Legal and Administrative

The Indigo Trust (No. 1075920) was established under a Trust Deed dated 27 April 1999.

Trustees	Francesca Perrin William Perrin Dominic Flynn	
Registered Office	The Peak 5 Wilton Road London SW1V 1AP	
Principal Officers	Alan Bookbinder Karen Everett Loren Treisman	Director Finance Director Executive
Bankers	Child & Co 1 Fleet Street London EC4Y 1BD	
Solicitors	Portrait Solicitors 21 Whitefriars Street London EC4Y 8JJ	
Auditors	Crowe Clark Whitehill LLP St Bride's House 10 Salisbury Square London EC4Y 8EH	
Investment Advisers	Schroder & Co Limited 12 Moorgate London EC2R 6DA	
Investment Powers	The Trust Deed empowers the Trustees to appoint investment advisers who have discretion to invest the funds of the Trust within guidelines established by the Trustees.	
Objects	The objects of the Trust as given in the Trust Deed are for general charitable purposes.	

Organisation

The Trust is one of the Sainsbury Family Charitable Trusts which share a common administration. The remuneration of the senior staff (including key management personnel) is reviewed by the Trustees on an annual basis taking into account the requirements of their role and performance during the year. From time to time the SFCT Management Committee benchmarks pay levels against the comparable positions in similar organisations.

Policies

Grant-making

In total, we approved 51 grants, totalling £1,644,842 this year, of which £1,163,942 was allocated to spend in this financial year.

International Grants

Our international work focuses on Sub-Saharan Africa. We awarded 40 international grants, totalling £1,467,992 of which £1,017,092 was allocated to spend in this financial year.

The power of people and communities to effect change is heavily dependent upon the level of information that they can access. Information enables them to make informed decisions and hold authorities to account. We believe that mobile and web technologies have the power to transform how people access, share and create information.

We also believe that philanthropy should take a leading role in risk and innovation and support positively disruptive ideas. Therefore, we predominantly provide small and pilot grants (usually £10,000-£20,000) to early stage projects to stimulate innovative approaches to tackling social challenges.

This year, we have also provided larger grants (£25,000-£50,000) to organisations which we have supported for some time, where we have been impressed with their progress, strategy and potential to grow and strengthen as organisations.

Indigo has particularly focused its efforts on supporting projects with low operating costs or sustainable business models and which use appropriate technology that is widely adopted locally. There is also a preference for organisations based in Sub-Saharan Africa.

Last year, our Trust undertook a strategic review and we have now shifted our focus so that our international grants are almost solely made to:

- Projects and organisations that leverage the power of mobile and web technologies, to foster active, informed citizens and accountable governments
- Civic tech communities and innovation hubs that use Information Communication Technologies for positive social change

We also offer our beneficiaries tailored, bespoke support and access to a wider network to amplify their impact and strengthen their organisations. We take an active role in raising awareness and supporting wider sector initiatives and shared learning on the use of digital technologies for transparency, accountability and citizen empowerment as well as supporting local technology based innovation across sub-Saharan Africa.

We publish all our international grant data in open format to the International Aid Transparency Initiative (IATI) registry which is publicly available. Our IATI data can be found here: <http://www.data-portal.org/ctrack.html?publisher=GB-CHC-1075920&tongue=eng#view=publisher>. We also publish

our data to the 360 Giving open data standard for UK grant makers. This data can be found here: <http://sfct.org.uk/360giving.html>.

A list of all our grants can be found here: <https://indigostrust.org.uk/grants-awarded/>.

Transparency and Accountability: Fostering active, informed citizens and accountable governments

In this space, our grants have focused on exploring the ways in which mobile and web based technologies can be integrated into wider programmes which enable citizens to access the information they need to make informed decisions and hold authorities accountable.

A full list of our grants is provided in this report. We've supported open data groups which use data and technology to promote informed decision making for social good and support partners such as civil society and journalists to do the same.

