COUNCIL MEMBERS' REPORT
FOR THE YEAR ENDED 5 APRIL 2016

The Council members (who are also directors of the charity for the purposes of the Companies Act) present their annual report together with the audited financial statements of Balcarres Heritage Trust (the company) for the ended 5 April 2016. The Council members confirm that the Annual report and financial statements of the company comply with the current statutory requirements, the requirements of the company's governing document and the provisions of the Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard for Smaller Entities (effective 1 January 2015).

Since the company qualifies as small under section 383, the strategic report required of medium and large companies under The Companies Act 2006 (Strategic Report and Director's Report) Regulations 2013 is not required.

Objectives and Activities

a. POLICIES AND OBJECTIVES

The principal objects and activities of the charity are the preservation for the public benefit of the collection of books, incunabula, manuscripts and other papers in the ownership of Lord Balmiel and situate at Balcarres House, together with pictures, statues, furniture, plate and other articles acquired by the charity for any interest and to promote the study and appreciation of these works of art or objects of historical interest, the preservation for the public benefit of Balcarres House, together with its ancillary buildings, gardens, parkland and adjacent land, to advance the education of the public in the arts and sciences and to provide the grounds and conserving the assets in its care, purchasing assets having a connection with Balcarres, lending works of art for exhibition, etc, and maintaining the house and gardens.

b. STRATEGIES FOR ACHIEVING OBJECTIVES

In order to promote the advancement of the arts, heritage and culture the Charity has had a longstanding policy of, where possible, making their collection of works of art and collections of books and papers more accessible to the public either by long term loans or to temporary exhibitions organised by national institutions. The longstanding loans of a considerable number of paintings to the National Galleries of Scotland have been continued and these remain available to be seen by the public free of charge.

Another purpose of the Charity is the advancement of education. Previous reports have demonstrated scale of the printed and manuscript collections deposited on loan and made available for research in the National Library of Scotland (NLS). These continue to be frequently consulted by academics, scholars and writers. Over the years the Charity has been involved in digitising some of the collections in order for a greater number of individuals to gain access to them from all over the world.

The house is open to the public for a specified number of days but is available to be visited by organised groups throughout the year. The garden is also open for six months but is also open to organised groups throughout the year.

Achievements and performance

a. REVIEW OF ACTIVITIES

Over the past few years the Trustees have made considerable efforts to make their collections more readily available to public access in order to satisfy the two main objectives of the Charity, being the 'advancement of education' and the 'advancement of the arts, heritage, culture and science'. In the year under review the Council have continued with their long standing loan of several important paintings to the National Gallery of Scotland. The Trustees would like to thank the Directors and staff of the National Galleries of Scotland for the care they take as custodians of some of the Charity's assets and for making them available to the public free of charge.

A similar arrangement exists with the National Library of Scotland (NLS). Again the Trustees would like to thank the directors and Dr Graham Hogg and Kenneth Dunn who are both responsible for the care and administration

of the Charity's assets in their custodianship.

Much work is done in the NLS to promote the collections and in the year under review several items from the Charity's collections have featured in exhibitions. Material was provided for their winter exhibition 'Plague! A cultural history of contagious diseases in Scotland' which was seen by just over 63,000 visitors. In conjunction with the exhibition various items were also made available on the Learning Zone of the Library's website.

Other activity carried out by the NLS includes making the digitised texts of the Bibliotheca Lindesiana printed catalogues available via the Library's Digital Gallery on its website. The promotion of the Crawford English Ballad EB.1-1466 collection continues. In the past few years the Trustees allowed for low-resolution images, text transcriptions and, in some instances, sound recordings. These now appear on the English Broadside Ballad Archive (EBBA) website. In January these records were loaded onto the NLS main catalogue giving unrestricted access to the images, their transcription and some sound recordings sung by members of the EBBA Music Team.

The later ballads (EB.1467-) have been accessible through the Digital Gallery on the NLS website since 2012. There continues to be interest in this material with just over 20,500 'page views' in the year. This collection ranks in the top 25 of the NLS's ever expanding list of over 70 Digital Gallery features.

Additionally during the year there were a significant number of enquiries relating to family papers from academics, researchers, students and historians. This involved a great deal of voluntary work by a Member of Council.

In addition to its activities in the sphere of education and academic work the Charity has continued to maintain Balcarres House, its ancillary buildings and gardens and to conserve the works of art, books and furnishings held within the property.

On the conservation front a program of furniture restoration was put in place and excellent progress has been made. One painting underwent a significant amount of repair following flaking paint. In the garden a major restoration of the main fountain in the Rose Garden was carried out.

