### **OBJECTIVES AND ACTIVITIES**

The principal activity of the charity is to promote, aid and assist the objectives, work and business of the Church in Wales generally in the Diocese of St Davids.

The St Davids Diocesan Board of Finance's (the Board) key objectives are:

- To ensure that there is sufficient revenue to maintain the level of Mission and Ministry for the Diocese
- To manage the Diocesan Portfolio of investments so as to achieve a balance between income and capital growth, without taking undue risk
- To manage the property owned by and vested in the Board
- To enable an efficient, professional and administrative service across a range of administrative functions including:
  - management of trusts and other funds held by the Board
  - > organisation of Board Meetings and Diocesan Committees
  - > maintenance of databases, management information and legislative compliance.
  - > provision of advice and support on a range of issues

For 2017 the main objectives were:

- Fund Performance To make an asset return in accordance with the % agreed with the Board's Investment Advisers and which compared favourably against agreed benchmarks.
- Reserves To maintain the agreed level of reserves in the Unrestricted General Fund.
- Financial Stability To continue to ensure financial stability and enable the cost of Ministry to the Diocese.
- Diocesan Strategy To liaise with the Bishop and her senior staff, to assist with the implementation of the Diocesan strategy which will respond to the current financial, economic and ministerial challenges being faced by the Church and meet the needs of the Diocese in conjunction with the separate overall review of the Church in Wales.

The short term objectives of the Board are as stated above.

In the long term, the Board is mindful of ensuring that the ministerial and structural changes proposed in the Diocesan Strategy reflect current thinking.

#### **PUBLIC BENEFIT**

The Trustees are aware of their responsibilities in ensuring that the Board delivers identifiable benefits to the public in accordance with established objectives and permitted activities. We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities. In particular, the Trustees consider how planned activities will contribute to the aims and objectives they have set. An amount has been committed towards funding projects associated with Social Responsibility in the wider community.

#### **GRANT MAKING POLICIES**

All grants made are agreed by the Board.

### **STRATEGIC REPORT**

### ACHIEVEMENTS AND PERFORMANCE

### • INVESTMENT PERFORMANCE

#### Diocesan Portfolio Performance

Global stock markets had a strong year in 2017 with the FTSE All-Share and the FTSE World Ex-UK returning 13.10% and 13.45% respectively. The main driver of this good performance has been a broad acceleration in growth across the globe encompassing Europe, Asia and the Americas. The US market, boosted by strong earnings, reached record highs. Technology has been the best-performing sector with the rally led by tech giants like Facebook, Amazon and Google's parent Alphabet. The investment portfolio benefitted from this growth and produced a total return of 9.86%, slightly ahead of the benchmark index which returned 9.76%.

The UK economy grew by 1.8% in 2017, slightly down from 1.9% in 2016. Meanwhile, after dipping slightly to 2.6% in June and July, inflation rose steadily towards 3.1% by the end of the year. In a bid to cool price rises, the Bank of England raised interest rates from 0.25% to 0.5% in November, the first increase since 2007.

The Eurozone economy continued to expand in 2017 on the back of rising confidence and strong growth in manufacturing. The best factory output and order book gains since 2000 pushed the manufacturing Purchasing Managers Index to a record high. An upturn in service sector growth to the highest since early 2011 underscored the broad-based nature of the recovery.

President Trump's administration failed to push through a bill on healthcare reform, and there has been little progress with other pre-election pledges to increase spending on infrastructure, or reduce regulation on Wall Street. However, at the end of the year US legislators passed an overhaul of the tax code, paving the way for Mr Trump's first big legislative victory. The plan sees a sharp cut in statutory corporate tax rates and modest cuts for most earners.

In December, the US Federal Reserve (Fed) increased interest rates by 0.25%, the third rise in 2017. The US central bank said the move, which was widely expected, underscores solid gains in the US economy. Officials also boosted their economic forecasts, projecting 2.5% growth in GDP in 2017 and 2018, due in part to planned tax cuts.

