Finance Principal Activities:

Aryana Aid Charity is a none-profit organisation which has authority under Charity Act 2001, subject to compliance with the Act, the Charitable Fundraising Regulation 2015 to raise funds for the welfare and development of widows and orphans primarily across Afghanistan.

It raises funds through personal and corporate donations, towards development of water sanitation Project, widow family sponsorships , orphan sponsorship, Health Mobility Support (wheelchair distribution program) winter packs, food Packages and Emergency shelters to displaced Refugees and special Qurbani - (Sacrificing of animals) and Eid gift distribution events among the orphans in Eid festival across Afghanistan.

The fulfilment of the above objectives is enshrined in our mission statement: -

“Aryana Aid works to protect children and their families in conflict zones around Afghanistan and Pakistan. By focusing on the three main pillars of education, opportunity and justice, our programs create sustainable peace for generations to come. We recognize that every community is unique with its own set of challenges and needs. Aryana Aid uses a locally-driven, long-term approach tailored to meet the specific needs of each community that champions local people as the drivers of change and peace”

Our vision is:

Education is vital for long-term peace, giving the next generation the skills and options necessary to reject conflict. War Child restores every child’s right to learn by pioneering new delivery methods such as radio-based learning for at risk girls, adapting curriculums and training educators to reach kids in conflict zones.

To be 'Inspired by the values of our faith, Aryana Aid is working towards tackling the root causes of poverty and creating a fairer world for everyone. We believe that every human being has the right to an education, access to clean water and food and the means to support themselves, their family and their community.

Our stories

Growing up in a war-zone like Afghanistan is hard enough. Years of conflict has claimed over millions lives, and left a staggering **amount of children out of school**, a lost generation in the making, But for kids without family, discrimination, violence and social exclusion characterize each day.

Aryana Aid works in Afghanistan and Pakistan to increase access to education by rebuilding schools, training teachers and offering **Accelerated Learning Programs** (ALP) to help orphaned kids catch up on years of missed education, we also provide our students with psycho-social counselling.

Helping kids in centre slowly learning to rebuild trust and hope for their future. With the encouragement of their teachers and mentors, **kids in centre now say they love to study.**

All children in war-zones face a unique set of challenges. But every child shares the right to a childhood, complete with education, security and care. With the support of donors like you, we can continue to give the most vulnerable kids in war-zones a shot at a brighter and better future.

STRATEGIC REPORT

Review of achievements and performance for the year

The Trustees of Aryana Aid, in acknowledging with deep gratitude the hard work of our dedicated staff and volunteers and the unwavering commitment of our supporters and donors are pleased with the progress made by the charity during the year beginning 1st April 2017 to 31st March 2018.

In fulfilling our objectives in accordance with our mission to be at the forefront in delivering relief from poverty, our aim is being realised through the efficient response of our teams to reaching those most in need in places across Afghanistan, as well responding to emerging crises like the plight of internal displaced refugees escaped from war - zones in Afghanistan

The success of strategy to respond efficiently and quickly to reach those in need has been seen very clearly on the ground with lives being saved and beneficiaries in these regions having their basic needs met. Emergency interventions such as these are part of the immediate and short-term strategies to meet the objectives of Aryana Aid in accordance with its mission and in fulfilment of its vision.

Our development programmes in education as well as the provision of clean water and sustainable livelihoods aim to provide long term solutions to relieving poverty and waterborne diseases, as well as education to those in need with a special focus on orphans.

These projects also continue to serve an increasing number of individuals and widow families across some of the most deprived areas across Afghanistan.

The Water Sanitation and Hygiene (WASH) programme of Aryana Aid has evolved, in order to provide increased access to safe drinking water as well as promoting health and hygiene through training and awareness, ultimately leading to a reduction in water borne diseases in the target communities.

The participatory and consultative approach in the design of our safe water and sustainable livelihoods programmes allows not only engagement of all stakeholders, but ensures that services and resources are appropriately managed and maintained by local leaders and Community Based Organisations.