We've also supported a range of organisations which are enabling citizens to access the information they need to hold those in power to account such as information on parliamentary proceedings, elected representatives, budgets, laws and corporations. We are interested in supporting organisations replicating the approach of projects like Mzalendo, FixMyStreet and TheyWorkForYou (the latter two are projects run by one of our grantees, mySociety) across sub-Saharan Africa.

We've also supported groups which help citizens understand this information and use it to positively influence social outcomes and improve their lives. Additionally, we've supported organisations which use digital technologies to enable citizens to feedback on or monitor public services and demand change. Organisations we support also advocate or campaign to improve service delivery for the public good.

This year we awarded 20 grants in this category, totalling £713,637, of which £476,941 was allocated for spending in this financial year. We welcome unsolicited proposals in this category.

A Fund to Support Technology Innovation Hubs across Sub-Saharan Africa

The Indigo Trust is managing a fund to support Technology Innovation Hubs across Sub-Saharan Africa. This year, several donors engaged in this fund, namely, Open Society Initiative for West Africa (OSIWA), British Council and the Queen's Young Leaders Programme, run by The Queen Elizabeth Diamond Jubilee Trust in partnership with Comic Relief. Aside from a small contribution to overheads, their funds are re-granted directly to hubs across the continent. We are actively seeking to engage other funding partners.

We believe that the best solutions to people's challenges are devised and implemented locally. Therefore, we are interested in creating and supporting an ecosystem that will increase the number and quality of projects being developed in countries in sub-Saharan Africa.

Technology innovation hubs play a crucial role in the technology innovation ecosystem through building, growing and supporting local technology communities through events, programmatic support and access to a wide network of diverse players including the private sector, civil society and business

experts. We believe they are likely to have a catalytic effect on both the quality and quantity of new businesses, social enterprises and social projects established.

The fund provides:

1. Core support to technology innovation hubs in Sub-Saharan African countries
2. Seed funding to support groups in Sub-Saharan Africa which are building and supporting technology communities where they are still in their infancy
3. Tailored, programmatic support to select technology innovation spaces to spark social and/or civic innovation and support the upskilling and networking of the communities which hubs support. Grants in this stream tend to be made in partnership with other donors/funding partners.

This year, we made 18 grants in this category, totalling £688,696, of which £498,696 was allocated to spend in this financial year.

We are interested in hearing from donors who would like to provide core support to technology innovation hubs and want to enable them to build, grow and upskill their communities. We're also interested in partnering with donors to provide programmatic support through technology innovation hubs or who are interested in supporting their communities through events, training, mentorship, start-up support and networking opportunities. Finally, we're interested to hear from donors who want to help connect and support hub leaders or promote knowledge sharing between hubs.

We are starting to explore ways in which hubs can bring together diverse players e.g. civic groups, civil society, creatives, technologists, independent activists etc. to solve social challenges and how we can support them to stimulate civic tech and social innovation. Please get in touch if you're a donor interested in this field.

We do not accept unsolicited international proposals which fall outside the 2 categories outlined above.

Other International Projects

In the 2016-2017 financial year, we supported 2 organisations (The British Library and Centre for Global Development in Europe) for international work which fell outside of the two categories above (totalling £65,659, of which £41,455 was approved to spend in this financial year). These organisations addressed particular issues which we felt closely aligned with the Trust's vision and values.

Open Philanthropy

This year we increased Indigo Trust's annual budget by £75,000. This funding was allocated to grantees that have helped to drive forward the 360 Giving initiative: www.threesixtygiving.org. This initiative aims to increase transparency across UK foundations. We awarded 3 grants in this category, totalling £75,850. These grants have contributed towards the advancement of the field of Open Data and Philanthropy.

Local Grants

The Indigo Trust awarded 8 local UK grants, totalling £101,000 of which £71,000 was allocated to spend in this financial year. These grants predominantly supported local organisations in London. Each year some of the local grants are selected by staff. This year, these grants were allocated to charities supporting women or LGBT (Lesbian, Gay, Bisexual, Transgender) communities.

