Risk

The Council identifies risk in relation to the investments and take appropriate actions to minimise the financial effect of that risk. The Council endeavours to identify the risks relating to their activities and take such action to avoid or minimise such risks.

Statement of trustees' responsibilities

Charity law requires the trustees to prepare financial statements for each financial year which show a true and fair view of the state of affairs of the charity and its financial activities for that year and of its financial position at the end of the year. In preparing those financial statements the trustees are required to:

- Set suitable accounting policies and then apply then consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards and statements of recommended practice have been followed, subject to any departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operational existence.

The Council is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The above report was adopted by PCC at its meeting on 4th March 2019
