# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### STRUCTURE, GOVERNANCE AND MANAGEMENT

#### Constitution

The Liverpool Roman Catholic Archdiocesan Trust (more commonly referred to as the Archdiocese of Liverpool) is a registered charity (No 232709), the governing instrument of which is a trust deed dated 18 March 1963. Its trustees are the members of Liverpool Roman Catholic Archdiocesan Trustees Incorporated, a body incorporated by order of the Charity Commissioners under the Charitable Trustees Incorporation Act 1872. The trustees of the corporate body are listed on page 1.

### Organisational structure and decision making

The Catholic Church has a worldwide nature and identity and could be compared with a gathering together of family, with a common purpose and faith in Jesus Christ. Canon law (the law of the Church) establishes the rights and responsibilities of each member of this community. Church law applies universally and locally. The worldwide Church community, centred on Christ, under the Word of God and in communion with the Pope in Rome, is governed by canon law. Under canon law the Archbishop of Liverpool is responsible for the activities of the archdiocese, a geographical area in part the north-west of England, which is a portion of the world-wide Church, making up the pilgrim People of God. He is assisted in archdiocesan executive matters by an auxiliary bishop and several vicars general and episcopal vicars with delegated responsibilities for strategic oversight in specific matters of the life of the Church.

The appointments of vicars general and episcopal vicars are made by the Archbishop of Liverpool; they are then normally appointed as trustees of the charity.

The affairs of the charity are governed by the trustees. The trustees are ultimately responsible for the administration and assets of the charity. The board of trustees, chaired by the archbishop, meets regularly to provide strategic direction and decision-making on key issues.

The pastoral oversight of the charity is conducted by the archbishop in regular consultation with the Archbishop's Council. This body assists the archbishop in all decisions affecting the life of the archdiocese. A majority of members of the Archbishop's Council are also trustees.

The archdiocese consists of 18 pastoral areas, each made up of groups of parishes in a given local area, in total containing around 200 places of worship, extending from the Mersey to the Ribble, encompassing parts of Merseyside, Lancashire, Cheshire, Greater Manchester and the Isle of Man.

The purpose of each pastoral area is to provide for the pastoral, sacramental and community needs of its people and it is overseen by the Parish Priests, whose work is coordinated by the dean. Each parish priest and all clergy are accountable to the archbishop. Parish priests are obliged by canon law to act in the person of the parish. They also act as the agents of the trustees of the archdiocese, who are responsible for the administration of the archdiocesan trust, which includes parish assets. It is a further requirement of canon law that every parish should have a finance committee to assist the parish priest in the financial administration of the parish. This committee enjoys consultative status with the parish priest and its constitution has been approved by the trustees.

Some Church policies are developed at a national level by the Catholic Bishops' Conference of England and Wales. The archdiocese is represented on this body by its bishops. The policies may be adopted by the trustees after considering the impact on the activities of the archdiocese.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### Corporate governance

The trustees welcomed the introduction of the Charity Governance Code in 2017 and continues to review best practice as it aims to improve. They have made several steps forward in improving its governance and effectiveness as follows:

**Organisational purpose** - the trustees regularly review the charity's purposes and considers how it delivers public benefit as described on page 9 of this report. The trustees are satisfied that the charitable purposes of the organisation have been achieved.

**Leadership** - during the year the archdiocese appointed a Chief Operating Officer and a review of priorities, governance, structures and processes has been undertaken. The charity is in transition to new governance arrangements which includes clarity of oversight of committees and subsidiary undertakings.

The new governance arrangements include the regular review of the purposes of committees and subsidiaries, constructive challenge to the Chief Operating Officer and archdiocesan officers and the conditions in which officers are confident and enabled to provide information, advice and feedback to the board of trustees. The ethos and culture of the charity supports its activities.

New policy committees are being established to be able to carry out detailed policy work on behalf of the trustees and Archbishop's Council and to make decisions on matters delegated to them.

The Archdiocesan Education Committee will oversee the work of the Education Department and the development of education policy and practice consistent with the Catholic faith.

The Pastoral Formation Committee will oversee the work of the Formation Department in relation to pastoral formation and the Mission Planning Committee will review pastoral provision for better delivery of archdiocesan mission objectives and, as far as possible, align pastoral considerations with deployment of lay and ordained ministries.

An Audit sub-committee will advise the trustees alongside the reconstituted Finance Committee. Sub-committees of the Finance Committee, the Investment Panel, Building Projects Committee and boards of subsidiary companies will continue to advise the trustees through the existing structure.

Each of the committees will be chaired by the relevant episcopal vicar with further trustee representation on the individual body. While a number of specialists are co-opted to the existing committees, a recruitment process for lay people with relevant experience interested in serving as members is underway. The committees meet on a regular basis and their findings are recommended to the trustees, or operate under trustee-delegated authority.

Integrity - The transition to new governance arrangements includes the implementation of policies and procedures which support key outcomes in maintaining the reputation of the charity, and how it is perceived by other people, partnerships and the public. Key themes in the implementation of policies and procedures include the expected standards of probity and behaviour, the requirements to operate responsibly and ethically in line with the mission of the archdiocese, and compliance with relevant guidance, whether mandatory or non-mandatory. The requirement for the declaration of actual or potential conflicts of interest is included within the new governance arrangements.

**Decision making, risk and control** - the archdiocese reviews the arrangements for matters reserved to the board and those that are delegated to archdiocesan officers, individual trustees and committees. Progress has been made towards the implementation of a revised scheme of delegation with clear boundaries. Compliance will be monitored and reported regularly to an archdiocesan audit committee.

The revised governance arrangements include the regular review of committee terms of reference. The monitoring of organisational performance is a key component of the new governance arrangements and the implementation of key strategies with associated budgets is in progress. The development of reporting includes the monitoring and management of financial and non-financial risks including departmental, subsidiary and archdiocesan risks. There is an effective process in place for the appointment and review of auditors.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### Corporate governance (continued)

**Board effectiveness** - The arrangements for the cycle of board meetings has been reviewed as part of the new governance arrangements together with the information needed for trustees to fulfil their duties. The mix of skills, knowledge and experience is kept under review and a recruitment process has commenced for the committees supporting the new governance arrangements.

**Diversity** - The trustees understand its responsibilities about diversity and sees diversity as a part of regular board reviews, valuing the benefits of a diverse board and considering how to remove obstacles in attracting a diverse pool of candidates.

**Openness and accountability** - The charity is currently working towards the development of a transparent, well-publicised, effective and timely process for making and handling a complaint, with the aim of ensuring that internal and external complaints are handled constructively, impartially and effectively. The review of a strategy for regular and effective communication with key stakeholders is a priority for the organisation and includes consideration of how best to communicate with these stakeholders.

### Trustee recruitment and appointment

By right of office, the archbishop chairs the board of trustees. The power of appointing new or additional trustees is vested in the archbishop. Lay members of the Church have also been appointed as trustees to serve in addition to the clergy members. A recruitment process for additional lay trustees has been undertaken in 2019 with the archbishop seeking to secure the appointment of individuals with experience or skills sets in the areas of finance, legal, property, HR, communications or education.

The induction process for any newly appointed trustee is tailored to the requirements of the individual and includes an initial meeting with the archbishop. The new trustee receives copies of Charity Commission guidance, the minutes of the most recent trustees' meetings and a copy of the most recent statutory accounts. Ongoing training is provided for all trustees.

### Related parties

Various essential functions of the archdiocese are operated through subsidiaries. These include the management of the Metropolitan Cathedral, the management of parish centres and the purchase of stock for supply to such centres, the building services scheme for archdiocesan buildings and the operation of the Conference Centre at the Liverpool Archdiocesan Offices.

To facilitate the promotion of education standards in primary and secondary education respectively, the financial activities of Archdiocese of Liverpool Primary School Improvement Trust (Company number 10912407) and Archdiocese of Liverpool Secondary School Improvement Trust (Company number 10912398) are consolidated into the financial statements of the archdiocese.

The boards of trustees of two charities are identical to that of the archdiocese. To reflect the level of reserves under the control of the trustees, the financial performance and position of these two charities are included in the consolidated accounts of the archdiocese.

