them.

Objectives and activities

Summary of the objects of the charity set out in its governing document

and procedures to manage

ALAG exists to support adults with high functioning autism and Asperger syndrome, their families, carers and professionals. ALAG has been established to improve the quality of life for adults on the autistic spectrum by offering support, advocacy and a chance to socialise and meet with other people who have similar issues.

ALAG is committed to raising awareness of autistic spectrum conditions across London by facilitating support groups and social events, providing information, advice and guidance to those in need and to working with external agencies to achieve a greater understanding of the condition.

When planning ALAG activities for the year, the Trustees regularly review the Commissions guidance on public benefit and make every effort to fulfil their legal duty to reach and improve the quality of life for as many people as we can, some of whom would ordinarily be isolated because of their disability.

Throughout 2018 - 2019 the ALAG Trustees have ensured that all their decisions were guided by the two following principles:

- that of reaching out to the community to support our aims and the operation of our activities
- representing the views and interests of our service users with the hope that established provision and attitudes could better accommodate people with Autistic Spectrum Conditions.

Our main activities for 2018 – 2019 were:

- The continued facilitation of a pan-London monthly support group for people with Autistic Spectrum Conditions (ASC)
- The provision of telephone and email support, information, advice and guidance to ALAG members, Autism Hub users and the general public.
- Organising inclusive social events, some of which were with other local groups – the aim of which is to tackle isolation and facilitate the development and practise of social skills and peer support.
- Providing advocacy assistance to ALAG members in areas such as employment issues, benefits applications and appeals, pre and post diagnostic concerns, housing and education issues.
- Coordinating and supporting the training of graduate and post graduate psychology students at the Tavistock Institute.
- The development of the Autism Hub Islington (AHI), a user-led community initiative to tackle social isolation and exclusion of autistic people in Islington and more recently to Camden residents.
- The development and delivery of Autism Awareness Training workshops for local authorities, health professionals, voluntary groups, companies and individuals.
- Collaboration with two Local Authorities (Islington and Camden)
 Autism Partnership Boards to promote a better understanding of the needs of people with autism; map the different autism service pathways and identify gaps in provision; make accurate information available and easily accessible through a shared dedicated system.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

Our Volunteers have once again made a tremendous contribution to ALAG and the Autism Hub in its main activities undertaken for the public benefit and in relation to achieving its objectives. We are in the process of inducting two new trustees as well as recruiting two new volunteers for the Autism Hub.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Throughout 2018/19 ALAG continued to provide much needed services to autistic people across all the London boroughs. During this period we held our regular monthly support group meetings at Islington Town Hall averaging around 45 people in attendance.

Attendees report that these monthly meetings provide them with a sense of belonging and acceptance as well as useful, up to date information and practical learning opportunities – all of which serve to increase confidence and improve their sense of well-being.

These successful meetings have steered ALAG to offer an expanded social events programme to include theatre trips, an annual sponsored walk, museum trips, social walks, training and awareness raising workshops and our annual Christmas meal. All these events were well attended and the overall feedback was positive.

One of ALAG's main achievements for 2018/19 was the setting up of the Autism Hub, a user-led initiative providing a range of front line services for adults with high-functioning autism or Asperger's syndrome. The Autism Hub was set up in January 2018 with funding from Cripplegate Foundation, Arsenal Foundation and The London Catalyst. The Autism Hub provides a free service offering Information & Advice, Peer Support, Counselling, a drop-in service, Advocacy and sign-posting for adults with an Autism Spectrum Condition (ASC). The aim of the service is to help adults on the spectrum by addressing problems at the earliest possible stage, preventing deterioration of mental health and improving overall health and well-being.

The idea for the Autism Hub developed out of several research projects including HealthWatch Islington and is based on their recommendations and the views of autistic adults in need of services. The need in Islington & Camden is great and the only services available are generic ones which means people are left to cope with their condition with little or no information and a lack of understanding. This often leads to loneliness and isolation, unemployment and a range of mental health problems. According to Autistica, the leading autism research charity in the UK, almost 80% of autistic people experience mental health problems during their lives. However, this is not inevitable as with the right information and support, autistic people can lead happy and fulfilled lives.

We are currently the only organisation offering this service in Islington & Camden and we have strong connections with other local services who understand the need for joined-up work to ensure positive outcomes for people with autism.

At the beginning of 2019, ALAG's trustees approved plans for an autism conference to celebrate ALAG's fifth year as an independent charity. Scheduled to take place in October 2019, the aim of the conference would be to improve delegates' understanding of what it feels like to be autistic, how autistic people may present, issues that may arise in their lives and how to move towards successfully overcoming them. It was agreed to invite professionals as well as autistic people, local councillors and local businesses to the conference and bring together a range of speakers from autistic individuals to professionals working in clinical or research settings to share their insights on different facets of the condition and life with it.

Section E	Financial review
Brief statement of the charity's policy on reserves	ALAG is a very small organisation run by volunteers and a Facilitator and as such has a developing policy with regards to its reserves. We have limited funds that cover our day to day running costs which include a small reserve to cover room hire for 5 months should the need arise.
Details of any funds materially in deficit	None
Further financial review details	(Optional information)
You may choose to include additional information, where relevant about: • the charity's principal sources of funds (including any fundraising); • how expenditure has supported the key objectives of the charity; • investment policy and objectives including any ethical investment policy adopted.	ALAG's principal source of funding comes from the Cripplegate Foundation, Arsenal Foundation and The London Catalyst. Fundraising is currently taking place with support from the Voluntary Action Islington capacity building project. Summary of Accounts At the start of the financial year the Total balance was £16,524.24. This was shared between ALAG (£9,563.24) and The Autism HUB (£6,961) The restricted funds are only for the purpose of the Autism Hub.
·	Other entiend information