It has been another busy and eventful year with house visits and stays. In July the House was rented for 10 days over the Golf Open and in August a major international headhunting company rented the house for their annual Strategy Group. Other visitors included the St Andrews University Parents Graduation Tour, a Victorian & Albert Museum fundraising dinner and the annual St Andrews University Patrons visit.

b. INVESTMENT POLICY AND PERFORMANCE

REVIEW OF INVESTMENT PORTFOLIO ACTIVITY & PERFORMANCE

Provided by James Hambro & Partners LLP

6th April 2015 to 5th April 2016

Investors have enjoyed strong returns since markets' low point in March 2009 to their peak on 10th April 2015, just after the beginning of the period under review. Furthermore, the rise was largely free from significant setbacks and supported by evidence of a long, slow recovery in economic conditions as a result of a concerted quantitative easing programme by a number of central banks.

From that peak in early April, however, there have been repeated corrections in risk assets as a succession of geopolitical and macroeconomic concerns have come to the fore. The last year to 31st March 2016 saw the FTSE All World Equity Index fall by 0.5% and the UK All Share by 3.9%, whereas the UK All Stocks Gilt Index returned 3.3% (all figures are total return in sterling). Meanwhile, headline return figures were significantly influenced by currencies, notably the depreciation of sterling, and often masked an underlying disparity of outcomes within individual markets.

From a UK perspective, the past year has been bracketed by concerns over the European Union's (EU) relationship with its members; first with the tensions between Greece and its creditors and lately with the rising fears of a potential British exit from the EU. There were also wider worries of a Chinese economic slowdown,

weaker corporate earnings, low inflation and the diverging path of global interest rates to contend with. The price of oil reaching an eleven year low in January 2016, before starting to recover, added to the unease.

In such an environment we continued to believe that it is at least as important to avoid the pitfalls of those investments that have the potential to permanently lose you capital, as it is to identify and back the winners. We have had little exposure to commodities and emerging market equities, which served us well over the majority of the year, and avoided high yield and emerging market debt funds which we perceived to be overvalued. Instead, portfolio protection has been steadily increased over the past year. A modest reduction to our equity allocation was made, while we rotated away from more cyclically exposed stocks in favour of defensively orientated companies. Furthermore, we added to US treasuries, index-linked bonds, absolute return funds and cash; cash rose from 1.4% of the portfolio at 31st March 2015 to over 10% mid-way through the period under review, and has remained at elevated levels since that time.

Looking ahead, the outlook remains uncertain, not least because of the EU referendum vote and the US presidential election in November. Market valuations are neither conspicuously expensive nor obviously cheap, particularly after the 'catch-up' by assets that had underperformed in 2015: emerging markets, Asia Pacific, crude oil and mining shares for example. Bond-like proxies, such as the regulated utility and telecommunications sectors have also performed well, perhaps indicating the nervousness of investor sentiment, but also highlighting the continued attraction of income in a low interest rate environment. Central banks are unwilling to allow the gradual global recovery to falter by raising rates too quickly and we therefore continue to hold financially sound equities, offering good dividend growth prospects, at the core of our portfolios.

Overall the value of the portfolio fell 1.4% over the year to 5th April 2016. This is ahead of the composite benchmark index, which fell 1.6%, and the ARC Steady Growth peer group which declined 2.4%. Whilst disappointing to be down, it was reassuring to see that the defensive measures taken did help protect the portfolio in more uncertain times. As we look forward we maintain our cautious approach and will invest the cash balance once we feel more confident about the investment outlook.

Financial review

a. GOING CONCERN

After making appropriate enquiries, the trustees have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Accounting Policies.

b. RESERVES POLICY

All incoming resources of the charity are included in the unrestricted general fund for the year. The principal sources of income arise from investment income in respect of dividends, rental income and from donations. Total incoming resources of £235,430 have been received in the year and include donations from Lord Balniel of £16,502.

Total resources expended in the year are £231,762. These are primarily included in unrestricted general funds, except for investment management fees, which form part of the expendable endowment fund. Costs of generating funds also include the direct costs associated with let property held for investment purposes in the year. Costs of charitable activities of £182,105 include the costs of running and preserving Balcarres House and certain other properties used in furtherance of the charity's objectives.