The charitable objectives of The Apostleship of the Sea (Liverpool Archdiocesan Council) (charity number 224664) are the spiritual and temporal welfare of seafarers. The apostleship aims to achieve its objectives by working in ecumenical partnership with The Mersey Mission to Seafarers (Charity number: 220793) in the day-to-day operation of Liverpool Seafarers Centre. Through the facilities and service provided from the Seafarers Centre, the apostleship provides practical and pastoral care to seafarers. The charity had £3.99M of reserves at December 2018 (2017: £4.28M).

Liverpool Archdiocesan Education Trust (charity number 505264) aims to promote the charitable purposes of the archdiocese by facilitating the acquisition and holding of property for education purposes. Reserves of the charity amounted to £2.04M at December 2018 (2017: £1.33M).

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### Risk management

The trustees have assessed the major risks to which the charity is exposed, in particular those related to the operations and finances of the trust and are satisfied that systems are in place to mitigate exposure to the major risks.

The average weekly Mass attendance of 40,767 for 2018 reflects continued decline from the 85,357 reported in 2000. Usually calculated from the average of the Mass attendance each Sunday in October as submitted by each Parish Priest to the Chancellor of the archdiocese, the figures are collated for onward submission to Vatican offices in Rome. The average age of parish congregations is generally increasing, and the proportion of younger people is reducing. A key aspect of outreach to young people continues to be the work carried out by Catholic schools and the Animate youth ministry team, across the archdiocese and beyond, who are based at 'Lowe House' in St Helens.

The impact of declining number of active parishioners and total clergy numbers is being addressed through the outcomes of the 'Leaving Safe Harbours' initiative and the continuing need for on-going focused reviews in the coming years, leading up to an archdiocesan synod, scheduled for the summer of 2020.

The vocations director appointed by the archbishop runs events around the archdiocese to help develop a wider culture of vocation in life and the specific vocation to the ministerial priesthood for those men yet to decide whether to embark on formation to the priesthood.

The health and safety of all individuals who encounter the Church through the many churches and other properties of the archdiocese receives particular attention. A key aspect of the ongoing parish health and safety risk assessment process is risk identification, and through several techniques and processes the trustees aim to take all appropriate steps to mitigate the likely impact of risks identified.

Regulation compliance processes are acted upon for subjects such as asbestos, confined spaces, water hygiene, fire safety and first aid. Quinquennial reporting, three-monthly parish building inspections and parish health and safety risk assessments are undertaken. A culture of reporting of accidents to a designated health and safety coordinator is being improved and visits to all accident sites following serious incidents are undertaken. Systems are in place to ensure that all notifiable incidents are reported to the appropriate authorities and regular newsletters are sent to all parishes. The trustees are reported to monthly and consulted with in respect of important decisions in respect of health and safety policy.

#### Objectives and activities

The objects of the charity as declared in the governing document are:

- the advancement of the Roman Catholic religion
- the advancement of education
- the relief of poverty
- the cure or alleviation of sickness or disease

### Achievements and performance

In 2005 Archbishop Kelly presented to the archdiocese the Leaving Safe Harbours programme. This enabled priests and people, parishes and deaneries (pastoral areas) to work together in new ways in what was intended to be a 10-year project.

As part of the implementation of the programme, parishes were grouped into 20 pastoral areas for planning purposes and parishes then developed sacramental and pastoral provision, with local reviews of resources, buildings and finances. Development proposals also included the repair, refurbishment or closure of churches within a pastoral area.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

### Achievements and performance (continued)

After Archbishop Kelly retired shortly before the conclusion of Leaving Safe Harbours, Archbishop McMahon having become aware of the most recent pastoral challenges in the archdiocese decided to call an archdiocesan Synod. This enables the whole archdiocese to be involved in charting the way forward and the outcomes for the goals, structures, styles and methods of evangelisation in the archdiocesan community will be incorporated into the charity's review of its charitable purposes.

Archbishop McMahon called a Synod for the archdiocese to facilitate what the International Theological Commission calls a grace filled event in which the People of God together with the Bishop meet to address the pastoral challenges of the time.

In October 2020 our archdiocese, priests and people together, will meet to reflect on what has been heard and vote on specific proposals that have arisen from the discussion and sharing in our parishes and pastoral areas.

In the year to September 2018, the people of the archdiocese were invited to join in prayer with the Church in this country in preparation for the National Eucharistic Congress and Pilgrimage that was held in Liverpool.

Through the spring and summer of the year, the archbishop visited each area of the archdiocese to lead priests and people together in prayer in preparation for the Synod 2020.

In preparation for Synod Sunday on 21 October 2018 each parish received a variety of resources including leaflets for distribution that were also sent to every school in the archdiocese.

The 500 members of the Synod which has been drawn from all aspects of life within the archdiocese were selected between October 2018 and January 2019 and formally called by the archbishop in February 2019.

A formal process of listening began in January 2019 throughout the archdiocese and included focus groups, local meetings, other formal and informal gatherings. Synod members have led listening in their local communities and between February and July 2019 over 20,000 people responded in local communities, online and through focus groups to four questions that were central to the listening stage. The data gathered was analysed over the Summer of 2019, prayed about and discerned in order to identify the themes at the core of the next stage.

Synod Sunday on 13 October 2019 marked the beginning of the next stage of the Synod journey with the announcement of the four Synod themes. These four themes will the opportunity to listen some more, reflect, and then make proposals for action to the Synod, which will be voted on and guide the archbishop in writing a Pastoral Plan for the archdiocese.

# The four themes are:

- All called and gifted by God
- Sharing the mission of Jesus
- How we pray together
- Building community, nurturing belonging

# Financial review

The net movement in funds of the charity from parochial and curial activities is summarised below.

	2018 £000's	2017 £000's
Net outgoing resources	(2,773)	(736)
Unrealised (loss) / gain on investments	(10,687)	8,842
Revaluation of investment properties	4,136	657
Net (deficit)/surplus	(9,324)	8,763

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### Voluntary income

Many parishes have benefited from the centrally coordinated 'Responsible Giving Campaign'. Implemented by small teams of volunteer parishioners, the campaign highlights the rising level of running costs faced by parishes and encourages parishioners to increase their individual level of giving. Separately there have been coordinated Gift Aid campaigns to boost donations further. Parishes where a responsible giving campaign has been undertaken have experienced sustained increases in giving while other parishes report falling offertories. It is suggested that such parish campaigns should occur once every five years, interspersed with a Gift Aid campaign, to maintain the effectiveness of donation levels whilst trying to avoid 'fundraising fatigue' for parishioners.

Although Mass attendances have declined, parishioners continue to generously support their parishes. Offertory income amounted to £5.78M (2017: £5.92M) and reflected a increase in the average weekly giving per mass attender from £2.74 in 2017 to £2.81 in 2018. The impact of responsible giving campaigns and other initiatives has ensured that average individual giving has remained relatively stable in recent years.

Gift Aid recovery remained strong and most parishes operated the Gift Aid Small Donation Scheme for eligible donations that enabled the archdiocese to claim an amount equivalent to Gift Aid on individual small donations of £20 or less.

The value of legacies received by the archdiocese was £1.01M in 2018 (2017: £0.85M). The Priests' Training Fund, George Andrew Fund, the cathedral and individual parishes each continue to benefit from the generosity of parishioners through collection income and bequests. Legacies were reported in 26 individual parishes in 2018 (2017: 29). While the total value of legacies has increased, the long-term trend indicates a continued decline in the number of legacies received.

Parishioners' responses to appeals and special collections remain generous with £1.87M received in 2018 (2017: £1.64M). Various external charities, including CAFOD and Nugent, benefited from the income generated in parishes.

### **Fundraising activities**

The activities of the parish centres are consolidated within Archdiocesan Parish Centres Management Company Limited. A programme of refurbishments has helped ensure that the parish centres remain competitive despite difficult market conditions. The parish centres employ around 380 people in a variety of full-time and part-time roles across the archdiocese and continue to be a valuable resource to parishes and the wider community, with the activities of the company enabling the funding of these costly sites on behalf of the parishes and furthering financial distribution to many individual parishes.

