THE JEAN GROVE TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 MARCH 2017

STRUCTURE, GOVERNANCE AND MANAGEMENT

Oversight of the charity is in the hands of Trustees who met on three occasions during the year.

Policy is set and implemented by the Trustees.

New Trustees are provided with a trustee file, which includes a copy of the governing document, a copy of the latest annual return and a copy of CC3 'The Essential Trustee' published by the Charity Commission.

The Trustees are committed to developing a programme of trustee in-service training and can attend relevant training courses.

The Trustees are examining the major strategic, business and operational risks that the Charity faces and have taken any actions necessary to reduce these risks to an acceptable level.

OBJECTIVES AND ACTIVITIES

The objectives of the Charity are to advance the Roman Catholic Religion by advancing the pastoral and social work of the Ethiopian Catholic Church, and to advance the education of children in Ethiopia, regardless of ethnicity or religion, through the support of schools run by the Ethiopian Catholic Church.

The addition of the second objective, which was agreed in May 2016 with the consent of the Charity Commission, recognises that a significant proportion of donors are not members of the Catholic Church but recognise the value of, and wish to support, the educational work undertaken by the Church.

The Charity's current priority is to maintain and increase the support given to the four schools with which the Charity works:

- The Blessed G Michael School at Bahir Dar, run by the Daughters of the Charity of St Vincent de Paul
- The Lord Jesus Catholic School, Zizencho in the Eparchy (Diocese) of Emdibir.
- The St Peter and Paul School in Zalambessa, run by the St Lucy Filippini Sisters
- Dawhan Kindergarten in the Eparchy of Adigrat

The Charity carries out internal reviews and when necessary will appoint professional advisors to carry out the charity's strategies.

The significant activity of the Charity during the year was to continue to find ways to increase the awareness of the Charity and therefore increase donations to support its objectives.

The long term strategy of the Charity is to maintain close personal links with the principals of the supported schools and the bishops of the respective Eparchies in order to ensure that the giving of grants continues to support the priority needs of the schools.

ACHIEVEMENTS AND PERFORMANCE

How our Activities and Achievements deliver Public Benefit

The benefit that a small charity provides for the education of children in Ethiopia is substantial. Two thirds of children in that country are not able to attend school; in rural communities places have to be rationed and allocated to ensure that the benefits of education are spread as widely and effectively across the community.

There are now over 2000 pupils at the four schools. The annual cost of educating a child varies from school to school, but £100 is enough to cover the cost of salaries, teaching materials, uniforms and food for a single student; however inflation in Ethiopia is high and recent falls in the value of the pound will have increased the sterling equivalent cost. The charity is now providing full support to the equivalent of almost 300 children; in reality the number of children supported is much greater as the principals of the schools are able to allocate our funding according to individual needs.

At Zizencho the school, which was established with a single kindergarten class, now goes up to grade 8, and has almost 600 children on site with new classrooms, a dining hall, a library and a laboratory. The schooling is offered free of charge and remains extremely oversubscribed; places are awarded on a 'first come first served' basis. Malnutrition is general and the midday meal given by the school is much prized by its recipients. The Trust's annual donation covers over 20% of the entire cost of the school. A recent report from the school speaks for itself:

LORD JESUS CATHOLIC SCHOOL, ZIZENCHO

First of all we the Bethany sisters, Zizencho community would like extend our greetings and best wish for your work. In addition to this would like to thanks for continue of good will and constant support. So we are presenting our thanks in the name of our students and their families.

Lord Jesus Catholic KG & Elementary school is located in a village called Zizencho. This village is situated 225 km far away Addis Ababa, 75 km from Wolkite the capital of Guraghe zone and 5 km from Arekit the capital of Gummer woreda of Guraghe administrative zone in Southern Nations Nationalities people's Regional State. Lord Jesus Catholic School started in 2004.

This year in Lord Jesus Catholic School, we have 568 students from KG to 8th grade. The school strives to provide such students free education and other services such as school uniform, stationary items, cloths, shoes, medical help etc. and also we opened their bank account and sent money for food in the family.

Students are coming from very far that is 6 or 7 km by walk. After coming school they are learning cleanliness and good behavior. Now they are very neat and tidy. Children are very interested in study. Even they are from very poor family, they are try to study very well.

Our school time is morning 8.30 to 1 O'clock. After 1.O'clock students will go home and will do their homely work. Some students will come and read books in library. Sometimes they have special classes in the school. Most of the students are like to go for work in the afternoon because of their financial problem. Now most of the students are coming to school and attend the special classes.

ACHIEVEMENTS AND PERFORMANCE (continued)

This year 38 students wrote 8th grade ministry exam. Now we are waiting for their result. In woreda our 6th grade student got 1st prizes for quiz competition. Our small children also very interest in studies.

Most of the children don't have father or mother. Some children are with their grandfather and grandmother. Afternoon the children will take water from far places and collect firewood from different places for the house. And also they will feed their animals specially cows, sheep, donkeys, and horses. They are going to cut the grass from different places. Somebody will go for market for selling little things whatever they have in house, that is egg, spinach, gee, etc. they also will make bread by hand and sell in the market.

