TRUSTEES' ANNUAL REPORT

The Trustees present the Annual Report and audited Financial Statements for the Mackenzie Bell Trust Fund ("the Trust") for the year ended 31 March 2017. The reference and administrative details on page 2 form part of this report.

Structure, governance and management

The Trust fund was acquired from the London Museum in accordance with the provisions of Section 2 of the Museum of London Act 1965 and as such is a separate legal entity constituted as an unincorporated association. It is regarded as a subsidiary of the Museum of London due to the Museum's dominant influence over the Trust. The Trust is registered with the Charity Commission and its purpose is to support the Museum of London in its work.

The Museum of London's Trust Fund Management and Acquisitions Committee recommends the application of the Trust's funds. The Secretary and other officers of the Museum, particularly the Director of Content, undertake the day-to-day administration of the Trust. The annual acquisitions plan is proposed to Trustees by the Director of Content.

The Museum of London operates the principal financial accounting computer systems whilst the City of London Corporation provides banking, income collection and internal audit services. The Treasurer oversees the Trust.

Risk management

The risks faced by the Trust fund are considered by the Trustees in the context of the wider risk management strategy of the Museum of London set out in the Museum's consolidated financial statements.

Trustees' recruitment, appointment and induction

By convention the Director and the Chairman of the Museum of London Group are appointed as Trustees of the Trust fund. Other Trust fund members are recruited from amongst the Museum's Trustees and others with relevant interests. The Trust aims to achieve a Board with experience in investment management, Trust law, the art market and the acquisition needs of the Museum.

Trustees are appointed by the Board of Governors of the Museum of London. Whilst there is no set period of office, members will resign if their appointment was based on a connection to the Museum that ceases to exist.

The induction needs of Trustees who are also Trustees of the Museum are covered by the Museum. Other Trustees' inductions are covered by the Director. All Trustees are briefed on the objectives of the Trust fund and current issues by the Director of Content.

Objectives and activities

The Trust's governing document states that:

"The said assets and property and any income thereof shall be used as the Trustees of the London Museum shall from time to time think fit for the purpose of maintaining and adding to the collection in the said Museum".

The Trust supports the work of the Museum of London by paying grants for the acquisition of exhibits. The investment policy is to generate sufficient annual income to maintain the real value of the grant to the Museum whilst preserving the value of the assets.

Public benefit

The primary purpose of the Trust is to support the work of the Museum of London. The Museum of London delivers charitable benefits under two of the headings allowed by the Charities Act 2011; firstly and primarily through the advancement of the arts, culture, heritage or science and secondly through the advancement of education. As entrance to the Museum is unrestricted and is free, Trustees believe that there are no unreasonable restrictions on access to the benefits which are therefore available to the public in accordance with the definition of the Act.

The Trustees believe that the remaining requirements of disclosure placed on charities by the Act are met by the Trustees' Report contained herein.

Achievements and performance

The Trust has paid grants to support the work of the Museum of London over a number of years.

In the financial year grants totalling £40,528 (2016: £24,661) were made to the Museum of London to fund acquisitions and support the work of the Museum.

Investment policy and performance

The Trust invests in a Common Investment Fund managed by BlackRock, namely Charishare, which aims to provide medium to long-term capital and income appreciation by investing mainly in UK listed companies.

According to the reports of the Fund Managers, BlackRock, during the year to 31 March 2017 Charishare achieved a total positive return of 23.41% compared to the FTSE All Share Index positive return of 21.95% (2016: total negative return of -0.6% compared to -3.9%).

Social, environmental and ethical considerations are not taken into account when determining investment policies for the Trust's funds.

Financial review and going concern

The Trust's income from continuing operations for the year was £42,383 (2016: £42,137). Direct charitable expenditure relating to this income was £40,528 (2016: £24,661).

The overall increase in reserves during the year was £272,708 (2016: decrease £36,371). This comprised net incoming resources of £655 (2016: net incoming resources £16,276) and an unrealised gain on investments of £272,053 (2016: unrealised loss £52,647). Details of the movement of funds are shown in Note 6 to the financial statements.

The Trustees consider that the financial statements have been prepared on a going concern basis and there are no material uncertainties relating to going concern. The Trustees have discretion over the commitment of funds for grant-making and, in general, do not allow commitments to be made in excess of income in any one financial year.

Reserves policy

The Trustees aim to preserve the capital value of the fund wherever possible and as such restrict grants to the level of investment income received, taking one year with another. The use of the reserves is considered and allocated by the Trustees on an ongoing basis.

Plans for future periods

The Trust plans to continue to support the Museum of London by giving grants for specific expenditure to maintain and add to the Museum's collections.

Structure of the financial statements

The Trust fund financial statements consist of the following statements. Comparative figures for the previous year are included.

- Statement of financial activities showing all incoming resources available and all expenditure incurred and reconciling all changes in the Trust.
- Balance sheet setting out the assets and liabilities of the Trust fund.
- Notes to the financial statements explaining the accounting policies adopted and explanations of information contained in the statements.

The financial statements have been prepared in accordance with statutory requirements and the Statement of Recommended Practice Accounting and Reporting by Charities: Charity SORP 2015 (FRS 102).

Disclosure of information to the Auditor

The Trustees confirm that as far as they are aware there is no relevant audit information that has not been brought to the attention of the charity's auditor, and that they have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Statement of Trustees' responsibilities

The Trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and regulations.

The Charities Act 2011 requires the Trustees to prepare financial statements for each financial year. The Trustees have to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland. The Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charity for that period.

In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP (FRS 102);
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Trust will continue in business.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011 and the Charity (Accounts and Reports) Regulations 2008. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