At the end of the year the capital value of the portfolio was £7,422,277 with a further £92,045 of cash held in a separately identifiable account.

### > Investment Property

The investment property has been valued independently by a professional valuer at the open market value of the freehold land and buildings for investment purposes and it exceeds the historical cost by £1,678,765. If sold, there is no known taxation liability.

### FINANCIAL REVIEW

#### OVERALL FINANCIAL POSITION

The results for the year are shown on pages 20 to 22 in the Statement of Financial Activities. The excess of expenditure over income in respect of Unrestricted General Funds amounted to £37,380, which after adjustment for realised gains/(losses), the increase to market value and transfers, resulted in a surplus of £349,105.

The Board received a grant from the Representative Body towards various outgoing resources amounting to £1,159,230 (2016: £1,159,230). It has been agreed that the level of the Block Grant will be reduced by 1.47% in 2018.

The other principle source of funding was Ministry Share amounting to £3,480,044.

### RESERVES POLICY

The Trustees continually review the reserves of the Board as a matter of policy. Reviews encompass the nature of the income and expenditure streams, the need to match variable income with fixed commitments and the nature of the reserves.

### **Unrestricted General Reserves**

The Board has concluded that its reserves should be a minimum six months of Unrestricted General Fund expenditure to enable it to meet its short-term financial obligations in the event of an unexpected revenue shortfall.

The total Unrestricted General Funds have increased from £4,913,042 to £5,262,147. These reserves include a Revaluation Reserve Fund amounting to £1,678,765. The reserves level equates to nine months reserves.

### **Designated Funds**

The Trustees may, with the approval of the Board, designate additional unrestricted reserves to be retained for an agreed purpose where this is considered to be prudent. The designated reserves are reviewed on an annual basis and returned to the Unrestricted General Funds in the event that there is no justification for their retention. A description of each fund together with its intended use is set out in Note 25. At the 31 December 2017, the total Designated Funds were £3,062,514 (2016: £3,302,390).

### **Restricted and Endowment Funds**

As set out in Notes 23 and 24 the Board holds and administers a number of Restricted and Endowment Funds. At 31 December, Restricted Funds amounted to £1,705,358 (2016: £1,647,724) and Endowment Funds amounted to £4,540,881 (2016: £4,417,894 restated). None of these funds are available for the general purposes of the Board.

#### PRINCIPAL RISKS AND UNCERTAINTIES

The Trustees are responsible for the identification, mitigation and/or management of risk. To achieve this, a register of all risks identified is maintained and, alongside it, a management and mitigation strategy formed. This is subject to review by the Trustees on an annual basis with the responsibility for delivery of the mitigation strategies identified by it, being delegated to the Diocesan Secretary.

The risk register has identified four areas where the risk of either failure to act or the impact of the events is considered 'high'. These areas and associated mitigation strategies are:

### **Under Collection of Ministry Share**

- Arrears are reported quarterly to and monitored by the Board. In addition, the arrears are reported to the Bishop and senior clerical staff at the monthly meetings.
- > The Archdeacons contact a Parish to discuss the arrears when they reach in excess of £2,000. When applicable the Archdeacon and the Diocesan Secretary meet with the Parish to discuss and arrange a Ministry Share Arrears Agreement.
- > A provision is made in the accounts for overdue Ministry Share which has a significant risk of proving uncollectable.

#### **Under-Performance of Return on Investments**

- Ongoing monitoring by the Board's Investment Adviser.
- > Investment Sub Committee meets with the Board's Investment Adviser to discuss the Portfolio's performance twice a year.

### Non-Payment and/or Reduction of the Block Grant by the Representative Body

- Ensure that the conditions of the Block Grant are complied with.
- > Regular liaison and discussion with the Representative Body regarding any proposed changes.
- > The Chairman and the Diocesan Secretary to monitor.

