Report of the Annual General Meeting of the Doctor Jackson Cancer Charity held 25th March 2019 in the Kings Croft Hotel, Sir William O'Brien (The President) presiding with 50 supporters in attendance.

The guest speaker Ms Kimberley Priestley addressed the meeting highlighting the changes of ***“Living with and Beyond Cancer”***.

The story of cancer has changed greatly in the last 50 years. In the 1970's people were mainly dying from cancer within one year, in 1990 this had improved to 2.5 years and in 2010 it had improved to 10 years meaning people were living with and beyond cancer.

This change is due to improvements in treatment, diagnosis and surveillance and while people are living longer, cancer is also on the increase. In 1990 1.2 million people were living with cancer and is estimated that by 2030 there will be 4 million.

Macmillan surveyed patients about their experiences and released a report in 2013 called 'cured but at what cost' which identified that while people were living longer and treatment has improved, they were not living well and were struggling to adapt to life following treatment. Many reported money problems, work problems, and emotional and physical concerns. **One patient described how they had been to hell and back and felt incredible alone after treatment.**

These reports and other research into patients experience identified a need for holistic care and resulted in the development of a cancer care task force. A strategy revealing six priorities was introduced.

- (1) Prevention of health (lung screening, obesity, etc.
- (2) Early diagnosis – faster and less restrictive.
- (3) To establish patient experience as important as clinical effectiveness.
- (4) Transform the approach to living with and beyond cancer recovery package.
- (5) Make investment to deliver a modern high quality service.
- (6) Overall process of commissioning – GCC cancer alliances.

The strategy recommends that all cancer patients will be offered the recovery package by 2020 which includes;

- HNA on diagnosis and end of treatment (talk about NHA)

- End of treatment summary (treatment, effects and recurrence)

- Cancer care review (GP)

- Health and well being support including financial, emotional and practical.

The Mid-Yorkshire Trust task force to meet toward achieving all components of the recovery package and bring together the cancer alliance, ccg, health care professionals, patients and Macmillan and have met since 2015.

This has resulted in many changes within the hospital to ensure that patients get the support they need.

Questions were answered by Ms Priestly and a very sound round of applause for her most interesting address given.

The meeting received the financial for the year advising of donations and income from the shops and fund raising events. A description of equipment and other resources provided to help cancer patients was presented to the meeting.

Trustees were elected.

The Mayor of Wakefield Cllr Stuart Heptinstall presented the civic greeting supported by the Mayor's of Normanton Cllr Denton Jones, The Mayor of Featherstone Cllr Clair Woodhead and the Mayor of Moorthorpe & South Kirkby Cllr Denise Falkener.

A thank you to all supported the charity was given with a special thanks to Kings Croft Hotel for all the help and support given throughout the year was expressed by Sir William O'Brien.

DR. JACKSON CANCER FUND
ACCOUNTS FOR THE YEAR ENDED
31 OCTOBER 2018

Independent Report on the Accounts

Respective responsibilities of the Trustees and the Examiner.

As the Fund's Trustees you are responsible for the preparation of the accounts and you consider that an audit requirement in accordance with Section 43 (2) of the Charities Act 1993 does not apply. Therefore, it is my responsibility to state, on the basis of procedures specified whether particular matters have come to my attention.

Basis of Independent Examiners Report

An examination, as in previous years includes a review of the accounting records kept by the Charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from you as Trustees. The procedures undertaken do not provide all the evidence that would be required in an audit and in the circumstances I do not express an audit opinion on the view given by the accounts.

Independent Examiners Statement

In accordance with instructions given to me, I have prepared, without carrying out an audit, accounts for the year ended 31 October 2018 from the accounting records of Dr. Jackson Cancer Fund and from information and explanations given to me, and certify the same to be in accordance therewith.