Many people from a variety of different backgrounds encounter the archdiocese through conference events held at LACE. Conference turnover was £0.26M (2017: £0.28M) with over 20,000 delegates attending events in 2018.

Archdiocesan building projects are managed by Tuneside Limited and Archdiocesan Property Services Limited and the activities of the subsidiaries have considerable influence in ensuring that building projects are managed in a cost-efficient manner to the benefit of the parishes and schools.

### Investment policy and performance

The trust deed authorises the trustees to invest general funds of the charity in any manner which the trust may lawfully invest.

The investment objectives of the trustees are that the real value of assets should be maintained and enhanced over the long term and generate an agreed rate of return. This is achieved by investing in a portfolio of equities, fixed income stocks, commercial property and cash.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### Investment policy and performance (continued)

The investment portfolio is managed on a discretionary basis within the parameters of a general ethical investment policy restricting the investment managers from investing in any area that would be incompatible with the objectives of the trust. The policy states that no investments are to be made in companies which generate more than 10% of their turnover from military activity, the production of anything which threatens the sanctity of life, or the production of pornography. The investment managers use the services of bodies such as the Investor Responsibility Research Service to endeavour to ensure compliance with archdiocesan policy.

The Investment Panel has authority delegated from the trustees to set performance targets and to assess the actual performance of the investment managers against market benchmarks, with advice from a specialist firm of investment advisers.

The main archdiocesan investment portfolio is split into two funds managed by BlackRock Investment Management (UK) Limited and Martin Currie Investment Management Limited respectively, and representatives of the investment managers meet periodically with the Investment Panel, who assess their relative performance and against benchmarks.

Investment income generated by the investment managers of the unitised portfolio was £4.39M (2017: £4.09M) and met the budgetary requirements of the archdiocese. The archdiocese experienced an unrealised loss on investments of £10.69M (2017: Gain £8.84M). Although unrealised losses were reported in the year, the performance of both investment management companies exceeded the market benchmarks in 2018. During 2019, the market value of the investment portfolio has continued to improve.

All archdiocesan bank accounts are included within the offset banking system. After daily consideration of commitments and spending patterns, archdiocesan personnel evaluate the cash requirements, the balance being placed in a variety of cash deposits with institutions approved by the trustees.

The investment objective in respect of cash management is to maximise income from cash balances whilst maintaining sufficient available funds to meet the daily operating requirements and to facilitate the timely payment of liabilities.

The low rates of interest available on cash balances continue to present a challenge to the archdiocese. Income derived from cash management activities increased marginally to £0.12M (2017: £0.06M) with the average rate of return improving in the year.

A proportion of available cash had been held by Kaupthing Singer & Friedlander Limited. This company entered administration on 8 October 2008, at which time £4.7M of archdiocesan funds were held by the bank. This represented 11.7% of total funds held at that time. To date, the administrators have made distributions of 86.15p in the pound with their projection of a total return of between 86.75p and 87.00p. As the timing and extent of any future distributions remain uncertain, the trustees consider it appropriate to make provision for a sum equating to 13.25% of that originally invested.

#### Investment properties

The archdiocese sold several assets that were no longer being used as functional church properties and reported a realised gain on the disposal of properties of £0.42M (2017: £0.88M). The trustees have retained several properties no longer required for functional purposes to generate a rental income for individual parishes. A cyclical valuation policy is operated by the trustees and the revaluations created an unrealised gain of £4.14M in 2018 (2017: £0.66M).

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

### Charitable activities and public benefit

The charity aims to satisfy its objects through four main areas of charitable activity:

- To support pastoral work in parishes and local communities
- To provide support to the clergy in training, ministry and retirement
- · To support and direct lifelong Christian education in parishes and schools
- To preserve and invest in the property infrastructure of the archdiocese and parishes, facilitating worship and enabling the charitable work of the Church to take place

In considering the charitable activities of the archdiocese, the trustees have had regard to the Charity Commission guidance on public benefit. Success is measured in several ways. The archbishop has oversight of the whole archdiocese, achieved through visitations to parishes and schools and through the wider knowledge and reviews below of the various activities of the organisation.

#### Pastoral work

The celebration of Mass in parishes within the archdiocese was attended by an average weekly congregation of around 43,900 in 2018 and contributed to the spiritual well-being of society and the public in general.

Many activities coordinated through parishes of the archdiocese are focused on the needs of the vulnerable, both at home and abroad, and significant collections are undertaken on behalf of charities such as Nugent Care, Catholic Agency For Overseas Development (CAFOD) and natural disaster appeals. The pastoral work of the archdiocese extends through chaplaincy provision offering spiritual support to those in universities, hospitals and prisons within the geographical area of operation. A regular and extensive provision of pastoral visiting to the sick at home and in nursing homes is undertaken by clergy and trained lay people.

While most pastoral work is undertaken locally at the parish level, several centrally funded departments and initiatives facilitate and encourage work in the local community.

The archdiocesan Education Department through the Christian Education section focuses on formation and ethos in our Catholic schools by means of staff training courses, professional catechetical and liturgical support and statutory religious education inspections.

Parish work with young people is complemented by the activities of the Animate youth ministry team based at St Mary's (Lowe House) in St Helens. A team of residential youth workers under the direction of the archdiocesan youth chaplain serves in parishes and schools, engaging with over 10,000 young people each year by undertaking preparation for sacraments, youth events, pilgrimages and school missions. This interaction informs young people not only about religion but also about basic values which contribute to the common good of society.

The Formation Department offers training and ongoing support to adults who seek to develop their participation in the mission of the Church. This includes assisting parishes as they develop collaborative ways of working, as well as offering skills training areas such as working with young people, parish catechesis or exploring ways of supporting family life. Through its Marriage and Family Life ministry, the department aims to support all aspects of marriage and family life including marriage preparation and marriage enrichment and aims to contribute to the well-being of society as a whole.

The Justice and Peace Commission was set up in Liverpool in the wake of the Second Vatican Council's restatement of the truth that salvation involves practical things; liberation from the bondage of slavery and debt, freedom from the pangs of hunger, release from the captivity of poverty and entry into the promised land of freedom and prosperity. More than ten years ago the then archbishop renewed the commitment of the trustee by signing, and displaying on the walls of the cathedral, a preferential option for the poor. The commission works throughout the geographical area of the archdiocese with many local groups and individuals. It also cooperates with CAFOD and other social justice groups locally and nationally.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### Pastoral work (continued)

For four decades Liverpool priests have volunteered to serve in Latin America, standing alongside the poor and deprived, supported by the people of the archdiocese. LAMP was established in 1979 to undertake this missionary work and attend to the needs of individuals within the parishes administered by archdiocesan priests operating in Latin America. Investment income derived from restricted investments and legacies currently support the day-to-day activities and pastoral work of the priests, with emphasis on catechesis and the support of medical needs, as well as some of the property needs in their parishes.

# **Clergy support**

At the local level, priests are actively involved in directing, coordinating and undertaking the mission of the Church and delivering the strategy of the archdiocese. Priests and deacons are also responsible for the celebration of Masses as well as baptisms, marriages, funerals and the provision of the sacraments generally. The priests and deacons of the archdiocese provide welfare to the sick, dying and their relatives though visitations and the administration of the sacraments.

Priests do not retire but can stand down from the full responsibilities of office at 75 years old, or earlier if their health requires. As the anticipated number of such 'retired' priests increases beyond the present number, the requirements on the George Andrew Fund to provide for the day-to-day living needs of retired priests will increase and the fund value will diminish. The George Andrew Fund levy based on parish donations and income contributes to supporting priests during illness and after leaving office.

Properties in several locations within the archdiocese have been converted and refurbished to increase the level and variety of accommodation available to retired priests. An annual parish collection, 'Provision for Priests in Retirement' continues to be generously supported by parishioners. The proceeds of the annual collection will help to meet the future costs of converting and maintaining such properties and are held separately from those of the George Andrew Fund.

The archdiocese has eight students preparing for the priesthood and the proceeds of an annual parish collection, legacies and specific donations to the Priests' Training Fund provide for the cost of education of students for the priesthood and for continuing formation.

