

SWFT CHARITY

ACCOUNTS

2018-19

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of South Warwickshire NHS Foundation Trust Charitable Fund (the "charity"):

- * give a true and fair view of the state of the charity's affairs as at 31 March 2019 and of its incoming resources and application of resources for the year then ended;
- * have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- * have been prepared in accordance with the Charities Act 2011.

We have audited the financial statements which comprise:

- * the statement of financial activities;
- * the balance sheet;
- * the statement of cash flows; and
- * the related notes 1 to 18.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under these standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the "FRC's") Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- * the trustees' use of the going concern basis of accounting in preparation of the financial statements is not appropriate; or
- * the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of these matters.

Other information

The trustees are responsible for the other information comprising the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 141 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements ASAP, free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements

Matters on which we are required to report by exception

Under the Charities (Accounts and Reports) Regulations 2009 we are required to report in respect of the following matters if, in our opinion:

- * the information given in the financial statements is inconsistent in any material respect with the trustees' report; or
- * sufficient accounting records have not been kept; or
- * the financial statements are not in agreement with the accounting records and returns; or
- * we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2009. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Deloitte LLP

Deloitte LLP
Statutory Auditor
Leeds, UK

18 December 2019

Deloitte LLP is eligible for appointment as auditor for the charity by virtue of its eligibility for appointment as auditor of a company under section 1212 of the Companies Act 2006.

Notes on the accounts

1. Accounting Policies

(a) Basis of preparation

SWFT Charity is governed by a Trust Deed and is administered and managed by the Corporate Trustee, the South Warwickshire NHS Foundation Trust. The Charitable Fund operates as a public benefit entity.

The accounts have been prepared under the historic cost convention.

The financial statements have been prepared in accordance with the Statement of Recommended Practice "Accounting and Reporting by Charities (SORP 2015)" applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), effective 1 January 2015; and the Charities Act 2011.

The principal accounting policies are set out below.

(b) Funds structure

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by the donor. Where the restriction requires the gift to be invested to produce income but the Trustee does not have the power to spend the capital, it is classified as permanent endowment.

Unrestricted income funds comprise those funds which the Trustee is free to use for any purpose in furtherance of the charity's objectives. Unrestricted funds include designated funds, where the donor has made known their non binding wishes or where the Trustee, at its discretion, have created a fund for a specific purpose.

The Charity has an permanent endowment fund, the Woods Award, created by a gift from relatives of a former member of staff. Only the interest can be spent and the fund's use is restricted to the making of an annual nursing award to a member of staff who had made an outstanding contribution.

The major funds held in each of these categories are disclosed in note 18.

(c) Income

All income is recognised once the Charity has entitlement to the resources, it is probable that the resources will be received and the monetary value can be measured with sufficient reliability.

Where there are terms or conditions attached to income, particularly grants, then these terms or conditions must be met before the income is recognised as the entitlement condition will not be satisfied until that point. Where terms or conditions have not been met or uncertainty exists as to whether they can be met then the relevant income is not recognised in the year but deferred and shown on the balance sheet as deferred income.

(d) Income from legacies

Legacies are accounted for as income either upon receipt or where the receipt of the legacy is probable.

Receipt is probable when:

- Confirmation has been received from the representatives of the estate(s) that probate has been granted;
- The executors have established that there are sufficient assets in the estate to pay the legacy; and
- All conditions attached to the legacy have been fulfilled or are within the charity's control.

If there is uncertainty as to the amount of the legacy and it cannot be reliably estimated then the legacy is shown as a contingent asset until all of the conditions for income recognition are met.

(e) **Expenditure**

Expenditure is recognised when a liability is incurred, goods and services are supplied. Grant commitments are recognised when a constructive obligation arises that result in payment being unavoidable.

Grants are only made to related or third party NHS bodies and non NHS bodies in furtherance of the charitable objects of the Charity. A liability for such grants is recognised when approval has been given by the Trustee and the grant communicated to the recipient. The NHS Trust has full knowledge of the plans of the Trustee, therefore a grant approval is taken to constitute a firm intention of payment which has been communicated to the NHS Trust, and so a liability is recognised.

Charitable expenditure is aggregated within the most appropriate category.

Contractual arrangements are recognised as goods or services supplied.

