Section B Structure, governance and management

Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution
How the charity is constituted (eg. trust, association, company)	Trust
Trustee selection methods (eg. appointed by, elected by)	Elected at AGM with casual vacancies filled throughout the year as necessary

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The main object of the club is to promote sport and lifesaving to its members. The officials of the club meet regularly to ensure that the club is run effectively in accordance with our constitution. The club is affiliated to a governing body for the sport – Surf Life Saving GB and adopts and adapts many of the best practice governance and risk management policies and practices of the national body.

Our major risks are concerned with ensuring the health & safety of our members and the public particularly as our activities take place in the sea and in swimming pools; with safeguarding as most of our members are under the age of 18; and with finances as we collect subscriptions and fees from our members and handle public donations.

Each division of the club is run by the head coach for each section with support from volunteers.

We have a health & safety risk assessment officer, a safeguarding officer, and a Treasurer to help us ensure that all procedures are followed and that safety is paramount in our activities and that public funds are safeguarded. There is regular dissemination of information to parents and members.

The club fundraises for equipment necessary for the sport and lifeguarding activities that take place throughout the year.

Summary of the objects of the charity set out in its governing document

The aims and objectives of the club are:

1. To save lives by being pro-active through education and prevention or by rescue from the beach, in the area comprising St Ives and its immediate area.
2. To develop and promote lifesaving skills through sport
3. To enrich the lives of young lifesavers through fun, involvement and the acquisition of personal, lifesaving and competition skills in a safe aquatic and outdoor environment.
4. To develop and promote the education and instruction of water safety, life saving skills, resuscitation and First Aid.
5. Promote equality and be positive about diversity, challenging any discrimination, particularly on the grounds of Disability, Race, Gender, Sexual Orientation, Age, Religion and Belief.
6. To encourage the provision of facilities for people of all ages from within the community to participate in organised life saving as a vital, voluntary public service along with beach and water sports for enjoyment and recreation.
7. Organise competitions and fundraising activities to facilitate the above objectives.
8. The club will not be responsible for nor accept any liability what so ever, for personal / third party accident, injury, affray or damage caused outside of supervised club hours and activities.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The main activities of the club is coaching lifesaving to our members, and competing in lifesaving competitions. These activities take place in the sea and in swimming pools, and require lifesaving equipment such as boats, boards, paddles and fins.

Fundraising is to provide sporting opportunities for members of all ages by providing the necessary equipment needed to compete. We run the annual St Ives Biathlon.

The club also trains local lifeguards for the RNLI and promotes lifesaving knowledge for local children in both still water and open water situations.

The club is open for all and welcomes members of all gender, age, ethnicity and sexual orientation.

Trustees have had due regard to the guidance issued by the Charity Commission on public benefit.

Additional details of objectives and activities (Optional information)

We rely heavily on volunteers for all our activities – from running the club, to coaching, to fundraising and administration.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

The charity enables all members to take part in regional and national competitions throughout the year.

St Ives Surf Lifesaving Club has been one of the top Cornish clubs in both still water and open water beach competitions for the Nipper section of 7 – 13 year olds both in Cornwall and nationally. Our junior and masters sections are expanding and we are doing well in competitions here too.

Through its trainer assessors St Ives SLSC has trained members who have gone on to be lifeguards employed by the RNLI on local beaches.

Fundraising has taken place to buy equipment to increase the opportunities of all members to train and compete.

St Ives SLSC organised a competitive Biathlon to raise funds for the above.

Section E Financial review

Brief statement of the charity's policy on reserves

The club keeps healthy reserves to ensure it can meet liabilities as they fall due. A prudent approach is taken with reserves to meet expenditure in the highest spending month being considered sufficient. In addition, the club is trying to build up reserves to create its own clubhouse and storage facilities as it currently relies on the generosity of a local businessman. Reserves at the financial year end stood at over £15,000 general reserve plus the £10,000 clubhouse reserve. The general reserve represents over 25% of annual expenditure. Insurance is also taken out to cover contingencies that could not be met from reserves.

Details of any funds materially in deficit

No club funds are in deficit.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The charity's principal source of funding is through members subscriptions, grants and fundraising activities.

Expenditure has primarily been on pool hire and the purchase of sporting equipment.

St Ives SLSC has no investments.

Section F Other optional information

--

Section G Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees
