# Ace Africa (UK)

## Annual Report and Accounts

### 2018

The Trustees of Ace Africa (UK) (the "Charity") present their report on activities for the year ended 31st December 2018.

The financial statements comply with the Charities Act 2011, the Companies Act 2006 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

## Constitution

Ace Africa (UK) is a charity registered with the Charity Commission for England and Wales (number 1111283) and is constituted as a company limited by guarantee (number 04726183). Its governing document is its memorandum and articles of association.

## Trustees

The Trustees are the directors and members of the Charity and are appointed by the Board. Under the articles of association there may be no fewer than three Trustees; there are six at present. Trustees are appointed by the board.

In selecting Trustees, consideration is given to their breadth of knowledge and the experience required by Ace Africa. Candidates are interviewed, and nominations presented for approval to the Board. New Board members receive appropriate documentation about the roles and responsibilities associated with becoming a Trustee and are given appropriate inductions.

Genevieve Lloyd stepped down from the Board in October 2018. We are very grateful for her contribution. Three additional trustees are being sought.

## Organisational structure

Trustees oversee the affairs of the Charity on a voluntary basis and meet as necessary for this purpose. Decisions are made by majority vote at meetings of trustees. The board focuses on the levels of unrestricted income/expenditure and reserves, to strike the right balance between the sustainability of the Charity and the effective delivery of the organisation's mission and objectives.

Ace has three full time and one part time staff member. In November 2018, one part time member of staff left on maternity leave. Another staff member resigned in June. The role of both staff was covered by a new full time hire, a Senior Trusts and Foundations Manager. A staffing committee has been maintained, to receive and discuss recommendations from the UK Country Director, comprising of the Chairman, David

# Ace Africa (UK) Annual Report and Accounts 2018

Montgomery, Lucy Demery and David Whitworth.

The Charity is fortunate to be able to use office space provided pro bono by the Lockton Companies LLP and we are very grateful to them for this extremely valuable support.

## Principal activities

Ace Africa UK is an independent charity, established in 2005 to raise funds for Ace Africa Tanzania (founded in 2008) and Ace Africa Kenya (founded in 2003). Ace Tanzania and Kenya are independent organisations, registered in their respective countries. All three organisations share a common vision: 'to enable children and their communities to participate in and take responsibility for their own health, wellbeing and development'. They also believe in a common approach:

- a long-term, sustainable approach to community development; when local people are able to take control of their future, our presence is no longer required
- working in partnership, with communities, government, other NGOs and donors. Communities identify problems and priorities, based on local context and needs
- interventions are research driven and evidence based – monitoring and evaluation shows what is working and what needs to be changed
- creating awareness of government services, and bringing these services closer to the community, bridging gaps that often exist. Ace works with government to ensure their services are innovative, cost effective and inclusive
- capacity building and advocacy empower communities and are central parts of all work

Having been dormant since 2009, Ace Africa USA was revived in 2018 to provide alternative sources of income from both individuals and grant making organisations. New trustees have been appointed and appropriate filings made. US fundraising in 2019 will depend on organisational priorities and capacity.

Ace Africa UK approaches trusts, foundations, companies and government funding agencies. Donors may then choose to make grants directly to Ace Kenya and Ace Tanzania, or ask Ace Africa UK to receive and manage the grant on their behalf, and provide relevant accountability to the donor. Ace Africa UK holds fundraising events and approaches individuals to raise funds forwarded as grants to Ace Kenya and Ace Tanzania to support their programmes; donations are managed under signed partnership agreements. Reports are received on the activities and progress towards each year's overall objectives.

Where appropriate Ace Africa UK may support other NGOs working in the same field.

## Operations supported by Ace Africa UK

Ace Africa Tanzania and Kenya work with vulnerable, marginalised people in low resource settings in Kenya and Tanzania. They build resilient, inclusive communities, helping them access high quality social services. We improve food and economic security, health and education by developing long term sustainable solutions in three programming areas: Child Development, Community Health and Community Livelihoods

- **Child Development**  
Giving children the skills and knowledge they need to build healthy, productive and fulfilling lives for

## Ace Africa (UK)

### Annual Report and Accounts

### 2018

---

themselves, their families and the wider community.

- **Community Health & Wellbeing**  
Providing the knowledge and training needed to make better decisions regarding health, and to work proactively to prevent the spread of diseases such as HIV and AIDS.
- **Community Livelihoods**  
Agriculture & nutrition (training in nutrition and in sustainable, organic methods of farming, developing community mentors and providing seeds, tools and technical support to improve food security for the long-term) and economic empowerment (skills and experience to secure economic independence).