(f) **Irrecoverable VAT**

Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

(g) **Allocation of overhead and support costs**

Support costs are those costs which do not relate directly to a single activity. These include some staff costs, costs of administration, internal and external audit costs and IT support. Support costs have been apportioned between fundraising costs and charitable activities on an appropriate basis. The analysis of support costs and the basis of apportionment applied are shown in note 8.

(h) **Costs of raising funds**

The costs of raising funds are the costs associated with the fundraising staff costs.

(i) **Charitable activities**

Costs of charitable activities comprise all costs incurred in the pursuit of the charitable objects of the Charity.

(j) **Debtors**

Debtors are amounts owed to the charity. They are measured on the basis of their recoverable amount.

(k) **Cash and cash equivalents**

Cash at bank and in hand is held to meet the day to day running costs of the charity as they fall due. Cash equivalents are short term, highly liquid investments, usually in 95 day notice interest bearing savings accounts.

(l) **Going Concern**

Expenditure is only authorised after it has been ascertained that there are sufficient funds within the individual charitable fund to support the expenditure. In addition, the Trustee asks fund managers to submit annual spending plans.

The Trustee therefore has a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing these accounts.

(m) **Financial Instruments**

Financial assets and financial liabilities are recognised when the Charity becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a finance transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. The charity only holds financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due. Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account. Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Note 2. Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the application of the Charity's accounting policies, which are described in note 1, the Trustees are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The Trustees do not consider there are any critical judgements or sources of estimation uncertainty requiring disclosure beyond the accounting policies listed above.

Note 3. Analysis of Income from Donations, Legacies and Grants

	<u>1,123</u>	<u>26</u>	<u>1,149</u>

Note 7. Role of volunteers

Volunteers play a valuable role across the Trust and in particular when supporting our Charitable Fund. As an unpaid resource, volunteers donate their time in a variety of ways including; helping at events, supporting with administration or hosting their own events and activities. The Trust is extremely grateful to all volunteers, their dedication and support helps us to generate more charitable income.

Note 8. Allocation of support costs

Support and overhead costs are allocated between fundraising activities and charitable activities.

Governance costs are those costs which relate to the strategic management of the charity.

Total governance costs are £4,200 (2017/18 £4,200).

	Raising Funds	Charitable Expenditure	Total Funds 2018/19	Basis
2018/19	£000	£000	£000	
Administration Cost	1	29	30	Fund balance
Audit	0	4	4	Fund balance
	<u>1</u>	<u>33</u>	<u>34</u>	

	Raising Funds	Charitable Expenditure	Total Funds 2017/18	Basis

Adjustments for:					
Interest from investments	(189)	(349)	0	(538)	(453)
(Increase)/decrease in debtors	0	0	0	0	(4)
Increase/(decrease) in creditors	(10)	(1)	0	(11)	373
	109	202	0	311	54
NET CASH GENERATED BY OPERATING ACTIVITIES					
	(90)	(148)	0	(238)	(30)

Note 16. Transfers between funds

There have been no internal transfers between funds in 2017/18 or 2018/19.

Note 17. Related Party Transactions

Patients of South Warwickshire NHS Foundation Trust (SWFT), the Corporate Trustee, are the main beneficiary of the Charity. SWFT is the immediate parent and the Department of Health is the ultimate controlling party for the Trust. SWFT's principal purpose is as a healthcare provider. The Charity incurred charitable expenditure, relating to SWFT, totalling £1 616k (2017/18 £1,123k) as detailed in note 6 in the furtherance of its charitable objectives. At the end of the year there was a creditor of £9k (2017/18 £20k), for charitable expenditure which had been incurred by SWFT. There was a debtor balance between the Charity and SWFT of £5k (2017/18 £nil). During the year none of the members of the NHS Board of Directors' or senior NHS Trust staff or parties related to them were direct beneficiaries of the Charity.

Annual Report for The Year Ending 31 March 2019

SWIFT Charity

Introduction

South Warwickshire NHS Foundation Trust (the Trust) has a Charitable Fund (the Charity) to generate fundraising income, in order to enhance NHS services. SWIFT Charity (Reg No. 1056424) is an umbrella charity for 133 charitable funds. The Trust is responsible for managing a range of funds including:

- Warwick General Purpose Fund
- Stratford Hospital Charitable Fund
- Aylesford Unit Patients Fund
- CERU Charitable Fund
- Cardiology Unit Patients Fund
- Ellen Badger Patients General Fund
- Special Care Baby Unit Fund
- Palliative Care Community Fund
- Birth and Babies Charitable Fund

In addition, charitable funds transferred from South Warwickshire Combined Care NHS Trust in respect of the operation of its successor body, South Warwickshire Primary Care Trust from 1 April 2002 and a transfer of funds from the North Warwickshire Primary Care Trust General Charity (Reg No 1060988) took place with effect from 1 April 2011, both of these transfers were actioned under Statutory Instruments.

