#### **PUBLIC BENEFIT**

The trustees have referred to the guidance contained in the Charity Commissions' general guidance on public benefit. The trustees will continue to consider how planned activities will contribute to the aims and objectives they have set.

Significant activities undertaken to further its charitable purposes for public benefit All services, including buying from the charity showrooms are open to everyone in order to maximise the volume of items re-used and income generated to support the charitable aims and objectives of this organisation.

Low income households were offered a discounted delivery charge and those people who are referred by a partner organisation as being 'in need' are offered free or discounted essential furniture items, as a means of alleviating the effects of poverty.

The organisation has also created its own hardship budget, to cover the costs of stock provided free of charge to individuals who have no other means of financial support to cover the essential items they need.

We work in partnership with other organisations that provide 'emotional or housing support' (e.g. social services departments, Women's Aid, drug & alcohol support services, churches, mental health groups, etc.) The practical help provided by this organisation enhances the work of its partners, therefore increasing the overall impact of the assistance provided. For example, a child receiving help on a bed wetting programme with a partner organisation, can be provided with a replacement bed because the organisations are working together. Or, a homeless person being provided with their first tenancy can be provided with furniture, household items, curtains, cutlery, etc., as a start-up package, thus turning an empty property into a home.

Many of the people referred to this organisation for help are in crisis situations without any financial support. The organisation helps immediately to people affected by domestic violence and other life affecting crisis situations.

The organisation values the contribution received from its volunteers and strives to provide services that help customers and beneficiaries feel positive about the help received.

With high levels of unemployment in the area and few opportunities for people to gain work experience, the organisation is committed to developing its ability to deliver work-based learning. The training room and use of ICT equipment and software, gives us the opportunity to provide volunteers and placements with transferable skills to enhance their employment opportunities.

Items are quality control checked. Minor repairs and cleaning is provided where necessary before being resold through our charity shops.

External grants are sought to provide match funding for our activities.

FINANCIAL REVIEW		
Income from donations and legacies	Income generated from Gift Aid Retail Scheme was £15,338.	
Income from Charitable Activities	The Service level agreement with RCT Environmental services was maintained at £20,000 for the year.	
	Income generated through our two showrooms from the supply of household items increased by 6% to £739,877 in the year. The increase has been achieved by maintaining the services, opening a new showroom, increasing the number of beneficiaries that use our services and the expansion of commercial contracts as part of the Furniture Reuse Network (FRN).	
	The value of performance related grants was £526,692 (£19,602 Revenue and £507,090 Capital )	
	All of the capital grant income was towards the renovations of the Treorchy Showroom.	
Expenditure for Charitable Activities	The cost of providing Charitable activities increased in the year to £988,718 (£898,338 in 2017).	
	To support the growing needs of the organisation, the staff and volunteer personnel were increased in the year which resulted in an increase in costs to £596,367 (£546,448 in 2017). Increases were also seen in transport costs due to increasing our fleet of vehicles and providing a collection service for take-back items; and in property & Insurance due to the additional buildings we now operate from.	
	Included in the above costs for Charitable activities are depreciation costs of £78,629, a decrease on the previous year of £16,205.	
Net movement in funds	The increase in own generated income has helped cover the reduced amount of revenue funding received in the year with an overall operating surplus on unrestricted funds of £1,622 for 2018 (2017: £2,221).	
	A surplus of £403,276 (2018: Deficit of £1,529) in restricted funds this year is as a result of expenditure on the Treorchy building being capitalised in the year and held within restricted fixed assets. The previous year deficit was as a result of the depreciation charge for renovations to the processing unit where the income has been received in previous years.	
9	The £1,622 unrestricted surplus for the year will be retained within the General Fund.	

FINANCIAL REVIEW (continued)		
Reserves Policy	The organisation aims to retain adequate reserves to fund both fixed assets and working capital. It is the Trustees' view that working capital reserves amounting to three months' expenditure are adequate. Whilst this remains the organisations objective, recent investment into infrastructure has reduced working capital reserves below three months' expenditure.  The free reserves i.e. those not tied up in fixed assets and designated funds held at 31st December 2018 amounted to £31,148 (2017: £20,844) whereas three months' expenditure (excluding depreciation) is £200,000. While this is significantly below the figure set by the trustees, the intention remains to rebuild reserves to the desired level as soon as feasible.  The trustees are aware of the risks of not having sufficient reserves and the reserves policy will be reviewed as part of our future strategy planning.	
Pay Policy for senior staff	The pay of senior staff is reviewed annually by the board of directors. The organisation, guided by the board of directors, have adopted a set of principles when setting charity staff remuneration so as to achieve a balance between fair pay to attract and keep appropriately qualified staff to lead, manage and support or deliver the charity's aims.	