Ace Africa Tanzania continues to work in 11 out of 27 wards in Arusha District, and on a project on Kome Island. In 2018 Ace celebrated its ten-year anniversary in Tanzania, reaching over 50,000 direct beneficiaries - 286,536 in total since we began our work in 2008. In partnership with the Ministry of Health, we were the largest provider of HIV testing services in Arusha District, testing 9,591 people during the year. We increased our work in schools, providing over 15,000 children with life skills and sexual health education. Through our Child Protection project we educated over 22,000 people on child rights and protection, and established six Child Protection Teams leading to 3,104 cases of abuse being reported (of which 82 per cent were resolved). In 2019 the charity is obliged to re-register under new NGO laws.

In the eight counties where Ace Africa Kenya is active, our work tackled women and girls' vulnerability to HIV, including work with over 18,000 Adolescent Girls and Young Women (AGYW) and 4,300 sex workers in Bungoma, increasing access to HIV prevention and treatment services. To improve some of the worst outcomes for maternal and child health in the world, Ace trained 217 Community Health Workers (CHWs) to provide proper obstetric care in Siaya County. We started a cooperative linked to Solar Irrigation Project supported by Power Africa Programme. Across our areas of operation we scaled up work across Child to Child clubs, Water, Hygiene and Sanitation (WASH) programmes and Child Rights.

Multi-year institutional grants secured in Kenya continue to constitute the majority of Ace Kenya funding. A significant portion links to USAID. Changes in their strategy have impacted Ace and confirmed the need to diversify fundraising.

A grant was agreed with the Vitol Foundation – signed by each Country Director - to facilitate research in Kenya and Tanzania, with a view to hiring in-country fundraising capacity. The grant to facilitate research, recruitment and hiring will conclude in February 2020.

Monitoring and evaluation continues to be revised further to feedback from donors. Key achievements are compiled annually in each country. By the end of 2018 Ace Africa Kenya and Tanzania had reached more than 1.6 million children and their families since 2003.

### Activities in the UK

The small UK office was established to fundraise for Ace Kenya and Tanzania. In addition to, and to facilitate, fundraising, communications work (eg. the annual review, web/social media and other bespoke materials) are produced with a minimum of external support. The annual review provides an on-going sponsorship opportunity and in 2018 the full costs of its production and distribution were met via corporate support, which will continue in 2019.

Liaison and collaboration with Ace Kenya and Tanzania on organisational and fundraising strategy is an

## Ace Africa (UK)

### Annual Report and Accounts

### 2018

---

essential part of the work of the UK office. This requires first hand knowledge and in January 2019 new and existing staff members visited the field. They gathered material for the 2018 review, assisted with reporting, and discussed UK fundraising priorities.

Ace works in partnership with different organisations and sectors. Developing partnerships with other NGOs allows Ace to share skills and learn new ones. Ace Africa UK continued a partnership with Haller, helping them improve their monitoring and evaluation; Haller trains Ace in advanced fish farming techniques. The UK and Kenya have facilitated the work of the Got Matar Community Development Group (GMCDG) in Kenya. In 2018 Ace began a partnership with a new partner, Chase Africa, a livelihoods project funded by the Dulverton Trust. The project is located in Bungoma, Vihiga, Kakamega in Western Kenya, Nukuru and Baringo Counties in the Rift Valley Kenya.

The majority of Ace Africa UK income is generated from Trusts and Foundations (including corporate trusts). Our senior and long-standing staff member working in this area was replaced in November. In advance of this her reduced presence due to pending maternity leave impacted the number and quality of applications made in advance for 2019. A low-cost recruitment process was successful and a handover took place between former and current post holders in October.

Four major donors (defined here as giving over £2,000) supported Ace, donating £79,792. This figure – donors and sum raised – declined compared to 2017 due to one donor ending their support and other donating at our 2018 gala, and their gift thus appearing in this total (see below). Our 'Friends of Ace' programme, which promotes giving by monthly direct debit, generated £10,357 and is targeted for growth.

Individual supporters took part in a variety of challenge events (London Marathon, British 10K, Prudential Ride London 100 and Royal Parks Half Marathon) – raising £14,638. Peer-to-peer fundraising (events organised by individuals for Ace) raised £5,594.