The Role of the Charity

SWIFT Charity exists to enhance the care, treatment and facilities of patients, families and visitors to South Warwickshire NHS Foundation Trust. The charity also invests in staff training. Through charitable giving and fundraising, the Charity aims to provide valuable support above and beyond those provided by NHS core funding. The Charity partners with NHS clinicians and staff to deliver projects that make a real difference for patients

During 2018/2019 the Charity was able to sprinkle some magic in a number of key areas including:

- Providing state of the art equipment for diagnosis and treatment
- Funding the enhancement of patient, family and staff facilities
- Providing the best possible environments for patients and staff
- Supporting and investing in staffs training to keep teams at the forefront of medical advances

Management

Within the Trust's finance team, there is a designated Charitable Funds Finance Officer along with a Finance Manager who also supports work on the charity. The team is responsible for the maintenance of accounting records and administration of funds. Their salary costs are recharged back to the Charity.

The Charity also has a fundraising Team which comprises of two fulltime staff members, a Fundraising Manager and a Fundraising Assistant. The team is managed by the Head of Communications and Fundraising. The team are responsible for the coordination, management and reporting of appeals as well as providing support and advice to staff on the Trust's wards and departments about their individual income generation activities. Whilst acting as the public interface and point of contact for donors and fundraisers, the team are also responsible for promoting and marketing the charity in the wider local community. All fundraising staff are employed by the Trust and the costs are recharged to the Charity.

Birth & Babies Appeal

In April 2017, SWFT Charity launched the "Birth & Babies" Appeal. This appeal was set up to fundraise towards the development of a new midwifery led birthing centre at Warwick Hospital. With a £200,000 appeal target, the fundraising team garnered support from a range of different income streams such as community fundraising, trust and grant applications and events. In particular, the appeal was well-supported by a significant number of trusts and foundations. The Fundraising team also hosted appeal events including the "Sparkle & Shine Ball" in September 2018 which raised £4,000 (split between Bluebell Birth Centre and SCBU).

The new birth centre opened in July 2018. Thanks to all those who contributed towards the appeal, making the purchase of all priority items on the fundraising wish list possible. Through supporter's generosity, the charity has been able to purchase a range of specialist birthing equipment helping to aid deliveries. Funds have also been used to create comfortable facilities, within the new centre, for mothers as they go through their birthing experience.

The Birth and Babies charitable fund still remains open for donations to the Bluebell Birth Centre. The fundraising team continues to work with community groups and individuals to help them to fundraise and maximise donations. No further grant applications have been made, in order for the team to focus on other charitable projects across the trust.

SWFT Charity Relaunch

With the recent relaunch of the charity, emphasis has now shifted to the fundraising team raising charity awareness within the hospital and growing support within the various sections of the local community. The Fundraising team are also concentrating its efforts on working closely with the staff, supporting a number of wards and departments to identify needs and help increase individual incomes.

An example of this includes fundraising proactively working with accident & emergency staff to raise funds to improve the children's accident and emergency waiting area. The staff are keen to provide

more child-friendly and relaxing surroundings for young patients visiting the department. A number of items have been identified to make this vision a reality including the purchase of sensory equipment, televisions, LED ceiling lights, toys, books and the like.

We continue to remain indebted to the many individuals, community groups, corporate organisations and Trust and Foundations who have supported the charity through the year. Thanks to the kindness of many individuals, the charity has received in memory donations, been remembered in legacies and also had supporters host their own in aid of events or undertake challenges.

