising manager employed reviews income strategy on an annual basis to maximise opportunities for grants and appeals.

Management Renumeration

No members of management are remunerated for their work relating to the charitable fund.

Related Parties

Patients of the Trust are the main beneficiary of the Charity. The Trust is the immediate parent and the Department of Health is the ultimate controlling party for the Trust. The Charity incurred charitable expenditure relating to the Trust, in the furtherance of its charitable objectives. During the year none of the members of the NHS Board of Directors' or senior NHS Trust staff or parties related to them were beneficiaries of the Charity. Related Party Transactions are subject to the same controls as any other expenditure

Going Concern

Expenditure is only authorised after it has been ascertained that there are sufficient funds within the individual charitable fund to support the expenditure. In addition, the Trustee asks fund managers to submit annual spending plans.

The Trustee therefore has a reasonable expectation that the Charity has adequate cash reserves to continue in operational existence for the foreseeable future being a minimum of 12 months from the date of signing the accounts. For this reason, they continue to adopt the going concern basis in preparing these accounts.

Trustees' Statement of Responsibilities

The trustees are responsible for preparing the Trustee's Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102"The Financial Reporting Standard applicable in the UK and Republic of Ireland".

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Signed on behalf of the trustee:

Glen Burley - Chief Executive

Date: 31 January 2024

SWFT CHARITY

ANNUAL ACCOUNTS

for the year ended 31 March 2023

Independent auditor's report to the trustees of SWFT Charity

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of SWFT Charity (the 'charity'):

- give a true and fair view of the state of the charity's affairs as at 31 March 2023 and of incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the Charities Act 2011.

We have audited the financial statements which comprise:

- the statement of financial activities;
- the balance sheet:
- the statement of cashflows;
- the related notes 1 to 18.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 145 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the charity's industry and its control environment, and reviewed the charity's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management, and the trustees about their own identification and assessment of the risks of irregularities, including those that are specific to the charity's business sector.

We obtained an understanding of the legal and regulatory framework that the charity operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included the Charities Act, Charities (Accounts and Reports) Regulations 2008, tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the charity's ability to operate or to avoid a material penalty. These included the Charity Commission regulations, and Fundraising

We discussed among the audit engagement team regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

As a result of performing the above, we identified the greatest potential for fraud or non-compliance with laws and regulations in the following areas, and our procedures performed to address them are described below:

- completeness of donation, legacy and grant income. To address this risk, we have tested a sample of legacy and donation income from source records to their supporting evidence, including bank statements and board minutes, and recorded income, and assessed the classification of the income as either restricted or unrestricted; and
- classification of funds between restricted and unrestricted. To address this risk we have tested a sample of restricted income and expenditure to their supporting evidence to assess whether they have been classified appropriately.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business. In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance, and reviewing correspondence with Charity Commission.

Report on other legal and regulatory requirements

Matters on which we are required to report by exception

Under the Charities (Accounts and Reports) Regulations 2008 we are required to report in respect of the following matters if, in our

- the information given in the financial statements is inconsistent in any material respect with the trustees' report; or
- sufficient accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports)
Regulations 2008. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Ben Sheriff Deloitte LLP Statutory Auditor St Albans, United Kingdom 31 January 2024

Ber Shaff

Deloitte LLP is eligible for appointment as auditor for the charity by virtue of its eligibility for appointment as audit of a company under section 1212 of the Companies Act 2006.

Notes on the accounts

1. Accounting Policies

(a) Basis of preparation

SWFT Charity is governed by a Trust Deed and is administered and managed by the Corporate Trustee, the South Warwickshire NHS Foundation Trust (SWFT). The Charitable Fund operates as a public benefit entity.

The accounts have been prepared under the historic cost convention.

The financial statements have been prepared in accordance with the Statement of Recommended Practice "Accounting and Reporting by Charities (SORP 2019)" applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), effective 1 January 2019; and the Charities Act 2011.

The principal accounting policies are set out below.

(b) Funds structure

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by the donor. Where the restriction requires the gift to be invested to produce income but the Trustee does not have the power to spend the capital, it is classed as permanent endowment.

Unrestricted income funds comprise those funds which the Trustee is free to use for any purpose in furtherance of the charity's objectives. Unrestricted funds include designated funds, where the donor has made known their non binding wishes or where the Trustee, at its discretion, have created a fund for a specific purpose.

The major funds held in each of these categories are disclosed in note 17.

(c) Income

All income is recognised once the Charity has entitlement to the resources, it is probable that the resources will be received and the monetary value can be measured with sufficient reliability.

Where there are terms or conditions attached to income, particularly grants, then these terms or conditions must be met before the income is recognised as the entitlement condition will not be satisfied until that point. Where terms or conditions have not been met or uncertainty exists as to whether they can be met then the relevant income is not recognised in the year but deferred and shown on the balance sheet as deferred income.

(d) Income from legacies

Legacies are accounted for as income either upon receipt or where the receipt of the legacy is probable.

Receipt is probable when:

- Confirmation has been received from the representatives of the estate(s) that probate has been granted;
- The executors have established that there are sufficient assets in the estate to pay the legacy; and
- All conditions attached to the legacy have been fulfilled or are within the charity's control.

If there is uncertainty as to the amount of the legacy and it cannot be reliably estimated then the legacy is shown as a contingent asset until all of the conditions for income recognition are met.

(e) Expenditure

Expenditure is recognised when a liability is incurred, goods and services are supplied. Grant commitments are recognised when a constructive obligation arises that result in payment being unavoidable.