Education remains at the core of Aryana Aid's long-term development work and 2018 saw further improvements at Aryana Aid schools in terms of infrastructure and the quality of care and education they deliver. The monitoring of performance in our schools has become more standardised and robust, and is beginning to show remarkable improvements in the standards of all of the locations in which the new monitoring procedures have been implemented most notably in Pakistan and Afghanistan.

We believe that by providing education, clean water and sustainable livelihoods, beneficiaries can be lifted out of poverty and their health and mental well-being improved. At home in the UK and Afghanistan, Aryana Aid's Community Development team has carried out a range of projects, partnering with Gift for Humanity Organisation in supporting the needy people in the rural areas in the regions.

Objectives, Vision, Mission and Activities

Aryana Aid objectives are:

The first change is being informed, Aryana Aid determine to create awareness that children under the age of eighteen by and large make up about half of all refugee and displaced peoples in the world. And yet it's very rare that we hear about the unique challenges that they're facing or that we even hear their voices.

We often see catastrophic images of children so we know that war has a devastating psychological and physical impact, but at the same time we often don't think about what that means in terms of where we should be investing our humanitarian assistance to make sure that these children have the support to recover and move forward with their lives and build brighter futures.

We believe that when it comes to eradicating war and addressing some of the challenges in terms of the cycles of violence and poverty, that children are our greatest asset and solution. When we invest on them and invest in their communities; that's when we can be most effective.

Summary of operations 2017-2018

Evaluation and Effectiveness

Aryana Aid charity has three key Strategic goals for the 2018-2020 periods:

- * **Goal 1: Empower Afghan women to make a positive and permanent impact on their lives and their community:**
- * **Goal 2: Improve organisational effectiveness:**
- * **Goal 3: Enhance relationships with donators:**

These goals reflect the organisation's commitment to transitioning from immediate aid assistance towards development programs that promote long term individual and community empowerment and capacity building through stronger organisational efficiency.

These goals form the basis for Aryana Aid Charity's evaluation of effectiveness for its operations. The projects implemented by Aryana Aid Charity in the 2017 - 2018 financial year emphasises this commitment to permanent change for our beneficiaries over welfare dependency.

The organisation conducts internal evaluations and reviews projects to monitor progress, risk management and beneficiary impact. Each project concept is developed and assessed on how its goal, objectives and outcomes align with the Strategic Plan.

The development of a logical framework for each project breaks down the objectives, outputs and outcomes for the project being delivered as well what means of verification and evidence is used to assess how well these are being achieved throughout the year.

These are reviewed regularly in consultation with project staff in Kabul to understand what is working and where changes can be made for better progress. Through regular communication with Aryana Aid Charity's Afghanistan office, qualitative and quantitative data is collected from each project site to assist in the evaluation of project effectiveness and beneficiary impact.

Aryana Aid is in the processes of implementing a regular reporting system for each project which monitors progress in relation to financial management, beneficiary impact, internal operations and learning and growth outcomes to achieve a well-rounded understanding of project progress and outcomes.

Aryana Aid encourages to reach out to the organisation should they wish to offer feedback or make a complaint about an aspect of Aryana Aid Charity's operations in UK and Afghanistan.

Aryana Aid Charity reviewed and updated its Complaints Handling Policy to make the process for reporting feedback and complaints easier and more inclusive. Aryana Aid Charity sees any complaint or feedback as a key way to make improvements within the internal operations of the organisation and the activities undertaken.

Aryana Aid Charity has maintained its strong development presence within Afghanistan for the 2017-2018 financial year and has experienced positive progress for key projects. The year was a turning point for cementing the organisation's commitment to strong organisational operations leading to sustainable development work with long term positive impact for beneficiaries. Education, whether it is formal schooling, vocational training or early childhood development, has been a key focus for the organisation.

Aryana Aid Charity has expanded operations into a new province this year with the opening of a community more centres in Ghazni province that offers learning and social networking opportunities for 85 widows in the local area whilst also providing regular access to nutritious fruit and vegetables for the widows' families.

The opening of the Kabul Education Centre during the financial year has seen a rapid growth in attendance rate with the project being so popular with the local Kabul community that more teaching staff have been hired to accommodate demand.