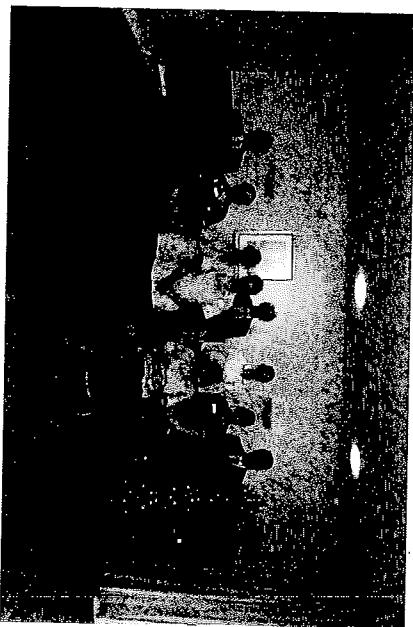

During the year, many of our patients and their families wanted to show their thanks for the care they received at South Warwickshire NHS Foundation Trust by taking on a wide and varied range of fundraising activities. Here are just a few ways supporters have helped...

Supporting Bluebell Birth Centre

Rebecca and Simon Givens raised £745 for The Bluebell Birth Centre. The couple held a party at their home to celebrate the imminent arrival of their baby boy, and asked for donations to the charity in lieu of gifts. Beccy also designed and sold some 'Pregnancy Hearts' featuring motivational quotes to help women through their pregnancy. 100% of the profits went to the charity.

Help for Feldon Ward

Feldon Ward received a donation of £4,300 from The Provincial Grand Chapter at Warwickshire Benevolent Fund. One of the members, John Durling, approached the group following the care his late wife received from the staff on the ward. The donation was used to purchase a specialist shower chair for patients.

Remembering The Aylesford Unit

Karyn Hunt raised £185 by selling handmade cards over the Christmas period. She said, "I am so pleased people enjoyed and purchased my cards, the Aylesford Unit saved my life, and it's time for me to give back to them.

Support for CERU

Sandy and Ian Radcliffe donated £965.00 after asking for donations to CERU in lieu of gifts at their recent wedding. They chose to donate the money to enhance patient care on Campion Ward as Ian is a former patient.

RUGBY UNIT

Helen and John Hogg presented staff at the Rugby Unit at Stratford-upon-Avon Hospital with a cheque for £1,000, raised through their popular Stratford Town Walks

Management of the Charitable Fund

Organisation Structure

Under the terms of the Trust Deed, the SWFT Charity is administered and managed by the Corporate Trustee, South Warwickshire NHS Foundation Trust, with Mr. Glen Burley as Chief Executive. Therefore the Charity Trustee comprises of the Executive Directors and Non-Executive Directors of South Warwickshire NHS Foundation Trust and is appointed in accordance with the Foundation Trust's constitution. Trustees meetings are held on a quarterly basis.

Members of the Charity Trustee receive Trust induction and training, in conjunction with Trust's Constitution, policies and procedures that are made available to them. The Trustee is aware of the Charity's Commission's publication on public benefit, and this guidance is adhered to when making decisions.

A Fundraising Manager and Fundraising Assistant are now in place and are responsible for liaising with staff, patients, visitors and external stakeholders to encourage fundraising across the SWFT Charity. The team are overseen by the Head of Communications and Fundraising. Throughout the year the team implement a number of campaigns to raise awareness of our SWFT Charity and this is across the wide range of channels including social media, posters and press releases to publicise fundraising activity.

The Fundraising team is responsible for the day to day administration and finance function of the Charity, under the direction of the Director of Finance of the Trust.

Decision Making

Prior to committing the Charity to expenditure, a detailed description must be given on a Charitable Expenditure Form and approval is given when all of the criteria are attained. The financial limits are as follows:

Up to £5,000	Fund Manager
Between £5,000 and £15,000	Chief Executive & Managing Director
More than £15,000	Trustee

Applications for items above £15,000 which are made between Trustee meetings can be authorised by the Managing Director and Director of Finance jointly. These applications are subsequently taken to the Trustee meeting for confirmation at the next available meeting.

Unauthorised forms, or those only containing one signature, are returned to the originator for authorisation before any payment is made.

Sources of Funds

The main sources of funds to the Charity continue to come from three main sources namely:

- Donations from member of the public e.g. patients/relatives/friends/local organisations (local schools, groups etc)
- Legacies
- Grants from other organisations

The Charity recognises the importance of all these sources of income and works hard to build relationships with both the local community and grant making trusts in order to maximise income.

Donations/Legacies Processes

By working closely together, the Fundraising and Finance teams have developed and streamlined the process for dealing with donations. This process has been facilitated and enhanced through the use of the Harlequin CRM system. All communication between the charity and supporters are recorded and stored on the database. A proactive and routine approach is also in place to reclaim Gift Aid on all donations, whenever possible.

