- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The charity is structured as a trustee led organization and is entirely led by volunteers. There are no directors or reporting structures, but the trustees must communicate updates to the group.

Periodic reporting requirements exist for all projects receiving funding. Trustees provide training and guidance on processes to meet these requirements.

There is a child protection policy in place that we adhere to strictly. Each project has committed to adhering with this policy. Any breach of our child protection policy will result in a thorough investigation. Any project failing to support such an investigation will result in the immediate termination of funding. In addition, the process following non-compliance with this policy has been communicated to all program managers.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To enable more promising futures for children in Lesotho through the use of food and food-related programs. We will work closely with the local communities at our programs so that they can be increasingly locally sustainable, giving people the opportunity to feel in control, while allowing Msizi Africa to expand its operations to other communities.

During the period, our primary activity has been the management of feeding projects in three villages in the Mphahle's Hoek district of Lesotho. We see this region as the core of our operations and we aim to expand our operations to other communities in this area.

We confirm that the trustees have had regard to the Charity Commission's guidance on public benefit.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

We allocate a small percentage of our annual budget to contingency projects. These comprise projects that benefit the children and young people at our programmes beyond the remit of food and food-related programmes.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

We continued to provide a consistent level of support to the programmes that we have committed to, while putting in place steps to expand our programs to two additional villages in the year following the period covered by this return.

The children we support are well and are receiving nutritious food. They are developing healthily and in line with the World Health Organisation guidelines with respect to weight for age, height for age and body mass index.

Connections with women in the local villages running the feeding programme continued to be strengthened during the period and the development of the feeding centres progressed.

Our Lesotho Country Director continues to be reliable and ambitious in growing the capabilities of the organisation and has provided Msizi Africa with a strong model for future expansion in Lesotho.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity's policy is to maintain reserves at an appropriate level throughout the period which should be equivalent to six months' worth of budgeted project costs. This may include taking advantage of weaknesses in the South African Rand to buy ZAR in advance at a preferential rate and maintain a reserve with the currency exchange company.

Details of any funds materially in deficit

None.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