### **Education**

In partnership with the trustees of religious orders, the archdiocese provides a network of schools across a very wide and disparate geographical area embracing eight local education authorities and the Isle of Man.

The Education Department of the archdiocese ensures that there is in its schools, at both primary and secondary levels, a place available for every baptised Catholic child. Successive external reports give testament to the enduring quality of the network of schools, which continue to place as much emphasis on personal, spiritual and moral formation as on academic progress. In celebrating the uniqueness of the individual and fostering independence alongside responsibility to others, the archdiocesan schools strive to offer mutual support for the common good in the wider society.

Through the School Projects Fund, the archdiocese approved 195 individual capital and repair projects to the value of £13.09M in the year (2017: 182 projects, £13.94M). The archdiocese contributes up to 10% of the cost of each school building project undertaken and the level of contribution can only be achieved with the support of parishioners and parents who contribute to the annual school levy collection. The School Projects Fund benefited from £0.53M (2017: £0.47M) of donations from parents via archdiocesan schools and £0.26M (2017: £0.28M) donated from Mass-going parishioners via parishes.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

### Education (continued)

Maintaining the policy direction established in recent years, capital investment in schools and colleges continued to be focused on and improving building condition. Around 80% of the school capital funding accessed by archdiocesan schools in 2018 was targeted at maintaining and improving the fabric of our school buildings.

The year saw the continuation of significant investment targeted on the improvement in the condition of Catholic high school buildings in the Sefton local authority area and, following a positive impact in Sefton, the development of further targeted programmes in other areas of the archdiocese. In Sefton the long-term programme aims to provide significant investment in each Catholic high school to deliver a significant improvement in the overall quality of the school buildings. This year the programme progressed to Christ the King High School in Southport, which will benefit from investment over the next two years. It was agreed that the same principle be adopted in Wigan from 2019, with St John Fisher proposed as the first recipient of investment. Similarly, in Liverpool, a five-year mini-programme utilising ring-fenced funds from the overall Liverpool allocation will focus on the five primary schools with the greatest building needs: St Paul's and St Timothy's; St Oswald's; Our Lady and St Philomena's; Blessed Sacrament, and; St Michael's. The initial investment in 2018 saw the first phase of investment in Our Lady and St Philomena's, St Oswald's and St Michael's.

During the year the significant investment in St Gregory's High School in Warrington was completed, addressing sufficiency, suitability and condition challenges across the school accommodation. The large project to redevelop the science laboratories at St Edmund Arrowsmith High School in Wigan also reached completion, as did the remodelling work at St Edmund Arrowsmith High School in Knowsley. The redevelopment of St John Fisher School in Widnes, creating a single refurbished building, also reached a conclusion with the demolition of the old, poor quality, and now redundant accommodation.

Progress has been made on the phased redevelopment projects at St Aidan's, Wigan, and Ursuline in Crosby, with other significant projects to improve accommodation undertaken at a number of schools including St Bede's High School in Ormskirk, SS Peter and Paul High School in Widnes, Holy Family in Cronton and St Austin's in Liverpool. With regard to school organisation, new nursery provision has been established at a number of schools including St John Fisher in Knowsley Village, St Joseph's in Wrightington, St Austin's in Liverpool and Holy Family in Cronton.

An element of funding of school building projects is paid directly to schools using a formulaic allocation known as devolved formula capital (DFC). Most schools in the archdiocese opt to pay their DFC allocations into an archdiocesan bank account within which they are maintained on an individual basis until they are drawn down by the school. At the year end, the archdiocese was holding £6.41M (2017: £6.39M) on behalf of schools.

Through the Schools' Voluntary Contribution Scheme, the archdiocese is able to offer an enhanced level of support to schools. Contributions of £0.28M in 2018 (2017: £0.28M) from archdiocesan schools enabled the Education Department to support the development of leadership teams and advise on selection and appointment processes through effective induction, in-service and advanced programmes of training following appointment. In 2018 a significant number of new appointments made by governing bodies were undertaken with the support of archdiocesan officers.

#### **Property**

Establishment costs remain the most significant area of expenditure for parishes, with £7.80M (2017: £7.79M) incurred in property running costs, which included repairs and maintenance costs of £4.91M in 2018 (2017: £4.80M).

Effective control exercised through the Financial Advisory Committee, which considers and recommends to the trustees repair projects costing in excess of £5,000, and the efforts of the inhouse surveying team in obtaining value for money has ensured that building projects remained good value for money with trustee consideration and approval.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

### Property (continued)

The management of the maintenance and repair programme ensures that churches and parish halls are open to the whole community to benefit not only spiritually but also practically from the provision of pastoral care and the many activities provided by our parishes to the wider community.

#### **Employees**

The employees of the Archdiocese of Liverpool make an immense contribution to the life of the archdiocese. Information about the archdiocesan activities is communicated to employees in several ways including email and intranet and regular meetings are held with staff on general and specific matters. Existing employee forums for central and parish centre staff are being replaced by a single staff association with representation from all areas of employment within the archdiocese and its subsidiaries.

The Staff Association exists to enhance the contribution made by employees and to ensure that the wellbeing of staff is a priority consideration by the trustees and management in their decision making. The association is a forum where staff can consider employment, health and safety and social matters. It also offers the trustees and senior management the opportunity to consult over proposed strategies, policies and guidance. Staff are encouraged to voice their ideas as well as any concerns.

It is the policy of the archdiocese to give full consideration to applications from disabled persons, having due regard to their particular aptitudes and abilities, and to provide opportunities for the retention and retraining of employees who become disabled during their employment. Equal opportunities are also given for the training, career development and promotion of disabled persons.

Annual pay changes are considered by the trustees, and job roles and remuneration are reviewed periodically. Archdiocesan benchmarking is employed when new roles are created or when significant roles become vacant.

#### Grants

The archdiocese is not primarily a grant-making charity. A small number of discretionary grants were made by the trustees to contribute towards the costs of particular initiatives run by other charities where their objects correlated with those of the archdiocese. Further information on this can be found in note 19 to the accounts.

#### Reserves policy

At 31 December 2018 the reserves were:

	2018 £000's	2017 £000's
Restricted funds Unrestricted funds - general - designated	17,272 89,187 80,816	17,795 91,824 86,980
	187,275	196,599

Restricted funds represent unexpended balances from collections, donations, legacies and grants restricted by donors to specific purposes including the Priests' Training Fund and Foundation Mass capital. Balances on specific building projects at the Metropolitan Cathedral represent amounts of grantaid and other financial support invested in the fabric of the building. A breakdown of amounts restricted is given and the purpose of the restrictions is explained further in note 16.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### Reserves policy (continued)

Designated funds have been set aside by the trustees for a number of purposes including school projects, central funds, the George Andrew Fund, and the Metropolitan Cathedral.

To ensure that the reserves of the George Andrew and 2021 funds are enough to support priests in retirement, periodic actuarial reviews are undertaken. The outcome of the most recent review was confirmation that the level of reserves held was adequate to meet the likely future costs of retirement. At 31 December 2018 reserves of these two funds amounted to £14.32M (2017: £15.24M). Reflecting the long-term nature of the support provided by these two designated funds, the level of reserves that would otherwise be classified as freely available is more than the general target set for other funds of the archdiocese.

The central funds of the archdiocese which have been designated to meet the costs of central archdiocesan initiatives and support costs were £46.90M at 31 December 2018 (2017: £50.16M). The assets of the funds are primarily investment property and holdings in the unitised investment portfolio. The income generated from these investments contributes toward meeting the costs of centrally coordinated charitable activities and of the support and governance cost obligations of the charity. The level of reserves held ensures that parishes are not required to contribute to central costs by way of an annual levy.

Although collectively our parishes are financially secure, those parishes without sufficient reserves rely on or benefit from the generosity of fellow parishes through the Assessment Fund and offset banking system.

Parishes make voluntary contributions to the Assessment Fund based on income. The Assessment Fund committee, which is made up of parish priests, considers written applications for support from parishes and distributes grants to those parishes in need. In focusing on parishes with negative reserves, the committee has contributed to an improvement in reserves in many of our parishes in 2018.