General Data Protection Regulation (GDPR)

- ➤ GDPR is due to be implemented on May 25<sup>th</sup> 2018.
- ➤ The Diocese adopted the umbrella approach to GDPR under the RB following the May meeting of the Executive Board of Finance (2018).
- > If a breach of security occurs it will be reported to the ICO within 72 hours, and if it is likely to result in a high privacy risk for individuals, these individuals will be informed.

#### INVESTMENT POLICY

The Diocesan Portfolio is managed on a discretionary management basis by Rathbones. Rathbones had been re-appointed for four years after a competitive tendering process in December 2017. The objective is to place importance on total return rather than a specific return on income or capital appreciation in isolation.

The Board is holding a high level of cash reserves due to the interest rate earned on its current account balances being greater than those offered on short term deposits. These rates were offered by the Board's Banking provider following the completion of the review by the Board of its banking provision. It is not normally the policy of the Board to hold such a significant amount of its assets in cash.

### **Investment Objectives**

The Board seeks to produce the best financial return without taking undue risk. The investment objective is to balance income and capital returns.

The assets should be managed to at least maintain the real capital value, whilst generating a sustainable level of investment income to support St Davids Diocesan Board of Finance activities.

Where possible, the value of the assets should be enhanced as to at least keep pace with inflation over the longer term.

The Board adopts a total return approach to investment, generating the investment return from income and capital gains or losses. It is expected that if in any one year the total return is insufficient to meet the budgeted expenditure, in the long term the real value of the Board investments will still be maintained in accordance with the above investment objective.

Rathbones had changed the benchmark against which performance is measured to a bespoke benchmark from the FTSE WMA balanced index; due to it is volatility.

#### Risk

The overall investment direction is to maximise the return consistent with the risks that the Board is willing to accept. The Board recognizes that risk (i.e. the potential for variability of asset values) and the potential of loss in purchasing power (due to inflation) are present to some degree with all types of investment vehicles.

The Board has accepted a medium degree of risk.

The trustees are able to tolerate volatility of the capital value, as long as the Board is able to meet its short-term expenditure commitments.

The portfolio should be diversified so as to provide reasonable assurance that no single class of investment will have a disproportionate impact on the total portfolio. Assets classes could include cash, bonds, equity, property, private equity, commodities and any other asset that is deemed suitable, bearing in mind the ethical restrictions. Bonds and equities must be quoted on a recognised investment exchange and unit trusts and open-ended investment companies authorised under the Financial Services and Markets Act 2000.

In order to meet its objective, the Board has determined the following range of asset splits:

Cash 0% - 7%
Fixed Interest 15% - 35%
Equities 53% - 80%

Within the equity allocation, overseas holdings are permitted up to 50%.

Asset mix may be changed from time to time, strategically or tactically, based on the economic and securities markets outlook, as well as income requirements and the Chairman and Vice Chairman of St Davids Diocesan Board of Finance may, if considered appropriate, alter the above range of asset split to react to market forces. The overall risk level of the assets in terms of potential for price fluctuations should not be extreme.

The Investment Sub-Committee are responsible for identifying and monitoring suitable investment managers on a regular quinquennial basis. The basis of the investment managers remuneration will be that detailed at the time of their being appointed investment managers. The advisors should be notified that reasonable notice should be provided to the trustees in the event of the investment managers amending its fee and commission regime.

The base currency of the investment portfolio is Sterling.

### **Liquidity Requirements**

Investment funds are generally not disinvested, their aim is to provide income and capital growth. Money that is required at short notice is held by the investment advisers and not included in the main portfolio. The Portfolio should not hold any significant amounts in cash unless requested for a specific project.

Monies can only be incorporated into the main portfolio on 1 of January, 1 of April, 1 of July and 1 of October in any one year.

Income that has accrued in each month is to be transferred to St Davids Diocesan Board of Finance Legacies bank account within 30 days of the respective month end.

