Report of the trustees (incorporating the directors' report)
for the year ended 30 June 2018

The trustees present their report and the financial statements for the year ended 30 June 2018. The trustees, who are also directors of Veritas College International for the purposes of company law and who served during the year and up to the date of this report are set out on page 1.

Structure, governance, management and public benefit statement

Veritas College International (VCI) has complied with the duty in section 4 of the 2006 Charities Act to have due regard to guidance published by the Charity Commission (i.e. public benefit statement). VCI is an organisation whose mission is to serve the church in its various expressions at grassroots level around the world. This mission is fulfilled by training church leaders and believers who will be able to train others, using a curriculum which approaches and methodologies to facilitate the following processes: Interpret the Bible in a practical and responsible way; apply the obtained absolutes of the Bible in a specific context and communicate the absolutes in the specific context.

VCI works internationally via National Colleges with a focus in areas where there is a need for practical, professional or academic biblical training and/or where time or resources are limited. VCI training takes place in existing churches of any denomination or in church planting settings. The training aims to be integrated into the life and ministry of the church. Since 1992, VCI has become a key provider of grassroots theological training in over 40 countries. Since 2006, accredited training is now available in 8 countries.

The underlying governing document for VCI is the Memorandum and Articles of Association. The document was originally signed on 23rd November 1991 and amended by a special resolution dated 6th November 2007. The Certificate of Incorporation on Change of Name was issued on 19th December 2007. Trustees are recruited to the international board by assessing their experience and commitment to the ethos of VCI. The aim is to give the board a wide perspective of expertise and oversight to ensure the college is well managed.

VCI's board is the ultimate decision maker for the charity's operations and is the custodian of the charity's assets. The board will have agreements with affiliated organisations that will be permitted to operate Veritas training within agreed policies and procedures. There will be intellectual property licensing to affiliated organisations to permit the effective local training and management with the aim of protecting the reputation and goodwill of Veritas College. The CEO is instrumental in ensuring board decisions are carried out within the international college structure.

Objectives and activities

Our objectives in the last year were to support our existing international training networks; to ensure the training is to the right standard, funded and adequately staffed; to implement the accreditation training that is enabling students to have recognised qualifications from the West Australian Government using their vocational training in a practical and cultural setting; to implement the post-graduate training authorised by the State of Colorado; to work towards accreditation for the post-graduate US qualifications offered by VCI registered in the USA; to keep the VCI network updated on policies and procedures; to ensure consistency for national college agreements and to maintain good reporting of training throughout the network. VCI board members are endeavouring to meet and liaise with National College directors, local staff and local board members.

Achievements and performance

All areas of training have been maintained. The number of student enrolments of the Foundation Training was 17,073 this year in 43 countries and the number of module classes has grown to 1,464. In general we have limited growth into new territories to preserve our resourcing and funding.

The Australian accredited training has been advanced by various cohorts preparing themselves to apply for recognition of prior learning (RPL) at the VCI entity in Australia. Good progress has been achieved in this.

Report of the trustees (incorporating the directors' report)
for the year ended 30 June 2018

Through the VCI entity established in the State of Colorado USA, a 4th cohort in the MA in Biblical Ministry is running in Egypt and a 1st cohort is running in Texas, USA. This institution is moving forward by applying for Candidate Status from the Association of Biblical Higher Education (ABHE) in the USA. This accredited body is associated to the World Evangelical Alliance of which VCI is an associated member.

The processes to monitor and ensure high levels and timely reporting, accounting and administration by the network of the training colleges are well in place.

Financial review

Veritas has generous donors who continued to support our ministry this past financial year. Our board and their families set an example by providing more than 20% of all donations received by the VCI network of colleges. Our charity's main revenue stream was generated by donations and grants received from our global donor base of churches and individuals, as well as Christian foundations that partner with us to fund the training activities. Income generated from training activities in the past financial year was higher than the previous financial year but it represents only about 8% of our total income. The donations received for general & restricted use in the United Kingdom were lower than prior years. However, globally we received sufficient donations & grants that supported our work for which we are very grateful. In September 2017 a number of key leaders in our ministry attended a fundraising training project in South Africa. This training project has already brought more ownership and accountability to regions. Our long term goal is to see local Veritas staff, churches and volunteers raising more support within their own countries. A key benefit of Veritas continues to be the number of more than 600 volunteer facilitators who are involved in the charity. The approach to serve networks of churches and organisations, leads to many of them making their facilities and staff available to run the training. This approach to training helps to make for a very cost effective charity.

Grant making policy

Funds that are received for a specific country or project (called restricted funds) are safeguarded to be used for only that purpose. Just before the beginning of a new financial year all the countries within the network must submit budgets for the new financial year. The VCI board will allocate in their discretion budgeted unrestricted funds to the various National Colleges.

Principal funding sources

The principal funding resources of VCI were trusts, churches and individuals.

Nature of risks

The charity is dependent upon donors to fund the training. Whilst tight accounting procedures and audits are part of the college ethos, there is a risk that some monies could be misused causing a breakdown of trust between donors and the charity. The continuing global financial crisis will undoubtedly put some strain on funds. A key benefit of Veritas training is the multiplication effect where those that have been trained, train others. There are specialised training courses for the trainers and other checks to ensure high levels of quality training is maintained but there could be some dilution in the teaching quality with a potential reputation risk. The growth of our training brings increased workloads, which require the assessing of new staff and resources, which are regularly reviewed by the VCI board.

Plans for future periods

The charity plans for the future include: To continue to investigate options to preserve the uniqueness of the college, whilst exploring how the ethos and momentum of the college can be passed on to the next generation of leaders.

To apply existing accredited and authorised training in such a manner that it could be used in order to maximise its benefits to the whole training network.

Report of the trustees (incorporating the directors' report)
for the year ended 30 June 2018

Statement of trustees' responsibilities

The trustees (who are also directors of Veritas College International for the purpose of company law) are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and which enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Small company provisions

This report has been prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006.

Independent examiner's report to the trustees on the unaudited financial statements of Veritas College International.

I report on the accounts of Veritas College International for the year ended 30 June 2018 set out on pages 2 to 12.

Respective responsibilities of trustees and independent examiner

The charity's trustees (who are also the directors of the company for purposes of company law) are responsible for the preparation of the accounts. The trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the Act) and that an independent examination is needed. It is my responsibility to examine the accounts under section 145 of the Act; to follow the procedures laid down in the General Directions given by the Charity Commission under section 145(5)(b) of the Act; and to state whether particular matters have come to my attention. I confirm that the accounts are not required to be audited under Part 16 of the Companies Act 2006.

Basis of independent examiner's statement

My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- (i) which gives me reasonable cause to believe that in any material respect the requirements:
 - to keep proper accounting records in accordance with section 386 of the Companies Act 2006; and
 - to prepare accounts which accord with the accounting records, comply with the accounting requirements of section 396 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charitieshave not been met; or
- (ii) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Notes to financial statements
for the year ended 30 June 2018

1. Accounting policies

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and the preceding year.

1.1. Basis of accounting

These accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and with the Companies Act 2006 and the Charities Act 2011.

1.2. Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Donations and legacies are included in full in the statement of financial activities when receivable.

Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included.

Income from investments is included in the year in which it is receivable.

1.3. Resources expended

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

1.4. Stock of books

Stock is valued at the lower of cost and net realisable value.