The level of aggregated reserves held for general parish purposes is broadly consistent with that of the rest of the archdiocese. The collective reserves of parishes have exceeded the target set by the trustees. Around 28% of our parishes are managing their day-to-day activities without any freely available reserves but this represents an improvement since 2017. Reserves in another 42 parishes are below the overall target of 36 months, a figure consistent with 2017.

Changes in banking regulations that the archdiocese was required to implement in 2018 have greatly increased the complexity of the archdiocesan offset banking system. Despite the significant increase in transactions arising from daily sweep activities, the offset banking system continues to ensure that those parishes with limited resources are spared the additional cost of interest charges on bank overdrafts and builds on the Church's values of solidarity with the poor and the common good.

The level of freely available reserves is ordinarily determined as the amount of total unrestricted (including designated) funds less fixed assets as these assets could not be realised without undermining the work of the archdiocese. Typically, this reserve figure is expressed in terms of monthly expenditure. Under this definition, the level of reserves freely available to spend on any or all of the charity's purposes amounted to approximately 38 months' expenditure, (2017: 44 months).

Taking into consideration the specific demands in respect of the George Andrew and 2021 funds, the trustees consider any meaningful target for reserves to meet general expenditure should exclude these funds. At December 2018, 34 months of expenditure were available (2017: 39 months) and the freely available reserves exclude fixed assets held for charitable use.

The level of net current assets held by the archdiocese amounted to £11.44M (2017: £12.68M) and represents 3.96 months (2017: 4.67 months) of expenditure at December 2018.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

### Reserves policy (continued)

While aiming to maintain working capital or net current assets of between 4 to 6 months' expenditure, the trustees consider that an overall level of reserves equating to 36 months' expenditure is sufficient to enable the charity to fulfil all of its obligations and commitments. While unrealised losses on investments have contributed to a reduction in the levels of reserves, as returns on cash management remain limited, it is felt the excess of reserves over 36 months is acceptable in the short to medium term. The trustees' expectations in respect of the desired levels of reserves in the longer term remain realistic.

#### Plans for future periods

The themes that have emerged from the listening stage of the Synod process will go back to local communities for further consideration. Synod members will invite their communities to reflect on each theme in turn and develop them into practical proposals for action. These proposals will be taken forward to the Synod day in October 2020 to be voted on.

Synod members will be working locally to create opportunities to engage with the themes, reflect on how they challenge and inspire, and generate proposals that will help us to become the Church God is calling us to be. From October 2019 to March 2020 the themes will be considered one-by-one with each having their specific period for reflection.

From June to September 2020 the proposals received from local communities will be gathered, discerned, and collated into a final list of proposals for the Synod to vote upon. These will then go back to local communities once more and Synod Members will be invited to consult widely on the Proposals to inform themselves as they discern their own vote at the Synod Event. In October 2020, the Synod Members will gather together to vote on the proposals. Proposals that are carried will then go forward as recommendations to the archbishop for future actions.

Capital investment in schools and colleges will continue to focus on maintaining and improving building condition. Education Department officers will also continue to work closely and productively with central government to advocate for our schools on matters of education capital policy — including the new funding mechanism proposed for 2020 — and with local authority colleagues to ensure that there continue to be sufficient places across the archdiocese to meet overall Catholic demand. Demand remains very high for places in archdiocesan schools but there is a very high level of assurance that all Catholic children can obtain a place at a local Catholic school. Work will continue to consider admission numbers that maintain our offer of sufficient places to Catholic families and which also deliver strong and sustainable schools.

Capital developments in the coming year will include the completion of a new building for St Cuthbert's Catholic Primary School in Liverpool. The year will also see the completion of the work to establish St Gabriel's, Higher Fold, on a single remodelled site, along with work to single-site St Leo's in Whiston. Significant capital work is also programmed for a number of other schools including St Patrick's, Southport, Our Lady and St Swithin's, Liverpool, and the continuation of the phased developments at Ursuline in Crosby.

As discussed on pages 3 and 4, the archdiocese will also continue to transition to new governance arrangements which will include the introduction of a number of new policy committees and the appointment of additional lay trustees.

# REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2018

#### Volunteers

The trustees acknowledge the hard work of so many volunteers in our parishes who help in financial and property administration and also those who are involved in what are a variety of roles that assist in the life and service of the Church and trust and the wider society. They wish to thank them all for all their hard work and dedicated commitment to these aspects of the life of the Church. The monetary value of the volunteers' time is impossible to quantify.

In summary, the overall picture is one of consolidation and improvement of existing resources. The trustees are budgeting carefully in response to archdiocesan needs and priorities to preserve the level of reserves and maintain commitments to existing services, whilst also being able to periodically consider new initiatives, if trustees determine such are to become higher priority temporary projects.

One such initiative is the pilot scheme to recruit and train lay Pastoral Associates to work with parish communities in various locations in six pastoral areas across the archdiocese from January 2019.

#### **Auditor**

In respect of each trustee at the date the trustees report is signed:

- So far as we are aware, there is no information needed by the charity's auditor in connection with preparing their report (relevant audit information) of which they are unaware, and
- As the trustees of the charity we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

A resolution to reappoint BDO LLP as auditors for the ensuing year will be proposed.

Signed on behalf of the trustees 28/10/19

Rev Mgr J Devine OBE

**Episcopal Vicar for Finance** 

# STATEMENT OF TRUSTEES' RESPONSIBILITIES FOR THE YEAR ENDED 31 DECEMBER 2018

The trustees are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Charity law requires the trustees to prepare financial statements for each financial year in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under charity law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and charity and of the incoming resources and application of resources, including the income and expenditure, of the group and charity for that period.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Financial statements are published on the charity's website in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements, which may vary from legislation in other jurisdictions. The maintenance and integrity of the charity's website is the responsibility of the trustees. The trustees' responsibility also extends to the ongoing integrity of the financial statements contained therein.

# INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF LIVERPOOL ROMAN CATHOLIC ARCHDIOCESAN TRUST FOR THE YEAR ENDED 31 DECEMBER 2018

### Opinion

We have audited the financial statements of Liverpool Roman Catholic Archdiocesan Trust ("the Parent Charity") and its subsidiaries ("the Group") for the year ended 31 December 2018 which comprise the consolidated statement of financial activities, the charity statement of financial activities, the consolidated balance sheet, the charity balance sheet, the consolidated cash flow statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Group's and of the Parent Charity's affairs as at 31
  December 2018 and of the Group's incoming resources and application of resources for the year
  then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Group and the Parent Charity in accordance with the ethical requirements relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Conclusions related to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Trustees have not disclosed in the financial statements any identified material uncertainties that
  may cast significant doubt about the Group or the Parent Charity's ability to continue to adopt the
  going concern basis of accounting for a period of at least twelve months from the date when the
  financial statements are authorised for issue.

# Other information

The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon. The Trustees are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

# INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF LIVERPOOL ROMAN CATHOLIC ARCHDIOCESAN TRUST FOR THE YEAR ENDED 31 DECEMBER 2018

### Other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities Act 2011 requires us to report to you if, in our opinion;

- the information contained in the financial statements is inconsistent in any material respect with the Trustees' Annual Report; or
- · adequate accounting records have not been kept by the Parent Charity; or
- the Parent Charity financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

# **Responsibilities of Trustees**

As explained more fully in the Trustees' responsibilities statement, the Trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Group's and the Parent Charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Group or the parent Charity or to cease operations, or have no realistic alternative but to do so.

# Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 144 of the Charities Act 2011and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located at the Financial Reporting Council's ("FRC's") website at:

https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

# INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF LIVERPOOL ROMAN CATHOLIC ARCHDIOCESAN TRUST FOR THE YEAR ENDED 31 DECEMBER 2018

# Use of our report

This report is made solely to the Charity's trustees, as a body, in accordance with the Charities Act 2011. Our audit work has been undertaken so that we might state to the Charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Charity and the Charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

BOO LLP

**Hamid Ghafoor** (Senior Statutory Auditor) For and on behalf of BDO LLP, statutory auditor Liverpool

Date: 28/10/2019

BDO LLP is eligible for appointment as auditor of the charity by virtue of its eligibility for appointment as auditor of a company under section 1212 of the Companies Act 2006.