### **Time Horizon**

The Board is expected to exist in perpetuity and investments should be managed to meet the investment objective and ensure this sustainability.

The Board can adopt a long-term investment time horizon.

### **Ethical Investment**

As a Christian Church, we are tasked to co-operate with God's active presence in the world and with proclaiming the values of the kingdom of God. This means that the Church has a particular interest in promoting all that furthers justice and peace, that enables full human flourishing, that honours creation and that builds creative human communities.

The Church in Wales wishes to have an investment policy that is ethical and consistent with the furtherance of our aims and objectives. We believe that it is entirely appropriate and possible to operate such a policy alongside the requirement to achieve the best returns from our investment, and to use our investments as an ethical means of contributing to the cost of ministry and mission in the Province.

Our aim is to invest in successful companies that are committed to developing their business in the interests of their shareholders, customers, local communities and employees by operating:

- Responsible employment practices;
- Conscientious corporate governance;
- Policies and practices which demonstrate a proper regard for the environment and for the well-being of the created order;
- Policies sensitive to the human rights and well-being of individuals and communities in which they operate;
- Fair trading practices.

In its policy for investment, the Church in Wales will use its best endeavours not to be associated with companies whose products or policies conflict with these aims or to invest in companies which:

- Are responsible for the wanton despoliation of the environment;
- Are responsible for anything that threatens peace, security and communal well-being;
- Exploit, demean, corrupt or degrade humankind, especially the poor or the financially vulnerable;
- Are indifferent to the well-being of animals.

We recognise the complexities surrounding the activities or companies in which we can invest, and reserve the right to make investment decisions on a case-by-case basis. We will endeavour to engage with companies which are in actual or potential breach of this policy or where concerns exist over governance and social responsibility issues before considering disinvestment.

The Church in Wales wishes to be a well informed and responsible investor, and to this end is represented on the Church Investors Group, which is a means of accessing research, obtaining reliable information, sharing best practice with other member organisations and exercising combined shareholder influence.

A valuable relationship exists between the Investment Committee and the Church in Wales Ethical Investment Group to which the Committee refers problematic cases, and from which it receives an annual report.

The Diocese of St Davids fully concurs with the policy of the Church in Wales as above.

It is the policy of St Davids Diocesan Board of Finance not normally or knowingly to invest in any company:

- which derives more than 20% of turnover from a primary focus on gambling, or the production or sale of alcoholic beverages or tobacco products;
- which derives more than 5% of turnover from pornography, predatory lending activities or the proliferation of armaments beyond areas of legitimate defence and international peace-keeping.
- which derives more than 10% of turnover from the extraction of thermal coal or the production of oil from tar sands.

### **Management, Reporting and Monitoring**

The Board has appointed a professional investment management firm to manage the assets on a discretionary basis in line with this policy. An investment management firm will be required to comply with all applicable laws, rules and regulations.

The investment manager provides custody of assets. They are required to produce a valuation and performance reports quarterly. At the end of each calendar quarter a valuation and accompanying report is to be provided encompassing the following:

- A list of all investments held together with their respective book costs, current market value and estimated income and yield
- A performance analysis for the period covered by the report (quarterly)
- A transaction schedule detailing both purchases and sales
- Details of any non-market transactions and rights issues, capitalisations or other corporate actions
- A detailed review of the market environment for the period including specific comment on the individual holdings in the portfolio and any other economic considerations that are relevant

The Investment Sub Committee has responsibility for agreeing strategy and monitoring the investment assets. The Sub Committee meets six times a year to authorise any withdrawals and incorporations and to review the portfolio, including an analysis of return, risk and asset allocation. Performance will be monitored against agreed benchmark (Rathbones bespoke benchmark).

The investment manager is required to be present at two of the Investment Sub Committee's meetings. In addition to complying with the specific requirements detailed in the investment policy statement the appointed investment manager must pay heed to the general power of investment embodied in Section 3 of The Trustees Act 2000. All investments should be suitable and overall constitute a degree of diversification as required by Section 4 of the Trustees Act 2000.

