Trustees' report
For the year ended 31 March 2019

The Trustees present their annual report together with the financial statements of the company for the 1 April 2018 to 31 March 2019. The Trustees confirm that the Annual Report and financial statements of the company comply with the current statutory requirements, the requirements of the company's governing document and the provisions of the Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) as amended by Update Bulletin 1 (effective 1 January 2015).

Legal and administrative information

The charity was incorporated by guarantee on 25 September 1997. It is registered under the Charity Commission as charity number 1068427.

Charity's objectives and policies

Sutton Community Transport's (SCT) purpose, as set out in the objects contained in the company's Memorandum of Association, is for SCT to provide suitable transport to aid independent living for disadvantaged residents, and to support community, resident and voluntary groups within the London Borough of Sutton and neighbouring Boroughs and in other such ways as the Trustees may determine. The Trustees have referred to the guidance in the Charity Commission's general guidance on public benefit when reviewing their aims and objectives and in planning future activities. In particular, the Trustees consider how planned activities will contribute to the aims and objectives they have set.

Mission Statement

Sutton Community Transport's core mission is to provide accessible transport and training for the communities of the London Borough of Sutton and its neighbours, to facilitate social inclusion

Public benefit

The charitable activities focus on the provision of transport services to voluntary groups, individuals and the disadvantaged in the London Borough of Sutton. We also provide minibus driving training to members of the third sector.

Much of our work involves working with other organisations, groups and charities to arrive at public benefit outcomes. Services provided to voluntary and not for profit groups facilitate the following types of charitable benefits:

- Provision of an education by providing transport for schools, colleges and playgroups;
- Provision of access to sport and recreation facilities through the provision of transport to individuals and groups;
- Alleviating poverty and social exclusion through the provision of transport to individuals to enable them to access; facilities including day centres, social clubs, shopping centres and recreational facilities;
- Promoting the efficiency of other charities through the provision of safe, affordable and high standard transport;
- Increasing the efficiency of other charities through training in minibus driving for both staff and volunteers;
- Provision of support in Travel Training;
- Working in partnership with other organisations to provide regular Sutton Bus Days as an adjunct to Travel Training.

Organisation and decision making structure of the charity

The charity is managed by a board of Trustees. The names of the present members of the board are stated below. The board meets bi-monthly and receives a report from the relevant Trustees on all strategic and other important matters, which require a decision by the board. A financial report is provided at each meeting. The day to day management of the charity is delegated to the Chief Executive Officer (CEO), who is a volunteer, but also a Trustee.

Sutton Community Transport Charity Company
(A company limited by guarantee)

Trustees

The Trustees who were in office during the year ended 31 March 2019 were:

Alan Carroll
Andrew Theobald (Chairman)
Anthony Pattison (Vice Chairman)
Brian Wilson (retired 14 December 2018)
Helen Green (Secretary)
Martin Midgley
Pamela Wilson (retired 14 December 2018)
Robert Harris (Volunteer CEO)
Gopal Hooper (appointed 25 April 2019)

The trustees are responsible for the appointment of trustees in accordance with the Memorandum and Articles of Association. Trustee training is available on request and the trustees are kept informed of the changing requirements of the Charity sector by advice and guidance from the Charity Commission, The Community Transport Association and our legal and financial advisors.

The training needs of Trustees are identified at board meetings. All new trustees undergo an induction to brief them on legal obligations under Charity and Company law, the Charity Commission on public benefit and the board of directors' decision making process. Trustees are encouraged to attend appropriate external training events where these facilitate the undertaking of their role.

Risk management

The Trustees have reviewed the major potential risks to which they consider the charity may be exposed and systems are in place to mitigate such risks. The consideration, identification and management of potential risks is a matter under constant review by the Trustees and management.

All staff are properly trained and supervised in carrying out the activities of the charity.

Financial review

The statement of financial activities shows total income for the year of £502,974 (2018: £447,601). The total expenditure amounted to £491,789 (2018: £469,658) including governance costs of £2,748 (2018: £2,813).

The net income for the year amounted to £11,185 (2018: net expenditure of £22,057) and this was the net total increase in funds during the year.

What our charity provides by way of Social Value to our community

Sutton Community Transport supports the community through the provision of subsidised travel at a considerably reduced cost to that charged in the commercial hire sector. This facilitates many social events held by community charities, schools and clubs. As a result, in 2018/2019 we supplemented vehicle hire in the sum of £93,948 (2018: £90,332). The Social Value measurement package has been developed further and now also records social value in areas including volunteering, training and individual transport, when we include these figures the total social value rises to £121,088.

We also provide community support in the field of travel training and bus days at a cost to the charity in the sum of £17,875 (2018: 17,635) and it would be appropriate to record the facts that we trained 10 complete courses leading to independent journeys during the year and put some 110 people through bus day training. The last figure is much reduced as regards previous years and shows a change in strategy driven by TfL wherein provision for training is now restricted to clients with statemented higher needs.

Fleet

As at 31st March 2019 we owned fourteen minibuses, two people carriers and two accessible transport cars.

Sutton Community Transport Charity Company
(A company limited by guarantee)

People

We have a loyal group of staff who work hard to support the commercial operations to the charity. The Trustees wish to acknowledge the valuable assistance provided by a number of volunteers without which the charity would not be able to function. Volunteer drivers play a key role in supporting the members' hires.