BDO LLP is a limited liability partnership registered in England and Wales (with registered number OC305127).

### NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 PRINCIPAL ACCOUNTING POLICIES

### 1.1 Charity information

Liverpool Roman Catholic Archdiocesan Trust is a charity registered in England and Wales under the Charities Act 2011. The registered office is stated on the reference and administrative details page and the principal objective and activity of the charity is stated in the Report of the Trustees.

# 1.2 Basis of preparation

The financial statements have been prepared under the historical cost convention, with the exception of investments and investment properties which are included at fair value. The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard (Charities SORP (FRS 102)), the Charities Act 2011 and applicable reporting standards.

Having considered future budgets and cash flows, the trustees confirm that there are no material uncertainties about the charity's ability to continue as a going concern.

Liverpool Roman Catholic Archdiocesan Trust meets the definition of a public benefit entity under FRS 102.

The accounts are presented in sterling and are rounded to the nearest £1,000.

#### 1.3 Basis of consolidation

The consolidated financial statements include those of the subsidiary undertakings which are consolidated on a line by line basis using appropriate headings for those subsidiaries which prepare their accounts under the Companies Act or SORP formats.

The consolidated accounts also include the net assets and transactions of other charities under the control of the charity.

The accounts do not include the net assets and results of connected charities.

The charity has taken advantage of the exemption from preparing a charity cash flow statement.

#### 1.4 Incoming resources

Incoming resources are included in the Statement of Financial Activities once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Income from trading activities is included in the period that the relevant services are provided or goods supplied.

Legacies and donations are recognised when receipt is probable, the archdiocese becomes legally entitled to them and they can be measured in financial terms with sufficient reliability.

Collections and fundraising income is recognised on receipt. Investment income is recognised when receivable.

Grants receivable are included in the Statement of Financial Activities as soon as the conditions attaching to the grant are satisfied. Grants are mainly in relation to capital projects.

The charity receives substantial voluntary help in the work of the archdiocese but it is not possible to place a financial value on this work and no amounts are therefore included in the financial statements for the value of services donated by volunteers. Gifts of fixed assets are included at valuation and the corresponding entry is recorded as donation income.

# NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1.5 Resources expended

Resources expended are included in the Statement of Financial Activities on the accruals basis. These are based on the amounts payable for work done or services provided in the year.

### Costs of raising funds

Costs of raising funds comprises all costs relating to attracting voluntary income, the costs incurred in subsidiary trading and investment management fees.

#### Charitable activities

Expenditure on charitable activities includes the costs identified as wholly or mainly attributable to achieving the charitable objectives of the charity, including direct staff costs and other direct costs as well as support costs and costs relating to the governance of the charity apportioned to charitable activities

#### Governance costs

Governance costs are those costs related to the governance of the charity, to allow it to operate, and to generate information for public accountability. Direct costs will include audit and accountancy, legal advice to trustees and costs of trustees meetings.

### **Support costs**

All support costs are borne by central funds and have been apportioned to governance costs and charitable activities. The share of support costs attributable to governance reflects costs incurred in the preparation of the statutory accounts and the remaining costs have been allocated pro-rata based upon the charitable activity's share of central expenditure.

### 1.6 Investments and investment gains and losses

Investments and investment properties are included in the financial statements at fair value at the balance sheet date. Investment properties are valued internally annually and are professionally valued on a rolling basis as part of a five-year programme. Listed investments are included in the balance sheet at bid price.

Realised and unrealised gains and losses on investments and investment properties are dealt with in the Statement of Financial Activities.

Unrealised gains and losses are calculated as the movement in fair value during the year. Realised gains are calculated as the difference between disposal proceeds and market value brought forward.

### NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1.7 Tangible fixed assets - other than property

The cost of computer equipment, office equipment and fixtures and fittings is capitalised and depreciation is provided to write off the original cost, less any estimated residual value, over the expected useful life of the assets concerned. The rates of depreciation applied are as follows:

	% of cost
	per annum
Computer equipment	25
Office equipment and	
fixtures and fittings	20

Suitable capitalisation thresholds are adopted in the entities comprising the archdiocese.

### 1.8 Tangible fixed assets - Functional church property

Prior to 31 December 1997 capital expenditure on functional church property was written off in full as incurred.

At 31 December 1997 the trustees considered that a reasonable approximation of the net book value of the functional church property held would be established by discounting the insurance values of those assets by 90%. This was the policy employed to include these assets on the balance sheet at estimated historic cost net of accumulated depreciation.

From 1 January 1998 to 31 December 2008 the cost of functional church property was capitalised and depreciated over its expected useful life of 20 years. From 2009 listed properties and other functional church properties have been depreciated over useful economic lives of 100 years and 50 years respectively. Commercial properties are considered to have useful economic lives of 20 years.

Works of art, treasures and plate are not capitalised in these accounts as they are historic, have extraordinarily long lives and are worth preserving in perpetuity. They are considered to be heritage assets for the purposes of Charities SORP (FRS 102). The trustees consider that it would be prejudicial to the safe custody of these assets to disclose details of their values and usage in the accounts.

Where functional church property is no longer operational, impairment is fully recognised unless there is an investment value.

#### 1.9 Tangible fixed assets - School property

The freehold of the land and buildings legally owned by the archdiocese and occupied rentfree on behalf of the trustees of the governing bodies of catholic voluntary aided schools, which are separate charities and publicly funded, are valued at £Nil. The trustees consider that no meaningful value can be attributed to these assets, since they are not used directly by the archdiocese, do not generate income and cannot be disposed of in the open market or put to alternative use while such occupation, which may be indefinite, continues.

### 1.10 Impairment

The carrying amounts of the archdiocese's fixed assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists the asset's recoverable amount is estimated. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount and is recognised in the Statement of Financial Activities.

### NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1.11 Stocks

Stocks are stated at the lower of cost and net realisable value.

#### 1.12 Pension scheme

The charity and eligible employees make defined contributions to a group personal pension scheme. Contributions are also paid to the Teachers' Pension Superannuation Fund on which further information is given in note 21 to the financial statements. Contributions payable are charged as Resources Expended in the Consolidated Statement of Financial Activities.

### 1.13 Operating leases

Operating leases in respect of equipment are charged as resources expended on a straight line basis over the period of the lease. Such operating leases mainly relate to parishes and parish centres. Rentals receivable under operating leases are recognised on a straight line basis over the period of lease term.

#### 1.14 Financial instruments

The Charity only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received. However if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Investments in non-convertible preference shares and in non-puttable ordinary and preference shares are measured:

- i. at fair value with changes recognised in the Statement of Financial Activities if the shares are publicly traded or their fair value can otherwise be measured reliably;
- ii. at cost less impairment for all other investments.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Financial Activities.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate, which is an approximation of the amount that the Charity would receive for the asset if it were to be sold at the reporting date.

# NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

### 1.14 Financial instruments (continued)

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

#### 1.15 Recognition of liabilities

Liabilities are recognised as soon as there is a legal or constructive obligation committing the archdiocese to pay out resources.

### 1.16 Liquid resources

Liquid resources are those associated with the cash management of the archdiocese.

#### 1.17 Fund accounting

The funds within the archdiocese are split between Curial and Parochial. Curial Funds can be used across the whole of the diocese whereas Parochial Funds comprise funds relating to the individual parishes. These funds are shown separately and subdivided in the financial statements as follows.

#### Restricted funds

Restricted funds are funds that are used in accordance with specific restrictions imposed by donors or that have been raised by the charity for particular purposes. The costs of raising and administering such funds are charged against the specific fund. Details of the restricted funds held are provided in note 16 to the financial statements.

#### Unrestricted funds - Designated

Designated funds are unrestricted funds that have been set aside by the trustees for specific purposes and are detailed in note 17 to the financial statements.

#### **Unrestricted funds - General**

Unrestricted funds are funds which are available for use at the discretion of the trustees in furtherance of the objects of the charity and which have not been designated for other purposes.