The Investment Sub-Committee is to report formally to the Executive Committee in their meeting. The trustees are aware that the ongoing review and analysis of investment managers is just as important as the due diligence implemented during the manager selection process.

### **PLANS FOR FUTURE PERIODS**

The Board is considering the following short to medium term issues:

### • Charities Act 2011

The Board is aware of the implications of this legislation on individual parishes and, in conjunction with the Representative Body of the Church in Wales, is advising and assisting parishes. Currently only those parishes with an income in excess of £100,000 have had to register. Parishes with an income below £100,000 continue to be excepted and do not need to register with the Charity Commission and this temporary exemption has been extended until 31 March 2021.

### Land Registration

Any land identified as being held by the Board will be registered as a matter of policy. The Board continues to proactively identify the basis on which it holds the land/property e.g. as custodian trustee, whether it is subject to a reverter or owned by the Board.

### • Ministry Share

To endeavour to contain the increases of Ministry Share to ensure that it is sustainable and collectable and to monitor the level of arrears.

The risk policy is reviewed annually by the Executive Committee and updated where necessary. The Board considers that the principle risks are the non-collection of Ministry Share, any variance in the agreed level of the Representative Body grant and a potential under performance of the return on investments.

### **FUNDS HELD**

The Board also holds investments and land and buildings as Custodian Trustee. The Board has commenced work on an exercise which will identify all those assets held as custodian trustee.

### PERMANENT ENDOWMENT INVESTED ON TOTAL RETURN BASIS

### STATEMENT OF TRUSTEES' RESPONSIBILITIES

The trustees (who are also directors of St. Davids Diocesan Board of Finance for the purposes of company law) are responsible for preparing the Trustees' Report (incorporating the strategic report and directors' report) and the financial statements in accordance with applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102: *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and

The trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware;
   and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE ST DAVIDS DIOCESAN BOARD OF FINANCE

### **Opinion**

We have audited the financial statements of The St Davids Diocesan Board of Finance (the "Charity") for the year ended 31 December 2017 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102: The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Charity's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Charity's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Charity's members as a body, for our audit work, for this report, or for the opinions we have formed.

In our opinion, the financial statements:

- give a true and fair view of the state of the Charity's affairs as at 31 December 2017 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties
  that may cast significant doubt about the Charity's ability to continue to adopt the going
  concern basis of accounting for a period of at least twelve months from the date when the
  financial statements are authorised for issue.

### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE ST DAVIDS DIOCESAN BOARD OF FINANCE

#### Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report (incorporating the strategic report and the directors' report) for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the trustees' report (incorporating the strategic report and the directors' report) have been prepared in accordance with applicable legal requirements.

### Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Charity and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' Annual Report [including the Strategic Report].

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us;
- the financial statements are not in agreement with the accounting records and returns;
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not obtained all the information and explanations necessary for the purposes of our audit.

### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE ST DAVIDS DIOCESAN BOARD OF FINANCE

### Responsibilities of the trustees

As explained more fully in the trustees' responsibilities statement set out on page xx, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the trustees are responsible for assessing the Charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the Charity or to cease operations, or have no realistic alternative but to do so.

### Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities]. This description forms part of our auditor's report.

### 1 Accounting policies

#### **Charity information**

The charity is a private company limited by guarantee incorporated in England and Wales. The registered office is Diocesan Office, Abergwili, Carmarthen, Carmarthenshire, SA31 2JG.

### **BASIS OF ACCOUNTING**

The financial statements have been prepared under the historical cost convention with the exception of freehold properties, which are included at their fair value, and fixed asset investments, which are included at their fair value at the Balance Sheet date. The financial statements have been prepared in accordance with the charity's governing document and in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (as amended for accounting periods commencing from 1 January 2016) — (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006. The charity is a Public Entity as defined by FRS 102.