RISK MANAGEMEN	
Risk review	The board of directors have a risk management strategy which comprises:  • An annual review of the principal risks and uncertainties that the charity faces;  • the establishment of new policies, systems and procedures to mitigate those risks identified in the annual review; and  • The implementation of procedures designed to minimise or manage any potential impact on the charity should those risks materialise.  Main Risks identified are:
	<ul> <li>Compliance with environmental legislation</li> <li>Change in Government position on volunteering</li> <li>Lack of Income</li> <li>Fraud</li> </ul>
	Attention is also focused on non-financial risks by having a proactive approach to Health & Safety, which is managed by a NEBOSH qualified member of the organisation. As part of the induction process all new personnel (paid and unpaid) receive health & safety awareness and manual handling training.  49 minor accidents (including near miss incidents) were
	recorded. No RIDDOR notifications were required to be reported to the HSE.

FUTURE PLANS			
A CONTRACTOR OF THE PROPERTY O			
Increase accessibility	Continue to open all three branches to the public 7 days per week including a late night opening every Thursday.  Explore a new outlet to replace existing premises in Aberdare to better serve the local communities.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 December 2018 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
   and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

#### Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. We have nothing to report in this regard.

## INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE TRUSTEES OF TOOGOODTOWASTE LIMITED

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

#### Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 145 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements have been prepared in accordance with the charity's [governing document], the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016). The charity is a Public Benefit Entity as defined by FRS 102.

The financial statements have been prepared with early application of the FRS 102 Triennial Review 2017 amendments in full.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

#### 1.2 Going concern

At the time of approving the accounts, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the accounts.

#### 1.3 Charitable funds

General funds are unrestricted funds which are available for use at the discretion of the Board in furtherance of the general objectives of the Society and which have not been designated for other purposes.

Designated funds are unrestricted funds of the charity which the trustees have decided at their discretion to set aside to use for a specific purpose the aim and use of each designated fund is set out in the notes to the financial statements.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors which have been raised by the Society for particular purposes. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

#### 1.4 Incoming resources

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably.

Income consists of the invoiced value (excluding VAT) of goods sold/supplied to third parties and members.

No amounts are included in the financial statement for services donated by volunteers.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 Accounting policies (Continued)

Membership and Subscriptions income is credited to the Statement of Financial Activities in the year in which they are due. Income received in advance is deferred to the appropriate financial year.

Sponsorship income is credited to the Statement of Financial Activities in the year in which they are due.

Income from government and other grants, whether 'capital' grants or 'revenue' grants, is recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the and the amount can be measured reliably and is not deferred. Capital grants are released to the SOFA in the year of receipt. Fixed assets relating to capital grants are capitalised, and depreciation charged is offset against the grant income, in a restricted fund.

#### Income from furniture supplied

A minimum fixed price is required for each item of furniture supplied and is accounted for on a receipts basis.

#### Furniture auction income and other donations

These sources of income are accounted for on a receipts basis.

Income from donated goods is recognised when the donated goods are sold.

Assets for distribution are recognised only when distributed. Assets given for use by the charity are recognised when receivable.

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

#### 1.5 Resources expended

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of raising funds comprise the costs in relation to generating income such as fundraising activities.
- By helping to meet the furniture and household items needs of people on a low income, by, but not limited to, recycling household items which would otherwise be thrown away and by advancing more sustainable waste management practices.
- By advancing the education and development of people, through providing opportunities to volunteer, train, develop work and social skills, gain work experience and encourage social integration.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

#### Allocation of costs

Expenditure by the charity, in the year, has been split between unrestricted and restricted funds and analysed between charitable activities, governance costs and the cost of generating funds. Expenditure was allocated on the basis of staff time spent on the various activities.

#### **Liabilities Policy**

Liabilities are recognised in the Statement of Financial Activities as they become payable.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 Accounting policies (Continued)

#### 1.6 Tangible fixed assets

Fixed assets purchased are included at cost. Assets donated to the company are included at market value. All fixed assets are held for the company's own use.

Depreciation or amortisation of fixed assets is calculated to write off their cost or valuation less any residual value over their estimated useful lives on an annual basis as follows:

Freehold property

5-20% per annum

Leasehold improvements

20% on cost

Office equipment

25% on cost

Tools and equipment

33.3% on cost

Motor vehicles

25% per annum

Freehold land is not depreciated.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

#### Community asset transfer:

Land

not depreciated

CAT construction costs

5% on cost

Entrust

20% on cost

Rank

20% on cost

Welsh Church Act

20% on cost

Professional/other fees

100% on cost

Any tools or equipment costing less than £500 are immediately written off against revenue.

#### 1.7 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

#### 1.8 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition.

Unsold donated items are not included in closing stock since their cost is nil and their value is uncertain until sold.

#### 1.9 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

#### 1 Accounting policies (Continued)

#### 1.10 Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

#### 1.11 Employee benefits

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the charity is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

#### 1.12 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

#### 1.13 Debtors

#### Basic financial assets

Basic financial assets, which include cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

#### Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the charity transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

#### 1.14 Creditors and provisions

#### Basic financial liabilities

Basic financial liabilities, including creditors and are initially recognised at transaction price. Financial liabilities classified as payable within one year are not amortised.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

#### Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

#### 1.15 Taxation

As a registered charity, Valleys Furniture Recycling Ltd is entitled to the exemption from taxation in respect of income and capital gains received with sections 478-489 of the Corporation Tax Act 2010 and section 256 of the Taxation of Chargeable Gains Act 1992 to the extent that these are applied to its charitable objects purposes only.

# NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

#### 2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.