#### 1.18 Agency arrangements

The archdiocese acts as agent in the collection of grants from government, local authorities and other funds, and payment of approved invoices for school building projects on behalf of Catholic schools in the diocese. This income and expenditure is excluded from the income and expenditure of the charity and any balances due from or held on behalf of schools are shown within debtors and creditors. See note 24.

#### 1.19 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Statement of Financial Activities.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance Sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

# NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1.19 Current and deferred taxation (continued)

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

# 2 JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In preparing these financial statements, the trustees have had to make the following judgments:

- Determine whether leases entered into by the group either as a lessor or a lessee are
  operating or finance leases. These decisions depend on an assessment of whether the
  risks and rewards of ownership have been transferred from the lessor to the lessee on a
  lease by lease basis.
- Determine whether there are indicators of impairment of the group's tangible assets.
   Factors taken into consideration in reaching such a decision include the economic viability and expected future financial performance of the asset and where it is a component of a larger cash-generating unit, the viability and expected future performance of that unit.

Other key sources of estimation uncertainty:

Tangible fixed assets (see note 11)

- Tangible fixed assets, other than investments properties, are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.
- Investment properties are valued internally annually and are professionally valued on a
  rolling basis as part of a five-year programme. Valuations are made taking into account
  periodic external valuations, derived from current market rents and property yields for
  comparable real estate, adjusted if necessary for any difference in nature, location or
  condition. Judgement is required in assessing the appropriateness of the assumptions and
  methodology in determining the fair value of investment properties.

Investments (see note 12)

Estimates, assumptions and judgments relate to the determination of carrying value of
investments at fair value through the Statement of Financial Activities, the group follows the
International Private Equity and Venture Capital Valuation Guidelines, applying the
overriding concept that fair value is the amount for which an asset can be exchanged
between knowledgeable willing parties in an arm's length transaction. The nature, facts and
circumstances of the investment drives the valuation methodology.

### NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

7	SUPPORT COSTS CURIAL	Ministry Support £000's	Pastoral and community £000's	Education £000's	Property £000's	2018 £000's	2017 £000's
	Group and Charity						
	Office administration and governance						
	- Office of the Chief Operating Officer	5	27	18	6	56	-
	- Finance Department	55	281	185	65	586	450
	- IT	2	11	7	2	22	16
	- Premises	16	80	53	19	168	170
	- Bank charges and interest	20	103	68	24	215	204
	- Audit fees	7	37	25	9	78	92
	- Other curial	12	52	34	13	111	85
		117	591	390	138	1,236	1,017

All support costs are borne by central funds and have been apportioned to governance costs and charitable activities. The share of support costs attributable to governance reflects costs incurred in the preparation of the statutory accounts and the remaining costs have been allocated pro-rata based upon the charitable activity's share of central expenditure.

In addition other amounts paid to the auditors in relation to the audit of subsidiary companies were £73,850 (2017: £74,940). These are included within expenditure on charitable activities.

# NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

8 STAFF COSTS	Total 2018 £000's	Total 2017 £000's
Clergy allowances	978	984
Wages and salaries	7,130	6,834
Social security costs	426	396
Pension costs	251	190
	8,785	8,404
The average number of employees durin	g the year was: 2018 No.	2017 No.
Central employees	137	135
Parish employees (excludes parish clerg	y) 131	136
Parish club employees (including part-time	ne staff) 383	400
	651	671

The average number of employees as a full-time equivalent during the year was 403 (2017: 403).

The number of employees whose emoluments including taxable benefits in kind, but excluding pension contributions amounted to over £60,000 in the year was in bands as follows:

	2018 No.	2017 No.
£60,001 to £70,000	1	1
£90,001 to £100,000	1	1

The charity and eligible employees (see note 21) make defined contributions to a group personal pension scheme. The number of higher paid employees in the scheme in 2018 was 2 (2017:2). The total pension contributions made by the charity in respect of higher paid employees was £11,286 (2017: £10,650).

The day-to-day administrative, legal and financial affairs of the archdiocese was carried out by the episcopal vicar for finance. Following the appointment of the Chief Operating Officer in September 2018, this responsibility moved to the Chief Operating Officer who is remunerated for this role.

The key management personnel of the charity comprise the trustees and the Chief Executive Officer. The total remuneration of key management personnel during the year was £30,348 (2017: £nil).

#### 9 TRUSTEES

A number of the trustees are clergy of the Liverpool Roman Catholic Archdiocesan Trust. They are housed and remunerated by the archdiocese and are reimbursed expenses for carrying out their ministry in the same way as other priests of the archdiocese.

However, no trustees received any remuneration in respect of their services as a trustee during the year (2017 - £nil). Trustee expenses were reimbursed for expenses connected with their duties as trustees to the value of £345 (2017 - £243).

Investment properties are included on a fair value basis. External revaluations are carried out by Eddisons Real Estate and Business Valuers and Armistead Barnett. A valuation exercise is performed annually by management and property valuations are informed by internal staff including a qualified chartered surveyor. The trustees have considered the valuations above as a fair reflection of the year end fair value.

#### NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 18 ARCHDIOCESAN BANKING ARRANGEMENTS

An offset banking arrangement exists where the total of all individual bank account balances is invested in a number of deposits over a variety of timescales.

#### 19 GRANTS PAYABLE IN FURTHERANCE OF THE CHARITY'S OBJECTIVES

The archdiocese provides full financial support for the furtherance of its activities and objectives but is not considered a grant-making organisation.

Several ecumenical grants are made annually to organisations with similar objectives to those of the archdiocese. Grants were made to three such organisations totalling £27,100 (2017 - three organisations £18,585). Other small grants are made at the discretion of the archbishop and these totalled £21,351 in 2018 (2017 - £18,944).

The archdiocese covered the tuition and living costs of a number of individuals studying for the priesthood in the year.

#### 20 COMMITMENTS

At 31 December 2018 commitments	Gross	Net of grant
to future expenditure were as follows:	£000's	£000's
School property	6,935	555
Parochial property	975	950
	7,910	1,505

The above capital commitments represent committed property expenditure that has been approved by the Board of Trustees on building projects at the year end.

#### NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 21 PENSION ARRANGEMENTS

#### 21.1 Personal Pension Schemes

The archdiocese contributes, for eligible staff, to one of two qualifying pension schemes which are fully compliant with the requirements of auto-enrolment. The schemes are managed by an independent firm of pension administrators. The archdiocese has a policy of matching employee contributions up to 6% of pensionable salary and each member has their own individual pension account within the scheme. The archdiocese is neither liable to finance any funding shortfall nor entitled to benefit from any overfunding.

#### 21.2 The Teachers' Pension Scheme

The Teachers' Pension Scheme (TPS or scheme) is a statutory, unfunded, defined benefit occupational scheme, governed by the Teachers' Pensions Regulations 2010 (as amended), and the Teachers' Pension Scheme Regulations 2014 (as amended). These regulations apply to teachers in schools and other educational establishments, including academies, in England and Wales that are maintained by local authorities. In addition, teachers in many independent and voluntary-aided schools and teachers and lecturers in some establishments of further and higher education may be eligible for membership. Membership is automatic for full-time teachers and lecturers and, from 1 January 2007, automatic too for teachers and lecturers in part-time employment following appointment or a change of contract. Teachers and lecturers are able to opt out of the TPS.

#### The Teachers' Pension budgeting and valuation account

Although members may be employed by various bodies, their retirement and other pension benefits are set out in regulations made under the Superannuation Act (1972) and Public Service Pensions Act (2013) and are paid by public funds provided by Parliament. The TPS is an unfunded scheme and members contribute on a 'pay as you go 'basis – contributions from members, along with those made by employers, are credited to the Exchequer under arrangements governed by the above Acts.

The Teachers' Pensions Regulations 2010 require an annual account, the Teachers' Pension Budgeting and Valuation Account, to be kept of receipts and expenditure (including the cost of pension increases). From 1 April 2001, the Account has been credited with a real rate of return, which is equivalent to assuming that the balance in the Account is invested in notional investments that produce that real rate of return.