The Trustees accept unsolicited proposals for their international civic tech work but **do not accept unsolicited proposals for local or 360 Giving grants**. Rather, they reach out to charities which they have personally identified. For the fund to support technology innovation hubs across sub-Saharan Africa, we have a closed application process once annually. However, we welcome enquiries throughout the year and are happy to learn about new technology innovation spaces across the continent.

The Trust also aims to showcase the potential of information technologies for social change to other donors and civil society in order to maximise the impact of charitable objectives. Our Founder and Executive regularly speak at international events and publish articles in the international press.

Further details about the Trust's new focus can be found on our website at: www.indigostrust.org.uk. Our website was redesigned this year and contains comprehensive information about our strategy, how to apply and previous grantees. You can also follow us on Twitter: @indigostrust or Facebook: www.facebook.com/IndigoTrust.

Investment Policy and Performance

The Trust's expendable endowment funds are invested to generate income and provide long-term capital growth in line with relevant indices. The Trustees regularly meet the investment manager to discuss strategy and review performance. Investment income is budgeted on a 2% yield. However, during the year to 5 April 2017 an investment yield of over 2.5% was achieved.

During the period, the portfolio increased from £7.3m at 5 April 2016 to £7.9m at 5 April 2017, a rise of 9%. Most of this increase came from Overseas Equities which increased by £462,488.

Reserves Policy

It is the Trustees' intention to continue to approve grants annually that is equal to the net available income. However, where this is not possible, some grants will be met from the Trust's expendable endowment and a transfer of £1,087,375 has been made from expendable endowment to enable the Trust's commitments to be met. The Trust holds expendable endowment of £10.9m at 5 April 2017.

Risk Assessment

The Trustees have examined the major strategic, business and operational risks to which the Trust may be exposed. Through the joint office of the Sainsbury Family Charitable Trusts, adequate systems are in place to manage such potential risks as the Trustees have identified. The Trustees continue to be vigilant and to keep processes under review.

The Trustees have identified as a key risk the misuse of funds by a grantee charity. To mitigate this risk, the awards are made following a thorough assessment and grants are regularly monitored; multi-year grants are paid only on receipt of satisfactory progress reports.

Charity and Public Benefit

Trustees are aware of the Charity Commission guidance on Public Benefit and confirm that they have complied with the duty in Section 17 of the Charities Act 2011 to have due regard to it. They consider the full information which follows in this annual report, about the Trust's aims, activities and achievements in the many areas of interest that the Trust supports demonstrates the benefit to its beneficiaries and through them to the Public, that arise from those activities.

Financial overview of the past year

Trustees met several times during the year to make grants and twice to review investments and investment policy.

The asset value of the Trust increased from £10.4 million at 5 April 2016 to £10.9 million at 5 April 2017, a rise of 5%.

Total incoming resources on unrestricted funds for the year were £220,940, an 9% increase on the previous year (2016: £203,339).

During the year the Trustees approved 51 grants totalling £1,644,842 (2016: £717,502). Of the 51 grants, 8 grants totalling £413,084 are jointly supported by other funders. The table below shows grants approved during the year analysed by trust category, number, value and percentage.

Category	Grants Approved

NOTES TO THE ACCOUNTS

1. ACCOUNTING POLICIES

The financial statements have been prepared in accordance with the Charities SORP (FRS102) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland and the Charities Act 2011 and UK Generally Accepted Practice as it applies from 1 January 2015.

