#### **Achievements and Performance**

SORP	
reference	

Summary of the main All of our activities remain focused on providing achievements of the charity, the best service we can, within a purely identifying the difference the volunteer setting, using the objectives set out in charity's work has made to the the purposes of the charity. We consider that we circumstances of its have been successful in that purpose as in beneficiaries and any wider Para 1.20 approx. 600 tasks that we undertook only one benefits to society as a whole. had to be cancelled at the last minute because of unexpected driver non availability. The service, provided on a Tuesday, to take patients to the local surgery continues at a steady pace and we are now advising a local GP practice on how to set up a similar service. We know that that the service is appreciated by the local community from the continuing support we receive when fundraising and from donations. Of particular note is the support received through the Co Op Local Community Fund. We have provided a written statement to the Parliamentary Standing Committee on Transport. They are considering in detail proposals by the Department for Transport to make changes to the Permit system that allows us to operate in a 'Not for Profit' manner. The proposed changes, if implemented, would impose a heavy financial burden on ourselves to the extent we would have to cease operating. It is of note that evidence to the Standing Committee suggested that upwards of 40% of present CTOs would cease to operate if the proposals are implemented. As we are the only CTO in our local area the effect on the elderly, disabled, local community groups and socially isolated would be dramatic. No commercial operator will provide those services.

Our income was higher than expected by £3262. This is in part due to the cancellation of the purchase of new bus. The deposit (£1000) was paid in FY 15/16 but returned in FY16/17.  We have had increases in income in the following areas:  • The number of bookings from eligible groups.  • Greater than anticipated donations and fundraising  • Income from the training of drivers for other CTOs in the MIDAS qualification.  In Dec 2009, Bedale Volunteer Minibus, as we were then known, was very fortunate in being given a legacy of approx. £83000 by a local business man, 'to support the community
		minibus in the future'.  In 2014 as part of the creation of the CIO we formally stated that what remained of the original legacy (£40000) was to become the basis of our Reserve. The Reserve was to be maintained to assist with the purchase of replacement minibuses when the need arises. Any excess income in the trading account was to be placed into the Reserve.  As at the end of FY 15/16 the reserves stand at £58148  It is intended in FY 17/18 to replace the elder of our two minibuses which was first registered in 2012. We will apply for funding support from the local County Council; that allied with the residual value of the bus will mean, dependant on the level of grant support, we will need to draw down between £7750 to £15500 from the Reserve.

		We rent an office in Bedale Market place and it is open each weekday from 9 – 12 noon. Our office is now run completely by volunteers as the part time Vehicle Administrator resigned in June. We have two ladies, one who acts as Office Manager, who cover 4 mornings between them and the trustees have a rota and cover one morning a week.
		The Trustees meet on fixed programme of 4 meetings per annum and have arrangements for at least 4 other meetings on an as required basis between the fixed meetings.
		The Chairman and Administrative Trustee meet with the office staff on a quarterly basis to update them and receive feedback on the day to day operation of the minibus

Other	We are part of the Hambleton Community Association, Community Minibus network. We have a link to the Hambleton and Whitby CCG for the ongoing trial for the provision of Patient transport. We are members of the NCVO and the trustees consider their guidance, adopt various of their procedures and templates as considered necessary. BCM have recently become members of NYCC Go Local Steering Group for provision of Community transport. We are in a Joint Project with Bedale Scouts to construct a single storey building to house their stores and our minibuses. We have links with Thirsk CCA to provide transport for their Saturday Club for disadvantaged children. We have joined Mobility Matters, a campaign group that has been formed to lobby the DfT reconsider the proposed changes to Section 19 and 22 Permit Legislation (GB)
