CHAIRMANS REPORT

Guru Nanak Nishkam Sewak Jatha (Birmingham) UK - GNNSJ is a faith led 'not for profit' benevolent It is dedicated to organisation. practicing and promoting Nishkam (selfless) service in the name of Guru Nanak Dev Ji (1469 -1539); the founder of the Sikh Dharam. The word Dharam is reflective of it religion/faith but also encompasses a Sikh's wider sense of obligation and duty in their way of life and their actions towards others and all of God's creation.

GNNSJ's mission is the propagation, practice and advancement of the Sikh Dharam based on teachings of the ten Gurus and Guru Granth Sahib Ji, the eternal Guru and sacred scripture of the Sikhs. With engagement over 39 years in development spiritual and enrichment from its headquarters in Birmingham, GNNSJ continues steadfast in its endeavors to fuse faith/Dharmic values with our secular lives, thus creating peace and sustained happiness, within ourselves, our families, our communities, our environment, our interconnected world and the common good.

In 2016/17 humanity continued to face the challenges of the Sustainable Seventeen Development goals. Addressing the problems outlined within this 'blueprint' of the UN enables the prosperous development of people across the globe and may engender a reduction in wars and the root causes of many atrocities being occurring committed and at present. As evidenced by rise of human trafficking and forced migration. These societal problems require the involvement of Faith Based Organsiations in order to address the underlying issues.

Interfaith dialogue and interactions between faith and non – faith must be promoted to ensure that we have a common understanding of the problems and solutions required to address these issues. Initiatives in which we participate such as the *World Interfaith Harmony Week* are an important marker on the UN calendar and

faiths and inter-communal understanding. We hope that one day the proposed Charter for forgiveness which we are working on can strengthen the values based foundations of the UN and regional civil society groups.

The faiths of the world have an important role to nurture good human beings. Good citizen's may not be good human beings, but good human beings will be good citizens, good human beings capable of exercising compassion mercy, forgiveness, truthfulness, selflessness, humility and most of all an abundance of love.

In order to nurture values we need urgently to define policies for 'multi-faith education' across the world where we genuinely learn to respect each other and our common purpose. We must engage in virtues led policy development, for example within the media and the internet, which have become the 'most powerful educators' of our age, they also need some virtues led policies and strategies.

Faith traditions provide guidance on the harnessing of values and the significance of our mental attitude. The immense power of the mind was recognized in the preamble to constitution of UNESCO, the reinforcing and endorsing the capacity of the mind in stating 'since wars began in the minds of men, it is in the minds of men that the defences of peace must be constructed.' It is the cultivation and empowerment of the mind that creates the condition for inner peace from which outer peace in emanates within the family, community, the nation-state and the entire world.

Its is within the spirit of Faith that Sikhs believe one must always remain in an ever ascending optimism (*chardikala*). This comes about through prayer, through service and going beyond oneself that will ultimately allow one to seek welfare for the entire humanity without exception (sarbat da bhalla).

At our Headquarters in Birmingham alone, there is an estimated 407.305 hours of voluntary service provided by volunteers every vear for a range of activities from cooking in the kitchens. to conducting prayer services and helping with administrative duties. Calculated at an average wage of £8.50 per hour for 7 hours per day, this quantifies to £3,462,093 every year, £66,578 every week and £9,511 every day worth of selfless service/volunteering for the community.

