You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The Trustees have assessed the major risks to which the charity is exposed, in particular those related to the operations and finances of the charity, and are satisfied that systems and procedures are in place to mitigate our exposure to the major risks.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To relieve the suffering of animals in need of care and attention.
 To promote appropriate care, protection, treatment and security for animals which are in need of care and attention by reason of sickness, maltreatment, poor circumstances or ill usage.
 To advance the education of the public in matters pertaining to animal welfare in general and the prevention of cruelty and suffering among animals.

In setting objectives and planning for activities the Trustees have given due regard to the general guidance published by the Charity Commission in connection with public benefit.

Public benefit has been achieved by ensuring that the use of the funds given has been publicised – both in the range of types of animal helped and the way that their welfare has been furthered.

The events that we have attended have also been opportunities to educate the public about animal welfare, the need to challenge animal cruelty, and how animals are best cared for.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

Animal Canopy promotes animal welfare in the main by making grants to appropriate organisations who have met the grant making policy requirements. Each organisation has followed the application process prior to the grant being released, and has then executed the project/activities which provided the basis for the grant being made.

Animal Canopy is very appreciative of the contributions made by our valued supporters. They have been very supportive and have offered their time, expertise and suggestions unstintingly.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

Achievements in 2017.

Our activities in 2017 have primarily been in 2 areas – fund raising and welfare of the dogs of the homeless people of the Bournemouth area.

Our fund raising activities have included street and shop collections, attendance at school and local community fairs/carnivals/fetes/craft fairs etc, table top sales, and a number of financial donations. We have also been well supported by the donation of items for our events (including individually crafted items, unwanted presents and other items which supporters have wanted to give). During the year we have attended 55 events. They have all been based in Dorset and Hampshire.

We support the dogs of the homeless people of Bournemouth by providing supplementary nutrition, veterinary clinics at a hostel for the homeless, veterinary care (regular vaccinations, micro-chipping, neutering, medical care as needed), and equipment (e.g. dog coats, etc). We have been generously supported in these activities by one of the local veterinary practices – Natterjacks of Bournemouth, for which we are very grateful.

A total of £14,415 was raised in 2017, which was an increase of about 17% on 2016. This reflects the hard work and commitment shown by the trustees and supporters.

We evaluate grant applications twice a year (February and August), and as a result have made grants of £10,235 in 2017. Of this total, £7185 was to UK based organisations and the rest went to overseas organisations. It has been very encouraging to hear how the organisations have used the grants to further animal welfare and provide public benefit in doing so. We also spent just over £985 on the dogs of the homeless people in Bournemouth. This is a decrease on the 2016 figure, reflecting the increased participation of other organisations in this activity.

The trustees have had due regard to the guidance on public benefit given in the Charities Act and the Charities (Accounts and Reports) Regulations 2008 when planning and executing each event.

Plans for 2018.

We plan to consolidate our ongoing activities, and add to them as opportunities arise. We expect to work closely with the organisations that we support. We aim to keep the charity at about its current size as this works well for all involved with it.