The supply of dedicated donation envelopes and charity displays are now present on many of the wards and departments within the Trust. This arrangement has increased the opportunity for prospective donors to give. These new promotional aids have also helped to raise an awareness of the charity across the hospital and community sites.

With the ever-increasing popularity of online donations, the launch of the new charity website in February has been timely by providing donors the option to make an online donation through the payment platform.

General Data Protection Regulator (GDPR)

The Charity complies with GDPR and is able to assure our supporters that

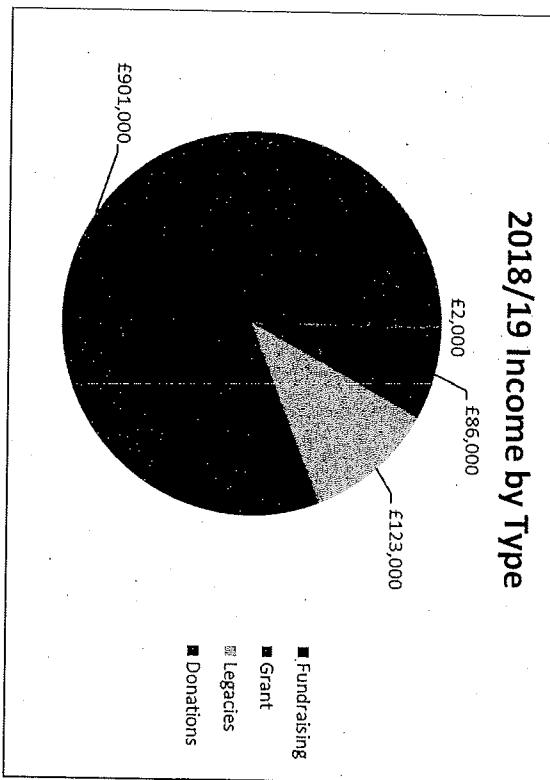

- SWFT Charity does not sell the names, addresses or data of supporters
- SWFT Charity does not use commercial participants
- SWFT Charity does not use third party fundraising agencies to sign up donors on the street, or to contact donors at home or at their workplace

The Charity has not received any complaints about its fundraising activities during the year.

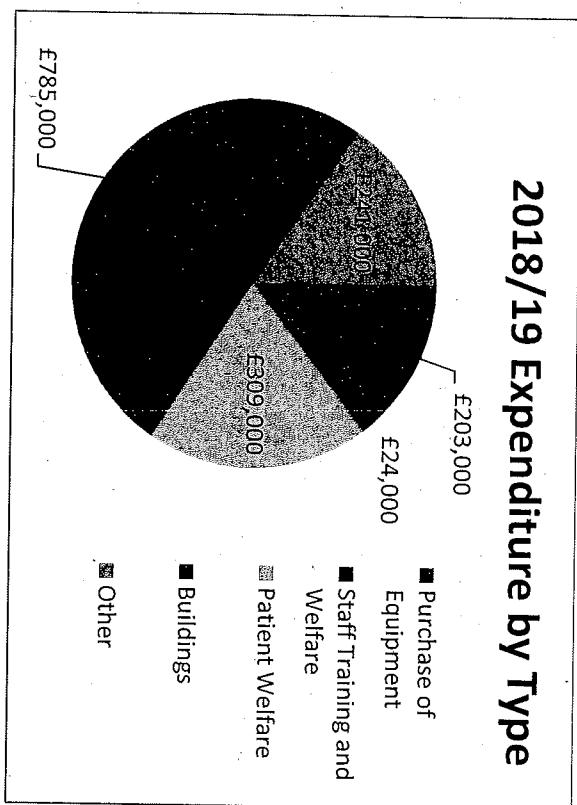

Financial Report

Income Generation and Expenditure

During the year, the charity received funds totalling £1,112,000 from donations, legacies, grants, fundraising activities and investment income. A breakdown of the various income streams is displayed below:

The Charity's expenditure mostly took the form of grants made payable to South Warwickshire NHS Foundation Trust. The diagram below displays a breakdown of the areas of the £1,562,000 grants awarded.

Buildings expenditure includes the cost of £635,000 associated with the purchase of additional property next to Ellen Badger Hospital which was bought in 2017/18 and transferred to South Warwickshire NHS Foundation Trust in 2018/19 as well as £150,000 on building costs for the Health and Wellbeing centre at Stratford Hospital.