The financial statements have been prepared to give a 'true and fair view' and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure has involved following Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) issued on 16 July 2014 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

The trust constitutes a public benefit entity as defined by FRS 102.

a) Income Recognition

- (i) Income is shown gross which includes the associated tax credit unless the tax so deducted is considered irrecoverable.
- (ii) Dividends are included by reference to their due dates.
- (iii) Interest is included when receivable.

b) Expenditure on Charitable activities

The Trustees consider that grant-making is the Trust's sole charitable activity. Grants for which there is a legal obligation, or a valid expectation of receipt by the beneficiary at the year end, and for which conditions attaching to their payment have been fulfilled, are accounted for within the Statement of Financial Activities. Grants approved subject to conditions that have not been met at the year end are noted as a commitment (see note 3).

c) Investments

Net realised and unrealised gains and losses are reflected in the Statement of Financial Activities. Investments are shown at mid market value. Partial disposals are accounted for using average book value.

d) Support and Governance costs

Most of these costs support the grant-making activity of the Trust and are so allocated. They comprise in the main a share of the staff and office costs of the joint office of the Sainsbury Family Charitable Trusts, which are allocated in proportion to time spent on Trust matters and grants paid. Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include fees for statutory audit, legal fees where relevant, together with an allocation of support costs.

NOTES TO THE ACCOUNTS

1. ACCOUNTING POLICIES (Cont)

e) Depreciation

Fixed assets are depreciated at rates which reflect their useful life to the Trust.

Leasehold improvements - 10% per annum

f) Financial Instruments

The Trust has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at amortised cost using the effective interest method. Financial assets held at amortised cost comprise cash at bank and in hand, together with accrued interest and other debtors. Financial liabilities held at amortised cost comprise grants payable and accruals.

Investments, including bonds held as part of an investment portfolio, are held at fair value at the balance sheet date, with gains and losses being recognised within income and expenditure.

At the balance sheet date the charity held financial assets at amortised cost of £3,126k (2016: £3,121k), financial assets at fair value of £7,926k (2016: £7,266k) and financial liabilities at amortised cost of £204k (2016: £39k).

g) Cash and cash equivalents

Cash and cash equivalents include cash at bank and in hand, cash held for reinvestment and short term deposits.

h) Critical accounting judgements and key sources of estimation uncertainty

In the application of the charity's accounting policies, which are described in note 1, Trustees are required to make judgements, estimates, assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects the current and future periods.

In the view of the Trustees, no assumptions concerning the future or estimation uncertainty affecting assets and liabilities at the balance sheet date are likely to result in a material adjustment to their carrying amounts in the next financial year.

NOTES TO THE ACCOUNTS

2. INVESTMENT INCOME

Income received on investments may be analysed as follows:

	2017		2016	
	£	%	£	%
Government fixed interest	834	-	7,416	4
Other fixed interest	44,292	21	19,343	11
UK equities	151,776	72	144,957	79
Overseas equities	13,911	7	11,354	6
	<u>210,813</u>	<u>100</u>	<u>183,070</u>	<u>100</u>

3. GRANTS PAYABLE

	2017		2016	
	£	£	£	£
Reconciliation of grants payable:				
Commitments at 6 April 2016		19,593		81,799
Grants not accrued at 6 April 2016	-		880	
Grants approved in the year	1,644,842		717,502	
Grants cancelled	(21,060)		(34,606)	
Grants refunded	-		(90,000)	
Impairment of programme related investment	30,000		-	
Grants not accrued at 5 April 2017	(353,348)		-	
Grants payable for the year		1,300,434		593,776
Grants paid during the year		(1,103,676)		(655,982)
Impairment of programme related investment		(30,000)		
Commitments at 5 April 2017		<u>186,351</u>		<u>19,593</u>

Commitments at 5 April 2017 are payable as follows:

	2017	2016
Within one year (note 9)	<u>186,351</u>	<u>19,593</u>

Commitments

In addition to the amounts committed and accrued noted above, the Trustees have also authorised certain grants which are subject to the recipient fulfilling certain conditions. The total amount authorised but not accrued as expenditure at 5 April 2017 was £353,348 (2016: £nil).