In this village there is no electricity. Most of the children are sitting and reading in front of kerosene lamp. Before they were not reading the lessons after going home. Now the children are very much interested in studies and they are doing their home work at home. They are growing up with good character and morality.

Thank you very much for helping our school, specially poor students and their family.

Sr. Prasantha SIC, The director of the school.

The Blessed Ghebre Michael school in Bahir Dar was so extremely oversubscribed and the sisters had been having such a stressful time turning children away that in 2014 they decided to expand, which they were able to do with the help of the Trust and other benefactors. The number of pupils increased by 70% in a single year and the expansion has put great strain on the infrastructure and there is an urgent need to drain the school playing field and build a new toilet block. There have been staff changes during the year and we await an up to date report.

In the two northern schools in Tigray the needs are even greater. The Trustees were very glad to have been in a position to increase grants to each of these schools to help with teachers' salaries and very much hope that they will be in a position to increase support to levels comparable with the other schools in the future.

Although much of Zalemessa has been rebuilt, there are still many people who have no home. The school, which has 423 pupils, can only afford to feed the children in grades 1-3 - the older ones have to fend for themselves and the younger children are fed behind closed doors because it is too hard for the older ones to see the food they cannot have. Help is needed also for teachers' salaries and for training. Sr Letteselassie Alemayohu writes:

Thank you ever so much for your generous donation. May the good Lord reward you and all the members of the Trustee.

ACHIEVEMENTS AND PERFORMANCE (continued)

At Dawhan, an hour's drive away from Zalemessa, there are 142 children, 71 girls and 71 boys, in grades 1-4. There is not enough money to expand the school to allow the children to continue their education beyond grade 4. The school currently lacks drinkable water on site, there is only one toilet and no hand washing facilities and only 39 child sized chairs. We were pleased to receive the following note of thanks from the Bishop of Adigrat:

Warm greetings and kindest regards to all members of Jean-Grove Trust. We are most grateful for your generosity and noble commitment to help us with giving our children educational opportunity. Thank you very much for granting us for the Dawhan Kindergarten.

With my personal kind regards, and best wishes

+ Abune Tesfaselassie Medhin (Bishop of Adigrat Eparchy)

and Daniel Zigta, the Education Officer of the Adigrat Diocese, has also written:

Greetings. We would like to acknowledge your great contribution for our Schools program that enables us to continue provision of the service for communities found in remote rural areas. Now also, we get your support at needy period with the existing salary increment at national level. So thank you again and we will submit you the acknowledgment and receipts as soon as we receive the fund.

FINANCIAL REVIEW

Results for the Year

Net income of £2,792 was recognised during the year compared to £4,655 in the preceding year. Bank balances at the year-end amounted to £23,198.

Grant Making Policy

The policy of the Charity is to sustain and, where possible, grow regular annual support to schools to cover the costs of education, on the understanding that regular progress reports are received. These awards are considered each year at a full meeting of the Trustees. Applications for other 'one off' grants made under the policies of the Charity are assessed and recommendations considered at a full meeting of the Trustees. Follow up action is taken by the Treasurer.

Reserves Policy

The Trustees' policy is to maintain sufficient reserves to cover two year's committed expenditure, after allowing for regular committed income. At 31st March 2017 unrestricted reserves amounted to £23,199. Regular donations have continued to rise and now stand at almost £17,800 per annum (including gift aid). The increased level of reserves will allow the Trustees to raise annual grants in line with the policy.

THE JEAN GROVE TRUST**TRUSTEES' REPORT FOR THE YEAR ENDED 31 MARCH 2017****RISKS FACED BY THE CHARITY**

The Trustees have identified two significant risks faced by the Charity. These are:

- That the money sent to the schools is diverted or not used for its intended purpose. This is mitigated by Trustee visits, by the financial reports that the schools send, and by communication at the time of transfer that the money has been safely received.
- That the Trust fails to raise enough money to cover annual commitments. The reserve policy is designed to mitigate against this.

The Trustees are confident that the Charity has the resources available to it to continue as a going concern. The Trust has no employees and no remuneration is paid to members or Trustees for their work.

PLANS FOR FUTURE PERIODS

1. To increase awareness of the Charity to donors and to undertake further fundraising activities.
2. To continue to monitor the existing projects and to increase awareness of the Charity in the area of benefit and increase grant giving.
3. Maintain and strengthen links with schools and other funding bodies and individuals.

STATEMENT OF TRUSTEES' RESPONSIBILITIES

Law applicable to charities in England and Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of the charity's financial activities during the year and of its financial position at the end of the year. In preparing those financial statements, giving a true and fair view, the Trustees should follow best practice and:

- select suitable accounting policies and apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed subject to any material departures disclosed and explained in the financial statements;
- prepare financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue to operate.

The Trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Charity and which enable them to ensure that the financial statements comply with relevant legislation and the trust deed. They are also responsible for safeguarding the assets of the Charity and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

BASIS OF INDEPENDENT EXAMINER'S REPORT

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the Charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as Trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

INDEPENDENT EXAMINER'S STATEMENT

In connection with my examination, no matter has come to my attention:

- (1) which gives me reasonable cause to believe that in any material respect the requirements
- to keep accounting records in accordance with section 130 of the Act; and