The charity's investment policy is to hold funds in a medium risk strategy and in order to achieve a balance of income and capital growth but free from the imposition of moral or ethical constraints. At the year end the investment portfolio reported unrealised losses on the previous years valuation of £456,755. This balance is included in the charity's expendable endowment fund. Overall the net movement in funds was a decrease of £187,332, resulting in unrestricted funds of £727,787 and expendable endowment funds of £5,025,530 at the year end.

Structure, governance and management

a. CONSTITUTION

The company, which is a recognised charity in Scotland, is registered as a charitable company limited by guarantee and was set up by a Memorandum of Association on 18/02/1987. Each member guarantees the charity's liabilities to the extent of £100 in the event of the charity winding up.

b. METHOD OF APPOINTMENT OR ELECTION OF COUNCIL MEMBERS

The management and overall strategy of the charity is in the hands of the Council members. Council members are appointed by the existing Council such that the number of members of Council will not be less than 5 or more than 8. Council members hold office until the sixth Annual General Meeting following their election or re-election. Whilst there is no formal training or induction process place, the Council works within the guidelines of the Memorandum and Articles of Association.

The day to day administration of the charity is undertaken by Lord Balniel, a current Council member.

c. RISK MANAGEMENT

The Council members have assessed the major risks to which the company is exposed, in particular those related to the operations and finances of the company, and are satisfied that systems and procedures are in place to mitigate our exposure to the major risks.

Plans for future periods

a. FUTURE DEVELOPMENTS

The Charity will be lending four drawings by Winifred Knights for a major exhibition of her works to the Dulwich Picture Gallery, London which will take place from 8th June – 18th Sept 2016. The exhibition will tour the UK for several months after the Dulwich show.

The Charity will also be lending the painting Woman at her Devotions by Leandro Bassano to an exhibition at the Fitzwilliam Museum, Cambridge called Domestic Devotions: The Place of Piety in the Italian Renaissance Home. The exhibition will take place from 14th February 2016 – 23rd April.

Faber & Faber will be publishing a book by Stephen Taylor called The Life and Choices of Lady Anne Barnard. A very significant amount of information has been provided and much time spent assisting the author.

It is proposed to re-lay a section of cobble stones in the courtyard. This area is seen as a hazard when garden visitors arrive and from a Health and Safety perspective it is important that this work is completed.

give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the Council members are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgments and accounting estimates that are reasonable and prudent;

BALCARRES HERITAGE TRUST LIMITED
(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 5 APRIL 2016

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard for Smaller Entities published on 16 July 2014, the Financial Reporting Standard for Smaller Entities (effective January 2015) and the Companies Act 2006.

Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

1.2 Company status

The company is a company limited by guarantee. The members of the company are the Council members named on page 1. In the event of the company being wound up, the liability in respect of the guarantee is limited to £100 per member of the company.

1.3 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Council members in furtherance of the general objectives of the company and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the company for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

Expendable endowment funds are held on trust for the benefit of the charity as a capital fund. The Council has the power to convert endowed capital into unrestricted general reserves.

Net incoming resources are added to unrestricted funds other than those parts relating to the investment portfolio and other capital assets that the charity hold.

1.4 Income

All income is recognised once the company has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

For legacies, entitlement is taken as the earlier of the date on which either: the company is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the Trust that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the company has been notified of the executor's intention to make a distribution. Where legacies have been notified to the company, or the company is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

1.5 Expenditure

Irrecoverable VAT is charged against the expenditure heading for which it was incurred.

BALCARRES HERITAGE TRUST LIMITED
(A company limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 5 APRIL 2016

1. ACCOUNTING POLICIES (continued)

1.6 Tangible fixed assets and depreciation

Heritage assets are the tangible assets of the charity that are of historical importance and are held to advance the preservation, conservation and educational objectives of the charity. Due to the historic and unique nature of the assets concerned, conventional valuation approaches lack sufficient reliability and as a consequence the heritage assets are stated in the balance sheet at their original cost. As heritage assets have long expected useful lives, together with residual values, and most of them are loaned to the charity, they are not subject to depreciation.

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Land & buildings leasehold	-	straight line basis over the term of the lease (expires 2037)
Tools & equipment	-	20% straight line
Tractors & motor vehicles	-	25% reducing balance
Heritage assets	-	nil

1.7 Investments

Investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing quoted market price. The Statement of financial activities includes the net gains and losses arising on revaluation and disposals throughout the year.

1.8 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the company; this is normally upon notification of the interest paid or payable by the Bank.

1.9 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount repaid net of any trade discounts due.

1.10 Cash at Bank and in hand

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.11 Creditors and provisions

Creditors and provisions are recognised where the company has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.