UK staff liaised with a number of UK schools, providing bespoke fundraising materials, or giving presentations. Eton College, Caldicott School, The Dragon School, Cothill School, Winchester College and All Hallows raised funds for our football league in Tanzania and other Ace Africa activities worth £11,030.

Our traditional biannual major fundraiser, a major gala, was held in November, delayed from the spring due to the changes in senior staff in 2017. It absorbed a large amount of staff time and raised £160,000, also serving as a donor cultivation event. With only two full time staff in post for the third and fourth quarter of the year, this labour intensive activity detracted from other fundraising activities scheduled for the year.

### Financial performance

Income in 2018 totaled £882,067, expenditure £954,001 of which £693,538 was grant making, £134,314 fundraising and grant application costs and £5,833 was governance costs. Donations and grants were £666,291. Of this £519,511 was restricted and £144,780 unrestricted.

Event income in 2018 was £167,763. The higher figure compared to 2017 reflects the holding of the gala event. Less than was expected despite a well-received event, a good quality guest list and auction lots. Analysis showed that a limited number of guests donated the majority of income, which replicated previous events but that major lots sold for half of 2016 totals – reflecting perhaps the financial climate.

Ace Africa UK supported Ace Africa programmes in Kenya and Tanzania during the year amounting to

## Ace Africa (UK)

### Annual Report and Accounts

### 2018

---

£693,538 of which £535,714 was for restricted purposes and £134,360 unrestricted grants. £23,463 was transferred to the Haller Foundation on behalf of the Innocent Foundation as part of our partnership agreement.

#### Reserves policy

The Trustees hold unrestricted reserves in order:

- to ensure continuity of the charity's activities and delivery of programmes in Africa in the event of unexpected circumstances or setbacks
- to fulfil legal obligations in the unlikely event that Ace Africa (UK) ceases to operate

The Trustees estimate the appropriate level of reserves for the above purposes is the higher of three months of unrestricted budgeted expenditure, calculated on the basis of the annual budget, or 10% of annual expenditure, calculated on the basis of the most recent full year.

Ace ended 2018 not meeting its reserves policy. This was primarily a result of the traditional source of unrestricted income, the 2018 gala, failing to reach 2016 levels (see above). Reserves at the end of the year were £25,938.

#### Future plans

The success of Ace Africa Kenya in securing institutional funding from 2016 onwards led to it generating the majority of its own income. However the demands of complex institutional funding have brought their own challenges. This emphasises the importance of diversifying in-country income sources, work in progress (as referenced below).

While sharing a common purpose, each entity continues to be independent. The agreement to continue to shift the organisational center of gravity to East Africa was implemented during the year and will continue in 2019, with the UK Board focusing on UK related fundraising matters. Progress was reviewed during the year both remotely and in person during visits to the UK by Tanzanian and Country Directors.

The two steps agreed last year to promote long-term sustainable organisational change remain the same, ie developing joint long-term, multi-year organisational and funding plans and scoping funding opportunities in East Africa / recruiting East African based capacity. A grant to support both these objectives was made by a corporate trust and work to these ends took place during the year. It will continue in 2019.

Over reliance on gala event income to generate UK income has been discussed at the Board and suggestions from the Country Director for 2019 to diversify income were agreed. First and foremost it was agreed that the Country Director will focus his efforts on Major Donor development, maximising the value of our network of supporters between gala events. This requires research, development and execution of a defined programme, with the active assistance of the Board members.

The aspiration to hold a second 'event' between galas remains an aspiration. Ace Africa capacity and contacts define what fundraising activities it is able to undertake. It is hoped additional Board related fundraising capacity may facilitate this in 2019.

With a small staff and the complex work and relations to be managed with both donors and our partner organisations in Kenya and Tanzania, 2019 UK fundraising targets were set at achievable levels. In-country fundraising during a less than certain financial climate in the UK remain essential part of the longer term group fundraising strategy.

# Ace Africa (UK)

## Annual Report and Accounts

### 2018

---

Work will continue to develop a CRM database to better understand, target and grow our supporters.

## Accounting policies

A summary of the principal accounting policies is set out in Note 1 to the accounts on page 16.

## Risk

At present there are no risks connected with the internal management and administration beyond those of staff infidelity, which are managed by supervision of income and accounting functions and are insured. The Charity makes grants to Ace Kenya and Ace Tanzania, which gives rise to risks of misappropriation or maladministration of such grants. These risks are managed by regular monitoring of Ace Africa financial and activity reports, including the receipt of audited financial reports, and visits to Ace Kenya and Ace Tanzania and their project areas by the Trustees and management of the Charity.