Reserves policy

Unrestricted funds are £58,239 (2018: £47,054). Amounts held as tangible fixed assets used by the charity are £65,309 (2018: £74,839) which does not leave any free reserves for general use.

Sutton Community Transport income is secured mostly on Special Educational needs (SEN) contracts from the London Borough of Sutton making income and its costs largely predictable. Contracts are mostly of one year or more. Cash receipts for these contracts have moved from monthly to weekly, improving cash flow. Whilst it is prudent to have three months running costs, the Trustee's do not consider it to be essential to its reserves policy.

However, short term cash flow funding will require approximately £15,000 during the year, as much of income is received during term time but large payments, such as insurance, fall outside of these times. The Trustees would also like to make allowance for any late payments by debtors when considering cash flow shortfalls. The Trustees also consider that a further £10,000 of reserves should be built up for fleet purchases. The Trustees are making plans to fundraise for fleet purchases.

Currently Sutton Community Transport are fortunate to have access to low-cost short-term funding that covers these cash flow timing deficits. However, the Trustees aim is to slowly build up unrestricted reserves to a level of £25,000 to £35,000 so that loan funding is not required.

During 2019 the net income was £11,185, compared to 2018 which had net expenditure of £22,057. Fleet purchases were part funded by donations from local groups including The Rotary Club. The Trustees will continue to seek funding for vehicle replacements and seek to increase commercial contracts, to reduce loan funding.

Future developments

The Charity continues to develop its support of travel training. We have ambitions to go further with travel training supporting a wider range of borough organisations and social services.

Independent examiner's report
For the year ended 31 March 2019

Independent examiner's report to the Trustees of Sutton Community Transport Charity Company (the 'company')

I report to the charity Trustees on my examination of the accounts of the company for the year ended 31 March 2019.

This report is made solely to the company's Trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. My work has been undertaken so that I might state to the company's Trustees those matters I am required to state to them in an Independent examiner's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the company and the company's Trustees as a body, for my work or for this report.

Responsibilities and basis of report

As the Trustees of the company (and its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of the company's accounts carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since the company's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales, which is one of the listed bodies.

I have completed my examination. I can confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Signed:

The company's financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

The Trustees consider that the company is entitled to exemption from the requirement to have an audit under the provisions of section 477 of the Companies Act 2006 ("the Act") and members have not required the company to obtain an audit for the year in question in accordance with section 476 of the Act.

The Trustees acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The financial statements were approved and authorised for issue by the Trustees on _____ and signed on their behalf, by:

.....
 Andrew Theobald, Chairman

The notes on pages 8 to 19 form part of these financial statements.

Sutton Community Transport Charity Company
(A company limited by guarantee)

Notes to the financial statements
For the year ended 31 March 2019

1. Accounting policies

The following accounting policies have been applied consistently in the preparation of the accounts.

1.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Sutton Community Transport Charity Company meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

1.2 Company status

The company is a company limited by guarantee, incorporated in England. The registered office is shown on page 1. The members of the company are the Trustees named on page 1. In the event of the company being wound up, the liability in respect of the guarantee is limited to £1 per member of the company.

1.3 Going concern

The trustees have considered that the company is able to settle outstanding invoices, bills and commitments as they fall due, and that the company is a going concern.

Sutton Community Transport Charity Company
(A company limited by guarantee)

Notes to the financial statements
For the year ended 31 March 2019

1. Accounting policies (continued)

1.4 Income

All income is recognised once the company has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

For legacies, entitlement is taken as the earlier of the date on which either: the company is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the Trust that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the company has been notified of the executor's intention to make a distribution. Where legacies have been notified to the company, or the company is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

Donated services or facilities are recognised when the company has control over the item, any conditions associated with the donated item have been met, the receipt of economic benefit from the use of the company of the item is probable and that economic benefit can be measured reliably. In accordance with the Charities SORP (FRS 102), the general volunteer time is not recognised and refer to the Trustees' report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the company which is the amount the company would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

1.5 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Governance costs are those incurred in connection with administration of the company and compliance with constitutional and statutory requirements.

Charitable activities and Governance costs are costs incurred on the company's operations, including support costs and costs relating to the governance of the company apportioned to charitable activities.

Notes to the financial statements
For the year ended 31 March 2019

1. Accounting policies (continued)

1.6 Tangible fixed assets and depreciation

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of financial activities incorporating income and expenditure account.

Tangible fixed assets are carried at cost, net of depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Leasehold improvements	-	Over the term of the lease
Motor vehicles	-	20% per annum reducing balance
Office equipment	-	25% per annum straight line

1.7 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the company; this is normally upon notification of the interest paid or payable by the Bank.

1.8 Operating leases

Rentals under operating leases are charged to the Statement of financial activities incorporating income and expenditure account on a straight line basis over the lease term.

1.9 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.10 Cash at Bank and in hand

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.11 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the company anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide. Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

Notes to the financial statements
For the year ended 31 March 2019

1. Accounting policies (continued)

1.12 Financial instruments

The company only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

1.13 Taxation

The company is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the company is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

1.14 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.

1.15 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the company and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the company for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.
