REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2019

ANNUAL REPORT

The Trustees of South West Wildlife Trusts (SWWT) present their report together with the financial statements for the year ended 31 March 2019.

The Annual Report constitutes a Director's Report as required by Section 415 of the Companies Act 2006 and has been prepared under the exemptions conferred by Part 15 of this Act. Because of SWWT's dual legal status as a registered company and registered charity, it is also the Trustees' Report as Trustees of the registered charity. The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association, and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

OUR PURPOSES AND ACTIVITIES

Objects

SWWT was set up to increase the effectiveness of the individual Wildlife Trusts in the region, take forward regional projects and initiatives, and to influence regional policy development.

Principal activities

SWWT was set up by seven Wildlife Trusts in the South West of England who felt a regional charity was needed to:

- speak with a collective voice to regional organisations;
- work on biodiversity and conservation programmes affecting the whole of the region;
- promote cooperation and the sharing of best practice between the SW trusts; and
- receive funding from regional and national organisations for regional work.

A further Trust (the Isles of Scilly Wildlife Trust) subsequently became a member of the company whilst one of the original members, Devon Wildlife Trust, ceased to be a member of the company in 2010 but continues to support, contribute to, and benefit from its work.

SWWT helps to support the local Wildlife Trusts in the South West who, supported by over 150,000 members, manage 30,000 acres of nature reserves and annually spend around £19m for the benefit of wildlife and people in the region.

Public benefit

The charity's activities deliver a public benefit; we have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities.

Area of operation

SWWT operates throughout the South West region.

FINANCIAL REVIEW

Review for the year ended 31 March 2019

The Trustees are satisfied that the charity's assets are adequate to fulfil its obligations. The balance sheet on pages 12-13 shows that the charity had net assets of £124,988 at 31 March 2019 compared to £145,536 at the end of the previous year. Of this, £29,569 was represented by restricted reserves (2018 - £38,959).

The remaining £95,419 in unrestricted reserves was represented by fixed and current assets (2018 - £106,577).

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2019 (continued)

FINANCIAL REVIEW

Reserves policy

The Trustees consider that the charity should hold financial reserves that are adequate to allow the Trustees sufficient time to take action in an orderly way to address any financial situation that may arise in the running of the charity (based on a minimum of 4 months of total core operating costs), or to enable the charity to undertake urgent works promptly within a financial year which the Trustees decide are in the public interest and/or in the interests of the member Trusts.

The charity currently receives much of its funding in advance, so the Trustees consider that at the present time the appropriate minimum level of free unrestricted reserves to achieve either of these objectives is in the region of £35,000 and will therefore not seek to hold free unrestricted reserves much in excess of this figure. This may change in the future if the charity's pattern of funding changes and the Reserves Policy will therefore be kept under annual review. At the year end free reserves were £95,419 (see note 10).

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2019 (continued)

SWWT currently has one employee: the Director of Regional Programmes who reports directly to the Board of Management.

Information to support the case for new initiatives, operational reviews, and delegated project development and management functions, are often provided by experts from member wildlife Trusts as individuals or as part of SWWT working groups.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Structure

SWWT is a registered charity under the Charities Act and a registered company limited by guarantee under the Companies Act.

Governance

The governing instrument of SWWT is its Memorandum and Articles of Association. Each company member appoints up to two Trustees/Directors to the company's Board of Management, and the Board can appoint up to two further Trustees/Directors.

The principal governing body of SWWT is the Board of Directors/Trustees (known as the Board of Management) which meets at least twice annually. This body has full responsibility for the strategic development and direction of SWWT. The vote of each member of the Board has equal weight. The Board has created a number of subgroups (finance, policy and projects), chaired by a Board member, that are charged with preparing information and developing strategic or operational recommendations for consideration by the full Board.

Related parties

The seven South West Wildlife Trusts that make up the company membership are all individually affiliated to the national network of Wildlife Trusts through the national registered charity to which they all belong, the Royal Society of Wildlife Trusts (RSWT).

Risk management

The Trustees have considered the major financial risks in the charity's operations and mitigate those risks by maintaining an appropriate level of free unrestricted reserves. The Trustees will continue to evaluate other significant financial and operational risks during the 2019/20 financial year.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2019 (continued)

THE TRUSTEES' RESPONSIBILITIES AS DIRECTORS OF THE COMPANY

The trustees (who are also directors of South West Wildlife Trusts for the purposes of company law) are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with special provisions of Part 15 of the Companies Act 2006 relating to small companies.
