THE ROBIN AND MARY GILL CHARITABLE TRUST

TRUSTEES' REPORT

The Trustees present their report and accounts for the year ended 5th April, 2019.

Structure, Governance and Management

The Trust is registered with the Charity Commission as The Robin and Mary Gill Charitable Trust, registered number 326025. Its principal address is P.O. Box 1, East Horsley, Surrey, KT24 6RE.

The Trust is constituted as a trust and governed by its Trust Deed, dated 7th January 1982.

The Trustees, who each served throughout the year, were as follows:

Sir Robin Gill
Lady Denise Gill
R M J Gill

The existing trustees are responsible for appointing any future trustees as and when necessary.

Objectives and Activities

The objects of the charity are to pay or apply or appropriate the whole, or any part or parts of, the capital or income of the trust fund to, or for the benefit of, any one or more qualified charity.

The Trust's principal fields of interest lie in the support of education, religion and welfare of the elderly and the young. It supports the work of other charities by making grants and donations when a need is identified or where their work includes significant educational or well-being outreach to the general community. This benefits a wide cross section of charitable organisations by helping them achieve their objectives.

The charity makes grants and donations on an ad hoc basis when it is seen that there is a need which meets the objectives of the charity and the monies provide a benefit to the public.

The charities chosen to receive support are picked regardless of the race, personal background or gender of the beneficiaries.

In planning the activities for the year the trustees have kept in mind the Charity Commission's guidance on public benefit at their trustees' meetings.

Achievements and Performance

Receipts in the year ended 5th April, 2019 decreased by £42,034 compared to the previous year, mainly due to reduced Gift Aid donations. Grant payments and donations of £5,364 were made in the year ended 5th April, 2019, a decrease of £16,797 compared to the previous year, and £25,000 was spent purchasing further Charifund Income Units. These will generate additional income in future years which can then be used to make more grant payments and donations.

The grant payments and donations made in the year ended 5th April, 2019 were awarded in line with the charity's objects and made mainly in the fields of education and religion.

TRUSTEES' REPORT (CONTINUED)

Financial Review

The net result for the year ended 5th April, 2019 was a surplus of receipts over payments amounting to £8,299. This was after the purchase of a further £25,000 of Charifund Income Units.

Once the results for the year are added to the opening cash funds balance, the closing cash funds balance totals £25,639 compared to £17,340 as at 5th April, 2018. It should also be noted that the cost of the investment assets has increased from £398,239 at 5th April, 2018 to £422,748 at 5th April, 2019 due to the purchase of the additional Charifund Income Units.

All of the charity's funds are unrestricted in nature.

Careful attention to the investment of the capital of the charity continued throughout the year.

The Trustees take no expenses for their services and give of their time freely. They discuss the requirements of the Charity Commission at regular intervals and, as appropriate to a small charity, matters of good governance, including risk analysis and affirm their practices comply with due prudence and care.

Reserves Policy

The charity aims to hold sufficient reserves in order to maintain its cashflow and enable donations and grants to be made as needed.

Investments Selection Policy

The Trustees have decided to keep the majority of funds in unit trusts expertly managed for charities and which provide continuity of income and growth with strong protection of capital. A smaller amount of funds in a more liquid form is held in building society or bank accounts.

Plans for Future Years

The Trustees will continue their work, bringing benefit to communities and individuals, in their chosen fields, where evidence of need and resulting benefit to the public can be seen.