#### Valuation of the Teachers' Pension Scheme

The latest valuation of the Teachers' Pension Scheme has now taken place, in line with directions issued by HM Treasury and using membership data as at 31 March 2016. As a result of this valuation TPS employers will pay an increased contribution rate of 23.68% from September 2019 (this includes the administration levy of 0.8%). The timing of the implementation is to align its introduction with employers' budget planning cycles. Until then, employers will pay the current rate of 16.48%.

The employer's pension costs paid to TPS in the period amounted to £39,189 (2017 - £38,250).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website.

Under the definitions set out in FRS 102, the TPS is a multi-employer pension scheme. The trust has accounted for its contributions to the scheme as if it were a defined contribution scheme. The trust has set out above the information available on the scheme.

#### **Scheme Changes**

The arrangements for a reformed Teachers' Pension Scheme, in line with the recommendations made by Lord Hutton, in particular the introduction of a Career Average Revalued Earnings (CARE) scheme, were implemented from 1 April 2015.

# NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

### The Teachers' Pension Scheme (continued)

In December 2018, the Court of Appeal held that transitional protection provisions contained in the reformed judicial and firefighter pension schemes, introduced as part of public service pension reforms in 2015, gave rise to direct age discrimination and were therefore unlawful. The Supreme Court, in a decision made in June 2019, have rejected the Government's application for permission to appeal the Court of Appeal's ruling. The case will now be referred to an Employment Tribunal for a decision regarding the remedy which will need to be offered to those members of the two schemes who were subject of the age discrimination.

HM Treasury are clear that the ruling has implications for the other public service schemes, including the Teachers' Pension Scheme. Those implications are currently being considered and any impact on scheme costs is expected to be looked at within the next scheme valuation, which is currently scheduled to be based on April 2020 data and implemented in April 2023.

# NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

# NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 22 GROUP BODIES AND RELATED PARTY TRANSACTIONS (continued)

The figures reported on the previous page are after a Gift Aid donation to the archdiocese of £200,000 (2017 - £700,000) from Archdiocesan Parish Centres Management Company Limited.

Associated Church Clubs Limited (company number 02724031) coordinates the bulk purchase of stock for supply to archdiocesan parish centres and other members of the scheme operated by the company.

Metropolitan Cathedral Services Limited (company number 03115000) manages the commercial aspects of the Metropolitan Cathedral including income generation from its activities, building services and maintenance.

Tuneside Limited (company number 02316276) coordinates the building services scheme for archdiocesan buildings obligations under the Construction Industry Scheme and operates the Conference Centre.

Cardinal Heenan Sports Centre Limited's (company number 03822516) principal activity is the operation of a sports centre within the grounds of Cardinal Heenan Roman Catholic High School, Liverpool.

Archdiocesan Parish Centres Management Company Limited (company number 03422332) manages the parish centres within the archdiocese.

Archdiocesan Property Services Limited (company number 03142451 charity number 1055049) manages professional services in respect of maintenance, repair and refurbishment of archdiocesan properties.

Archdiocese of Liverpool Primary School Improvement Trust (company number 10912407) promote education standards in primary education.

Archdiocese of Liverpool Secondary School Improvement Trust (company number 10912398) promote education standards in secondary education.

The companies limited by guarantee are wholly controlled by the Charity. All the companies are incorporated in the United Kingdom.

The operations of a number of other registered charities which have common trustees are considered to be under the control of the charity and therefore their incoming resources and resources expended and net assets have been consolidated with those of the charity on these accounts.

#### NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 22 GROUP BODIES AND RELATED PARTY TRANSACTIONS (continued)

The charitable purpose of the Apostleship of the Sea (Liverpool Archdiocesan Council) (charity number 224664) is the spiritual and temporal welfare of seafarers.

Liverpool Archdiocesan Education Trust (charity number 505264) acquires and holds property for education purposes.

In accordance with FRS 102, the related party transactions entered into by the charity are detailed below. All transactions that arose were in the normal course of activity.

The charity recharged salary costs of £17,405 (2017: £16,827) to Associated Church Clubs Limited, a subsidiary of the charity. A balance of £230,865 (2017: £155,614) was owed to the company at the year end.

The charity recharged salary costs of £43,587 (2017: £42,326) to Metropolitan Cathedral Services Limited, a subsidiary of the charity. A balance of £418,501 (2017: £700,786) was owed from the company at the year end.

The charity recharged salary costs of £241,255 (2017: £224,378) to Tuneside Limited, a subsidiary of the charity. A balance of £6,355,220 (2017: £4,783,470) was owed to the company at the year end.

A balance of £666,335 (2017: £536,741) was owed to Apostleship of the Sea (Liverpool Archdiocesan Council) at the year end.

A balance of £942,572 (2017: £880,532) was owed to Liverpool Archdiocesan Education Trust at the year end.

Associated companies	% holding in ordinary shares	Activity
Inter-Diocesan Fuel Management Limited	11	Fuel and power distribution
Catholic National Mutual Limited	6	Insurance

In the year £2,081,247 (2017 - £2,032,053) of fuel was purchased from Inter-Diocesan Fuel Management Limited by the group. The group also paid £Nil (2017 - £14,475) to John Cowdall Associates Limited of which a trustee is a director for secretarial services in the year.

#### NOTES AND ACCOUNTING POLICIES FOR THE YEAR ENDED 31 DECEMBER 2018

#### 23 CONNECTED CHARITIES

Charities with common trustees with the archdiocese and associated subsidiary undertakings are as follows:

	Charity Number
Nugent Care	222930
Churches Together in the Merseyside Region	519061
Charles Plater Trust	309719
Christ's and Notre Dame College, Liverpool	526463
Stonyhurst	1127929
The Christian Heritage Centre at Stonyhurst	1149129
Liverpool Archdiocesan Lourdes Pilgrimage Association	1091132
The Friends of Liverpool Metropolitan Cathedral	513469
Speke Advice Service (CAB) Limited	1101379
Broughton Catholic Charitable Society	222817
Caritas Social Action	1101431
St Mary's College Crosby Trust Limited	1110311
Catholic Education Service	313147
Catholic Trust for England for & Wales	1097482
St Cuthbert's College Ushaw	527408
The Catholic Children's Society (Shrewsbury Diocese) Inc	509793

The following transactions occurred with these connected charities;

Individual parishes have collections throughout the year where donations are collected on behalf of the Nugent Care and paid directly to the charity. The diocese made a further payment to the charity of £58,815 (2017 - £96,531) for the provision of other services.

The archdiocese made a grant totalling £9,805 (2017 - £9,805) to Churches Together in the Merseyside Region.

The archdiocese also made a grant totalling £3,039 (2017 - £Nil) to Churches Together in the Lancashire Region, an associated charity.

No other transactions occurred with connected charities.

#### 24 SCHOOL BUILDING PROJECTS

The charity assists archdiocesan voluntary aided schools with the administration of funding for school building projects. The archdiocese acts as the agent of school governing bodies in receiving funding from the Department for Education (DfE), local authorities and other funding sources and settling and matching it with the contractors' costs and professional fees. This activity of the archdiocese is not reflected in the Statement of Financial Activities as the transactions are those of the school governing bodies rather than the archdiocese.

Total receipts from the DfE amounted to £9.8m (2017 - £10.18m). Total expenditure on school building projects during the year was £15.03m (2017 - £11.52m). The balance due at the year end which included deferred and accrued income on individual projects amounted to £1.64m (2017 - £0.08m owed). Individual school balances generated from devolved capital contributions from the DfE and held on behalf of archdiocesan schools amounted to £6.42m (2017 - £6.41m).

#### 27 OPERATING LEASES

Throughout the archdiocese there are numerous low value operating leases primarily in relation to equipment. The annual payments in relation to these have not been quantified but they are not deemed to be material to the financial statements.

#### 28 CONTINGENT LIABILITIES

The trustees are reviewing the structure of the organisation from a VAT perspective with initial findings indicating that registration for VAT is probable. There remains potential that a future registration may be applied retrospectively but as this likelihood and size of potential liability cannot be fully assessed at this point, no provision has been made within the financial statements.

### 29 GUARANTEE

An index-linked product amounting to £1.93m (2017: £1.64m) is used as security against any potential liability in connection with a landfill site. The likelihood of this liability falling due on the charity is considered remote.