The accounts are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The principle accounting policies are as follows.

### Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

#### **INCOME**

All income is included in the SOFA when the charity is legally entitled to the income, ultimate receipt is probable and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

### **Ministry Share**

Ministry Share is recognised as income in the year in which it is receivable.

### Legacies

Legacies are accounted for when received or, if before receipt, there is sufficient evidence to provide the necessary certainty that the legacy will be received and the value can be measured with sufficient reliability.

### **Grants Receivable**

The charity receives grants from the Welsh Government towards the building costs of church schools and from the Representative Body of the Church in Wales towards the management costs of the Board of Finance. Grants are recognised in full in the SOFA in the year in which they are receivable.

#### **Investment Income**

Dividends and interest are accounted for as and when they are receivable.

#### **INVESTMENTS**

Marketable investments are shown at fair value (that is their middle market value) at the balance sheet date. The net surplus or deficit on revaluation during the year is pro-rated to the specific fund, based on the number of units, as a percentage of the total units to which the investment relates.

#### **EXPENDITURE**

All expenditure is included on an accruals basis and recognised when there is a legal or constructive obligation to pay for expenditure. All costs have been directly attributed to one of the functional categories of resources expended in the SOFA with the exception of support costs which comprise management and administration costs. These have been apportioned over charitable activity expenditure on the basis of costs for each category prior to the inclusion of support costs. The charity is not registered for VAT and accordingly expenditure is shown gross of irrecoverable VAT.

### **TANGIBLE FIXED ASSETS**

### **Land and Buildings**

Freehold property is included at its revalued amount as the Trustees are of the opinion that this gives an accurate reflection of its fair value, as it is the Trustees' policy to ensure these properties are fully maintained.

No depreciation is provided on freehold property, as the Trustees are of the opinion that these buildings are maintained in such a state of repair that their residual value is at least equal to their fair value. As a result the corresponding depreciation charge would not be material and therefore is not charged in the SOFA.

Leasehold premises are amortised over the term of the lease.

### **Reverters**

Where on the disposal of properties held by the charity as custodian trustee, reverters exist, the proceeds of disposal, net of all costs and taxation, are remitted to the revertee. Investigation into the reverter status is made as and when such properties are returned to the custodian trustee.

#### **Heritage Assets**

The Board holds land and buildings as custodian trustee and derives no financial benefit from these assets unless or until disposed of. Other properties held by the Board, which consist of church and school properties, are classified by the trustees as heritage assets under the terms of SORP 2015.

Following the publication of SORP 2015 – section 18 – Heritage Assets, the Executive Committee of the St Davids Diocesan Board of Finance has reconsidered the nature of its heritage assets.

Many of these properties were acquired without cost as a result of bequests or transfers and the Executive Committee does not consider it practical or appropriate to attribute any value to them in view of the significant costs involved in the reconstruction or analysis of past accounting records and the onerous nature of the valuations compared with the additional benefit derived by users of the accounts.

Expenditure which, in the Executive Committee's view, is required to prevent deterioration of these assets is recognised in the Statement of Financial Activities when it is incurred.

### Office Furniture and Equipment

Office furniture and equipment is stated at cost less depreciation. Depreciation is provided at a rate calculated to write off the cost of those assets, less their estimated residual value, over their expected useful lives at 10% - 33%% straight line.

From 1 January 2010 it has been agreed that office furniture and equipment costing less than £1,000 will be written off in the year of purchase.

### **Holiday Lets Furnishings and Fittings**

Furnishings and Fittings are stated at cost less depreciation. Depreciation is provided at a rate calculated to write off the cost of those assets, less their estimated residual value, over their expected useful lives at 10% - 33½% straight line.

#### **PENSIONS**

The charity operates a defined contribution scheme for its employees.