## Responsibilities of the board of trustees

The Trustees (who are also directors of the Charity for the purposes of company law) are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). Company law requires that the Trustees prepare financial statements for each financial year that give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the Trustees are required to:

- (i) Select suitable accounting policies and then apply them consistently;
- (ii) Observe the methods and principles in the Charities SORP;
- (iii) Make judgments and estimates that are reasonable and prudent;
- (iv) State whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- (v) Prepare the financial statements on a going concern basis unless it is inappropriate to assume that the company will continue in business.

The board of Trustees is responsible for maintaining proper accounting records, which disclose with reasonable accuracy at any time, the financial position of the charitable company, and enable them to ensure that the financial statements comply with the Companies Act 2006. The board of Trustees is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## Public benefit

In accordance with section 17 of the Charities Act 2011 the Trustees confirm that they have had regard to the

## **Ace Africa (UK)**

### **Annual Report and Accounts**

### **2018**

---

Charity Commission's guidance in relation to public benefit. The Trustees have referred to the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and in planning the Charity's future activities. In particular, the Trustees have considered how planned activities will contribute to the aims and objectives they have set.

### **Trustees' declaration**

So far as the Trustees are aware, there is no relevant information (as defined by Section 418 of the Companies Act 2006) of which the company's auditor is unaware, and each Trustee has taken all the steps that he/she ought to have taken as a Trustee in order to make himself/herself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Approved by the Board of Trustees and signed on its behalf by:

**David Montgomery**  
Chairman

# Ace Africa (UK)

## Annual Report and Accounts

### 2018

---

#### Statement of Trustees' Responsibilities

The trustees acknowledge their responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under that law the trustees have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the surplus or deficit of the company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# Ace Africa (UK)

## Independent Auditor's Report

### To the members of Ace Africa UK

---

## Opinion

We have audited the financial statements of Ace Africa UK for the year ended 31 December 2018 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and the related notes to the financial statements. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

## Basis of opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

## Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

## **Ace Africa (UK)**

### **Independent Auditor's Report**

### **To the members of Ace Africa UK**

---

#### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Trustees' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Trustees' Report has been prepared in accordance with applicable legal requirements.

#### **Matters on which we are required to report by exception**

In the light of our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the Trustees' Report and from the requirement to prepare a Strategic Report.

#### **Responsibilities of trustees**

As explained more fully in the Statement of Trustees' Responsibilities set out on page 9, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

## Ace Africa (UK)

### Independent Auditor's Report

### To the members of Ace Africa UK

---

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

#### Use of this report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs at 31 December 2018 and of its net income for the year then ended
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### 1. Accounting Policies

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and in the preceding year.

##### a) Basis of accounting

The financial statements have been prepared under the historical cost convention. The financial statements of the public benefit entity have been prepared in accordance with all applicable accounting standards, FRS102, the Statement of Recommended Practice (SORP), "Accounting and Reporting by Charities" revised 2015 (FRS102) and the Companies Act.

##### b) Fund accounting

- Unrestricted funds are available for use at the discretion of the trustees in the furtherance of the general objectives of the charity.
- Restricted funds are subject to restrictions on their expenditure imposed by the fund provider.

##### c) Income

All income is included in the Statement of Financial Activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Donations and legacies are received by way of grants, donations, sponsorships and gifts and are included in full in the Statement of Financial Activities when receivable. Grants where entitlement is not conditional on the delivery of specific performance by the charity, are recognised when the charity becomes entitled to the grant.
- Donated facilities and services are measured on the basis of the value of the gift to the charity, being the value that the charity would pay in an open market for an alternative item that would provide a benefit to the charity equivalent to the donated item. The value of services provided by volunteers has not been included in these accounts. Investment income is included when receivable.

##### d) Expenditure

Expenditure is recognised on an accrual basis as liabilities are incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

- Grants payable comprises amounts paid to the institutions within Africa that deliver the services for the beneficiaries. These costs are recognised when paid or if earlier when a constructive obligation to make the grant arises. These are indicated in the SOFA
- Costs of generating funds include those costs incurred which relate to fundraising or organisation of events.
- Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked with the strategic management of the charity.
- All costs are allocated between the expenditure categories of the SOFA on a basis designed to reflect the use of the resources. Costs relating to a particular activity are allocated directly. Others are apportioned as set out in note 3.

##### e) Grant making policy

The charity's grant making policy is outlined in the Trustees' Report.