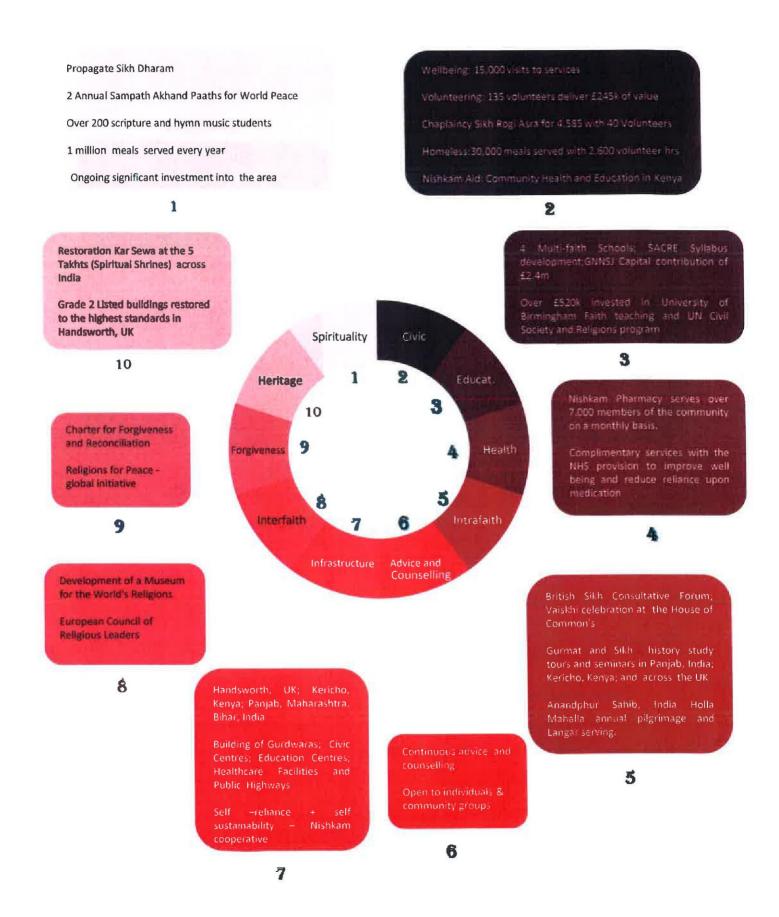

In addition the charity has no paid employees, which is usually 40% cost of income in the third sector and therefore based on the 2017 income of £2.87m a benefit of f1.146m is saved through these The charity has volunteers. income generated total of £2.867m of which £1,783 relates to donation and £1.084m to rental income. Expenditure on the main operational costs have remained stable and the overall net asset funds total is up £11,689m.

This has been possible with the divine blessings of God Almighty and the continued support, dedication and commitment of our selfless sewadars (volunteers) and sangat (congregation) - may Satguru Ji's grace be showered upon us all for continuing the work.

Forever in God's service;

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

This report is made solely to the charity's trustees, as a body, in accordance with Section 144 of the Charities Act 2011 and regulations made under Section 154 of that Act. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditors

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the charity's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Report of the Trustees to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Notes to the Financial Statements for the year ended 31 March 2017

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland applicable in the UK and the Charities Act 2011. The financial statements have been prepared under the historical cost convention with the exception of investments which are included at market value.

Income

All income is recognised in the Statement of Financial Activities once the Charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

Allocation and apportionment of costs

Support costs have been allocated between governance costs and other support costs. Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include cost related to statutory audit and legal fees.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	- 2% on cost
Improvements to property	- 10% on cost
Fixtures and fittings	 10% on cost and 10% on reducing balance
Motor vehicles	- 25% on reducing balance

Fixed asset investments

Investments are a form of basic financial instruments are initially recognised at their transaction value and subsequently measured at their fair value at the balance sheet date using the closing quoted market price. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year.

No depreciation is provided on investment properties, as in the opinion of the trustees these properties are held primarily for their investment potential and so their fair value is of more significance than any measure of consumption and to depreciate them would not give a true and fair view. The revaluation of the investment property accords with the fair value accounting rules and will be reported in the Statement of Financial Activities.

Notes to the Financial Statements –continued for the year ended 31 March 2017

1. ACCOUNTING POLICIES - continued

Taxation

The charity is exempt from tax on its charitable activities,

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Income and expenditure account

The Statement of Financial Activities discloses the identical information of the Income and Expenditure Account and as such no separate Income and Expenditure Account has been prepared.

Going Concern

The account have been prepared on the basic of being a going concern as outlined in the Trustees" annual report.

Debtors

Short term debtors ar measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised costs using the effective interest method.

Impairment of assets

At each reporting date fixed assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit and loss account.

Donated Services

Donated professional services and donated facilities are recognised as income when the charity has control over the item, any conditions associated with the donated item have been met and the receipt of economic benefit can be measured reliably. In accordance with the Charities SORP (FRS102), the general volunteer time of Volunteers is not recognised. Please refer to the trustee's annual report for more information about their contribution.