Grants are only made to related or third party NHS bodies and non NHS bodies in furtherance of the charitable objects of the Charity. A liability for such grants is recognised when approval has been given by the Trustee and the grant communicated to the recipient. The NHS Foundation Trust has full knowledge of the plans of the Trustee, therefore a grant approval is taken to constitute a firm intention of payment which has been communicated to the NHS Foundation Trust, and so a liability is recognised.

Charitable expenditure is aggregated within the most appropriate category.

Contractual arrangements are recognised as goods or services supplied.

(f) Irrecoverable VAT

Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

(g) Allocation of overhead and support costs

Support costs are those costs which do not relate directly to a single activity. These include some staff costs, costs of administration, internal and external audit costs and IT support.

Support costs have been apportioned between fundraising costs and charitable activities based on the level of expenditure of each expenditure type.

(h) Costs of raising funds

The costs of raising funds are the costs associated with raising funds and holding events including staff costs which are recharged from SWFT.

(i) Charitable activities

Costs of charitable activities comprise all costs incurred in the pursuit of the charitable objects of the Charity.

(j) Debtors

Debtors are amounts owed to the charity. They are measured on the basis of their recoverable amount.

(k) Cash and cash equivalents

Cash at bank and in hand is held to meet the day to day running costs of the charity as they fall due. Cash equivalents are short term, highly liquid investments, usually in 95 day notice interest bearing savings accounts.

(I) Going Concern

Expenditure is only authorised after it has been ascertained that there are sufficient funds within the individual charitable fund to support the expenditure. In addition, the Trustee asks fund managers to submit annual spending plans.

The Trustee therefore has a reasonable expectation that the Charity has adequate cash reserves to continue in operational existence for the foreseeable future being a minimum of 12 months from the date of signing these accounts. For this reason, they continue to adopt the going concern basis in preparing these accounts.

(m) Financial Instruments

Financial assets and financial liabilities are recognised when the Charity becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a finance transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. The charity only holds financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due. Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account. Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Note 2. Critical Accounting Judgements and Key Sources of Estimation

In the application of the Charity's accounting policies, which are described in note 1, the Trustees are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The Trustees do not consider there are any critical judgements or sources of estimation uncertainty requiring disclosure beyond the accounting policies listed above.

Note 3. Analysis of Income from Donations, Legacies and Grants

Research	7	0	7
Other Expenditure	9	1	10
	495	37	532

Note 7. Role of volunteers

Volunteers play a valuable role across the Trust and in particular when supporting our Charitable Fund. As an unpaid resource, volunteers donate their time in a variety of ways including; helping at events, supporting with administration or hosting their own events and activities. The Trust is extremely grateful to all volunteers, their dedication and support helps us to generate more charitable income.

Note 8. Allocation of support costs

Support and overhead costs are allocated between fundraising activities and charitable activities. Governance costs are those costs which relate to the strategic management of the charity. Total governance costs are £9,120 (2021/22 £9,120).

	Raising Funds 2022/23 £000	Charitable Expenditure 2022/23 £000	Total Funds 2022/23 £000	Basis

Note 9. Trustees' remuneration, benefits and expenses

The charity's trustees give their time freely and receive no remuneration for the work that they undertake as trustees (in either year).

In addition, they have not received any expenses for costs incurred in fulfilling their duties (in either year).

Note 10. Auditor's remuneration

The auditor's remuneration of £7,600 +VAT for an audit (2021/22: £7,600 +VAT) related solely to the audit with no other additional work being undertaken (2021/22: £nil)

(Decrease)/increase in creditors	412	165	577	
NET CASH GENERATED BY OPERATING ACTIVITIES	168	67	235	(310) (420)

Note 15. Related Party Transactions

Patients of South Warwickshire NHS Foundation Trust (SWFT), the Corporate Trustee, are the main beneficiary of the Charity. SWFT is the immediate parent and the Department of Health is the ultimate controlling party for the Trust. SWFT's principal purpose is as a healthcare provider. The Charity incurred charitable expenditure, relating to SWFT, totalling £426k (2021/22 £494k) as detailed in note 6 in the furtherance of its charitable objectives. At the end of the year there was a creditor of £738k (2021/22 £161k), for charitable expenditure which had been incurred by SWFT. These transactions are unsecured and are payable upon demand. There was no debtor balance between the Charity and SWFT (2020/21 £nil). During the year none of the members of the NHS Board of Directors' or senior NHS Trust staff or parties related to them were direct beneficiaries of the Charity.

Aggregate donations received from related parties (SWFT and it's associated subsidiaries and joint ventures) totals £79,213 which were non exchange transaction donations.

Note 16. Transfers between funds

During the year the Rigby Award Fund has been revised to be a Restricted Fund. This led to a transfer of the £11,000 opening balance from Unrestricted to Restricted.

Funds were transferred from Sprinkle Some Magic to create a SWFT Financial Support Fund to support staff. These funds remain unrestricted.

Funds were transferred from Elective Care Fund to reestablish the SWORD fund to support the orthopaedic team. These funds remain unrestricted.

Note 16. Transfers between funds (cont.)

During 2021/22, the Trustee reviewed the quantity of funds and the values held with each. It was determined by the Trustees to best serve purpose of these funds a rationalization process must be performed. Smaller funds of similar purpose have been amalgamated during the financial year in line with Charities Act 2011 reducing the quantity of funds managed.

The note below demonstrates which historic funds have been amalgamated and the new resulting funds.

We have identified a classification error of grant income £48,000 which should have been recognised as restricted income in the year ended 31 March 2022. These funds are for the Young Mind Matters appeal to improve specific facilities within the MacGregor ward at Warwick Hospital but was incorrectly included in general MacGregor Ward fund. This does not impact the overall financial position of the charity.
