## Trustees' Annual Report (continued)

#### Year ended 31 March 2019

#### Structure, governance and management

The Peterborough Cathedral Development and Preservation Trust is a charitable incorporated organisation (CIO) and was registered with the Charity Commissioners on 29 December 2014. During the year to 31 March 2019 the funds and activities of the Peterborough Cathedral Development and Preservation Trust were transferred to the CIO.

The Trustees are responsible for the sound management of the Charity and are responsible for the appointment of new Trustees. Trustees must number a minimum of 7 and a maximum of 25. All Trustees are appointed for a three-year term and when making appointments Trustees have regard to the skills, knowledge and experience needed for the effective administration of the CIO.

None of the Trustees has any beneficial interest in the company. All of the Trustees are members of the company and guarantee to contribute £1 in the event of a winding up.

In addition to appointed trustees, the Dean of Peterborough Cathedral is automatically a charity trustee.

The Executive Committee also have powers to appoint not more than three charity trustees for a fixed term of office.

#### Objectives and activities

The objectives of the Charity are the support of such charitable purposes connected with the Cathedral and the Chapter of Peterborough Cathedral, and the support of such other charitable purposes or charitable foundations as the Trustees, being not less than seven in number, shall from time to time by deed executed with their unanimous consent declare.

#### Achievements and performance

The amount raised in the year was £286,377 compared to previous year £138,938

Grants to Peterborough Cathedral totalled £143,794 compared to previous year £115,769

Grants were given to improve the Cathedrals hearing loop, security lighting, repairs to organ humidifier and significant grants towards music as well as fabric and ministry.

The generosity of members of the Company of St Peter supports the routine work of the Cathedral contributing to the cost of ministry, maintaining its fabric, providing Choral Music throughout the year and the cost of Lay Clerks.

The Trust is very grateful to all those grant making trusts and individuals who have supported and continue to support this iconic building in the heart of Peterborough City Centre.

We are very grateful for all the support we receive from our Volunteers, Trustees and Vice Presidents.

Note 11 sets out grants made throughout the year to Chapter.

#### **Fundraising**

The sole purpose of the Trust is to raise funds to support the work and ministry of the Cathedral and to preserve, maintain and improve its fabric and facilities. It does so through encouraging membership of the Company of St Peter; direct fundraising through grants, donations, legacies and fundraising events. The Trust also encourages businesses to join the Corporate Partnership.

Income received may be restricted for use on a project or purpose specified by the donor. Such income

#### Trustees' Annual Report (continued)

#### Year ended 31 March 2019

is classified as restricted and must be used for the specified purpose. Income may be paid directly to the Chapter in accordance with the terms of the grant or donation. Otherwise funds are transferred from time to time for use at the discretion of the Chapter in furtherance of the objectives of the Trust. A small balance is retained to cover fundraising costs.

#### Volunteers

The Trust is indebted to the hard work and commitment of all Trustees and other volunteers in supporting its work. In addition, the hard work of the Chapter staff in supporting and sustaining the work of the Trust is highly valued.

#### Financial review

The Trust uses Xero accounting software to generate regular reports and provide an up to date statement as to the financial position of the Trust at any one time. A review of financial position at the end of the reporting period is required The Trust had a positive year and generated £103,159 of surplus unrestricted income. As a result, the Trust is in a much stronger financial position than it was 12 months ago.

#### Reserves policy

It is the intention of the Trustees to maintain 12 months unrestricted income in order to cover ongoing costs. It is normal practice that 10% of all donations received are allocated to the cost of generating income and support costs of the Charity. At the year end the Trust's free reserves totalled £177,785, which is twice the amount the Trustees have agreed to maintain. However, the Trustees anticipate spending the excess funds in the coming months and do not intend to retain it for the longer term.

#### **Future developments**

In 2019 we re-established the Trust office and located back within the Cathedral grounds. The Trust aligned itself to the Cathedral's Mission & Values and recognises the opportunities of working closer with the Cathedral Chapter.

Following the conclusion of the P900 campaign, the Trust is now seeking to support the Cathedral on a range of capital projects. We will also raise funds via events to cover operational costs which are expected to increase over the coming year following the employment of 2 members of staff.

The Trust will be seeking funding for a number of capital projects; a new roof, new toilet facilities and a number of repairs and improvements as suggested in the latest quinquennial report.

#### Trustees' responsibilities statement

The trustees are responsible for preparing the trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the charity trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, of the charity for that period.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the applicable Charities SORP;

# Trustees' Annual Report (continued)

#### Year ended 31 March 2019

- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the provisions of the Trust Deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees' annual report was approved on 1. 2. and signed on behalf of the board of trustees by:

Mr M Smith Chairman

# Independent Examiner's Report to the Trustees of Peterborough Cathedral Development and Preservation Trust CIO

#### Year ended 31 March 2019

I report to the trustees on my examination of the financial statements of Peterborough Cathedral Development and Preservation Trust CIO ('the charity') for the year ended 31 March 2019.

#### Responsibilities and basis of report

As the trustees of the charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

#### Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the charity as required by section 130 of the Act; or
- 2. the financial statements do not accord with those records; or
- 3. the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Christopher Goad FCA Independent Examiner

#### Notes to the Financial Statements

#### Year ended 31 March 2019

#### 1. General information

The charity is a public benefit entity and a registered charity in England and Wales and is a Charitable Incorporated Organisation (CIO). The address of the principal office is Cathedral Office, Minister Precincts, Peterborough, PE1 1XS.

#### 2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act 2011.

#### 3. Accounting policies

#### Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

#### Going concern

There are no material uncertainties about the charity's ability to continue.

#### Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### **Fund accounting**

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal and fall into one of two sub-classes: restricted income funds or endowment funds.

Endowment funds represent assets which must be held permanently by the Trust. Income arising on the endowment funds can be used in accordance with the objects if the Trust and is included as unrestricted income. Any capital gains or losses arising on the assets form part of the fund.

#### Notes to the Financial Statements (continued)

#### Year ended 31 March 2019

#### 3. Accounting policies (continued)

#### Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the
  contracted service. This is classified as unrestricted funds unless there is a contractual
  requirement for it to be spent on a particular purpose and returned if unspent, in which case
  it may be regarded as restricted.

#### Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking
  activities that further its charitable aims for the benefit of its beneficiaries, including those
  support costs and costs relating to the governance of the charity apportioned to charitable
  activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

#### Financial instruments

A financial asset or a financial liability is recognised only when the charity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs.

#### Notes to the Financial Statements (continued)

#### Year ended 31 March 2019

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Where investments in shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial instruments are subsequently measured at fair value, with any changes recognised in the statement of financial activities, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.