The funds of the defined contribution scheme are held in funds separate to those of the charity in independently administered funds. The pension cost charge represents the amounts payable by the charity to the funds in respect of the year.

#### **BAD DEBTS**

A general provision is made for bad debts if recoverable amounts are deemed irrecoverable.

#### **FUND ACCOUNTING**

Funds held by the charity are:

Unrestricted General Funds – these are funds which can be used in accordance with the charitable objects at the discretion of the trustees.

Designated Funds – these are funds which have been transferred from the Unrestricted General Funds to be used in accordance with the charitable objects at the discretion of the trustees.

Restricted Income Funds – these are funds that can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Restricted Capital Endowment Funds – these are funds which have been entailed over many years and relate in the main to funds held on behalf of parishes. Investment returns are released to the parishes, where applicable. When returns are not released, they are retained by the Board within this Fund. Any capital gains or losses arising on the investments form part of that fund. Investment management charges relating to the fund are charged against the fund.

Further explanation of the nature and purpose of each fund is included in the notes to the accounts.

#### **Financial Instruments**

Financial assets and financial liabilities are recognised when the trust becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are measured at transaction price (including transaction costs). The trust only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. With the exception of fixed asset investments, basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

### **Prior Period Adjustment**

The comparative figures have been restated due to a prior period adjustment, as a result of identifying historical restricted capital funds of £211,860 which were in fact custodian funds and were therefore not the charity's assets.

### 2 Critical accounting estimates and judgements

In the application of charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Opening and closing balances include amounts received in advance. Paid amounts represent cash received and discounts allowed.

The opening balances at 1 January 2016 together with the 2016 Ministry Share allocation figure have been amended to reflect boundary changes.

The amount of arrears covered by these agreements at 31 December 2017 amounted to £31,820 (2016 £44,119).

<sup>\*</sup> Signifies that within this Deanery, some churches have entered into a 'Ministry Share Arrears Agreement' to repay the arrears over an agreed repayment period.

No depreciation is provided in freehold property as the Trustees are of the opinion that these buildings are maintained in such a state of repair that their residual value is at least equal to their fair value. As a result the corresponding depreciation charge would not be material and therefore is not charged to the SOFA.

A valuation of the freehold property was undertaken at 31 December 2016, in accordance with the requirements of FRS102 and the fair value was adjusted to reflect the valuations.

#### FREEHOLD PROPERTY VALUATION

Numerous properties are registered with the Land Registry in the name of the Board. Exact ownership of some of these properties and any trustee status has, to date, been investigated on a case by case basis, with the Charity Commission and/or the Welsh Government.

In 2014 the Board awarded a contract to seek to ascertain the ownership of those properties with the intention of including those identified as being owned by the Board in its financial accounts. This work was completed in 2016. There is still additional work to be undertaken to ascertain the ownership of several properties. No value has been placed on properties which are either subject to a reverter or where it has not been possible to ascertain its status.

The freehold property relates to properties owned by the Endowed Schools Fund and includes one property which is leased and four former schools which are either used as church halls or a Community Association.

The leased property was valued at 31 December 2016 by an independent valuer, while the other four properties have been valued by Directors/Trustees.

#### LEASEHOLD PREMISES

The leasehold was taken out on 10 September 1973 for a period of 99 years and any improvements are written off over the unexpired period of the lease.

Following the renovation works on the Diocesan Office, which were completed late 2011, a new lease was to be re-drafted. It has now been agreed that the Board will purchase the property during 2018.

#### HERITAGE ASSETS

The Board holds land and buildings as Custodian Trustee which the Charities SORP 2015 (FRS 102) classed as inalienable assets.

The land and buildings are primarily used as schools and church halls. Due to the nature of the assets the Trustees of the Board are of the opinion that they fall within the scope of heritage assets given in the Charities SORP 2015 (FRS 102).

The age of the buildings vary significantly but the Board became Custodian Trustee of the majority of the properties between 1944 and 1947.