NOTES TO THE ACCOUNTS

3. GRANTS PAYABLE (cont/...)

The grants payable in the year consist of the following:

	£
Information Technologies	
ActivSpaces	55,907
African Legal Information Institute (African LII)	30,000
British Library	48,409
BudgIT	18,800
Centre for Global Development in Europe	17,250
Citizens Watch - IT - CEWIT	21,015
Connected Development (CODE) - Follow The Money	66,596
Hive Colab	81,472
Iceaddis	16,690
ISpace Foundation - iSpace	87,462
Legal Defence and Assistance Project (LEDAP)	25,000
mHub	25,686
MySociety	40,000
Mzalendo Trust	40,100
Odekro PMO Foundation	20,738
Open Data Durban	29,111
OpenUp - (formerly known as Code for South Africa)	50,000
Parliamentary Monitoring Group	70,000
Publish What You Fund	20,000
Sensi Company Ltd	187,344
Simsim-Participation Citoyenne	17,600
TRAC FM	23,484
Transparency International UK	24,432
Women of Uganda Network (WOUGNET)	18,823
Grants up to £15,000 were also made	88,157
Open Philantropy	
360 Giving	50,000
Localgiving Foundation	10,850
New Philanthropy Capital	15,000
UK Local Grants	
Campaign for Freedom of Information	20,000
Copenhagen Youth Project	30,000

UKUUG - Floss/UK	5,000
Women for Refugee Women	2,000
Net grants refunded / cancelled	(15,492)
Impairment of programme related investment	30,000
Total grants payable per Statement of Financial Activities	1,300,434

NOTES TO THE ACCOUNTS

4. ALLOCATION OF SUPPORT COSTS

	Grant- Making	Governance	2017 Total Allocated	Grant- Making	Governance
	£	£	£	£	£
Staff costs	174,353	3,277	177,630	153,808	2,692
Share of joint office costs	25,879	-	25,879	39,700	-
Direct costs including travel	40,221	-	40,221	23,885	-
Legal and professional fees	7,872	-	7,872	17,633	-
Consultancy	-	-	-	240	-
Depreciation	2,770	-	2,770	2,770	-
Auditors' remuneration	-	3,600	3,600	-	3,540
	<u>251,095</u>	<u>6,877</u>	<u>257,972</u>	<u>238,036</u>	<u>6,232</u>

During the year no Trustee received any remuneration (2016: £nil) or was reimbursed expenses (2016: £nil).

5. ANALYSIS OF STAFF COSTS

	2017	2016
	£	£
Wages and salaries	144,213	127,059
Social security costs	16,778	14,782
Other pension costs	16,639	14,659
	<u>177,630</u>	<u>156,500</u>

As mentioned in Note 1(d), the Trust is one of the Sainsbury Family Charitable Trusts which share a joint administration at the Registered Office. 2.4% of the total support and administration costs of these trusts have been allocated to the Indigo Trust, including a proportionate share of the costs of employing the total number of staff

The actual number of staff employed during the period was 13, 3 of whom were working solely on Indigo (2016: 11). This was equivalent to 3.5 full time employees (2016: 3.1) The Trust considers its key management personnel to comprise the Principal Officers. The total employment benefits including employer pension contributions, of these personnel were £80,348 (2016: £76,948). 1 employee earned in excess of £60,001 - £70,000. (2016: 1 in excess of £60,001 - £70,000).

6. TANGIBLE FIXED ASSETS

STATEMENT OF TRUSTEES' RESPONSIBILITIES

The Trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and regulations.

Charity law requires the trustees to prepare financial statements for each financial year in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards) and applicable law.

Under charity law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charity and of its net outgoing resources for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue to operate.

The trustees are responsible for keeping proper accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent Auditor's Report to the Trustees of the Indigo Trust

We have audited the financial statements of the Indigo Trust for the year ended 5 April 2017 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and the related notes numbered 1 to 13.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the charity's trustees, as a body, in accordance with section 154 of the Charities Act 2011. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditor

As explained more fully in the Statement of Trustees' Responsibilities, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the charity's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the financial statements.

In addition, we read all the financial and non-financial information in the Trustees' Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 5 April 2017 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

- the information given in the Trustees Annual Report is inconsistent in any material respect with the financial statements; or
- sufficient accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.