Education project for the children commenced with 1220 number of children attending school comprised of (740 girls / 480 boys) to the end of financial year, the children education centre has been expanded. This ensures that more children can receive the social, educational and mental development offered by early education that eases the transition into formal schooling year.

This project has been so successful that Aryana Aid Charity has commenced work to open another centre at the coming months.

Financial Health

The 2017-2018 fundraising year saw Aryana Aid Charity generate more than £ 183K in revenue as per the budgetary expectations of the organisation. This has allowed us to maintain our aid and development work within Afghanistan and Pakistan despite adverse conditions including other prominent international crises being the focus of international attention and a declining exchange rate between the UK and United States currencies.

Aryana Aid Charity introduced a number of cost saving measures within our UK office to ensure the organisation's commitment to our beneficiaries in Afghanistan remained strong and the impact of the declining exchange rate had a minimum impact.

Aryana Aid Charity's operating ratios are quite healthy and as of the end of financial year the organisation's cash balance is sufficient to cover at least 3 months of actual expenses required to operate the organisation.

Future developments

We are not powerless any one of us can affect change on that front. We can do it by asking very critical questions in terms of our own investments and staying clear of products that unintentionally contribute to or profit from war, But we can also make sure that we're moving forward in terms of our aid and making them maximally effective.

The things that Aryana Aid does every day take time they're generational changes that take more than a decade to really realize the gains and to see the impact. It does take time; it takes a consistent amount of effort and investment.

I would say to anybody who's interested in supporting change that they can be a part of a movement that sees the world in a more inclusive, respectful, and more hopeful way.

We're not powerless. That we don't have to choose to sort of sit by and wash our hands of someone else's suffering. That we can actually be a part of something that works tirelessly to change that.

INCOMING RESOURCES

Recognition of incoming resources	These are included in the Statement of Financial Activities (SoFA) when: <ul style="list-style-type: none"> the charity becomes entitled to the resources; the trustees are virtually certain they will receive the resources; and the monetary value can be measured with sufficient reliability.
Incoming resources with related expenditure	Where incoming resources have related expenditure (as with fundraising or contract income) the incoming resources and related expenditure are reported gross in the SoFA.
Grants and donations	Grants and donations are only included in the SoFA when the charity has unconditional entitlement to the resources.
Tax reclaims on donations and gifts	Incoming resources from tax reclaims are included in the SoFA at the same time as the gift to which they relate.
Contractual income and performance related grants	This is only included in the SoFA once the related goods or services have been delivered.
Gifts in kind	Gifts in kind are accounted for at a reasonable estimate of their value to the charity or the amount actually realised. Gifts in kind for sale or distribution are included in the accounts as gifts only when sold or distributed by the charity. Gifts in kind for use by the charity are included in the SoFA as incoming resources when receivable.
Donated services and facilities	These are only included in incoming resources (with an equivalent amount in resources expended) where the benefit to the charity is reasonably quantifiable, measurable and material. The value placed on these resources is the estimated value to the charity of the service or facility received.
Volunteer help	The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.
Investment income	This is included in the accounts when receivable.
Investment gains and losses	This includes any gain or loss on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to pay out resources.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	These are only recognised in the accounts when a commitment has been made and there are no conditions to be met relating to the grant which remain in the control of the charity.

ASSETS

Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least £500. They are valued at cost or a reasonable value on receipt.
Investments	Investments quoted on a recognised stock exchange are valued at market value at the year end. Other investment assets are included at trustees' best estimate of market value.
Stocks and work in progress	These are valued at the lower of cost or market value.

**Respective
responsibilities of
trustees and examiner**

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144 of the Charities Act 2011 (the Charities Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the Charities Act,
- to follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act, and
- to state whether particular matters have come to my attention.

**Basis of independent
examiner's statement**

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

**Independent
examiner's statement**

In connection with my examination, no matter has come to my attention (other than that disclosed below *)

1. which gives me reasonable cause to believe that in, any material respect, the requirements:
 - to keep accounting records in accordance with section 130 of the Charities Act; and
 - to prepare accounts which accord with the accounting records and comply with the accounting requirements of the Charities Act have not been met; or
2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