The remainder of the charitable expenditure reported in the accounts relates to support costs allocations (£32,000) and Fundraising Cost (£54,000).

Financial Activities for the period 1 April 2018 to 31 March 2019		2018/19 £000	2017/18 £000
Income			
Donations	901	595	
Grants	86	40	
Legacies	123	92	
Fundraising Activities	2	9	
Investment Income	0	4	
Total Income	1,112	740	
Expenditure			
Charitable Expenditure	1,595	1,150	
Investment Management Costs	0	0	
Fundraising Costs	55	43	
Total Expenditure	1,650	1,193	
Net Expenditure	538	453	

The Trustee has continued to use funds to enhance the experience and environment for patients', beyond the normal NHS provisions.

During 2018/19, this has included:

- £203,000 spent on medical equipment , this included
 - £21,000 from the Warwick General Purpose Fund for an Antenatal Portable Ultrasound Machine
 - £18,500 on a specialised cardiac ultrasound
 - £43,000 from the Warwick General Purpose Fund on 8 Falls Beds with pager systems for Frailty Wards
 - £14,000 on specialised monitors for the Cath Lab at Warwick Hospital
 - £24,000 spent on providing staff with training and education, this includes providing staff access to conferences and training days in order to enhance the care they provide
 - £309,000 spent on supporting patients around the Trust, including £170,000 on specialist equipment including birthing pools, couches and furnishings for the Bluebell Birth Centre
- As at 31 March 2019, the Charity had total funds of £960,000 split across the three classifications of funds as follows:
- Endowment:** where the "lump sum" donation remains the same and only the interest is available for use. Investment gains are added to the fund. The balance at 31 March 2019 was £5k (31 March 2018 £5k);

Restricted: where the donation has been made for a specific purpose – this usually applies to legacies and appeals. The balance at 31 March 2019 was £71k (31 March 2018 £420k); and

- Unrestricted:** where the donation was general and as such is available for any charitable purpose. The balance at 31 March 2019 was £884k (31 March 2018 £1,073k).
- The Charity tries to manage funds in such a way as to ensure that there is flexibility over their use, as this ensures that small balances do not remain unused. As such restricted funds are kept to an absolute minimum. However, it is also very important to the Trustee that donors' wishes are complied with wherever possible. The majority of personal donations come from patients or relatives who wish to donate to particular wards or departments to say "thank you" for the support received during treatment. It is vital that this money is spent in the way that the donor wishes.

Total Funds	960	1,498

Plans for 2019/20

Following approval from Charity Trustee in March 2018, it was agreed that investment would be made to develop the charity. A number of recommendations were made including:

- Staffing- Charity Trustee approved additional investment in the fundraising team in order to grow the charity. A fundraising assistant was appointed in October 2018 to work across both the finance and fundraising functions, helping to support data processing and donor recognition. A fundraising manager was also appointed in January 2019, on a 12 month fixed term contract, with the focus being on income growth and day-to-day management of the charity.

- Ethos/Culture: As part of the overall strategy to grow the Charity, the fundraising team identified the need to increase support and raise charity awareness both internally and

externally. The fundraising team have worked to build relationships with staff, helping to develop departmental /ward wish lists. The team have also promoted and supported staff with their fundraising. This approach will continue into 19/20, helping to embed SWFT Charity in the minds of staff who act as important ambassadors.

- Resources: A dedicated charity website was developed and launched in February 2019. The new site offers prospective donors an online payment platform. This new tool is also being used in conjunction with social media sites to raise awareness and increase reach. In addition, the charity has worked with the internal web development team to develop a wish list platform. The platform, known as "Sprinkle Some Magic", has been integrated into the new website and intranets sites enabling staff and the public to make suggestions on prospective items for charitable funding.

Additional aids to increase charity awareness and opportunities to give onsite have included the introduction of branded wall displays, donation envelopes and collection tins on many wards and departments.

In Quarter 4, 2018/19, the fundraising and finance teams worked to develop a more consistent reporting system on actual income against forecasted targets. Through expanding the number of income categories, this will provide a more in depth view of donor giving patterns as well as reflecting the performance of fundraising activities.

As outlined in the Fundraising Strategy, a fundraising plan has now been developed to support a growth of fundraising income. This plan was launched at the start of 2019/20. The plan involves a range of initiatives to achieve the target. The detailed plan incorporates community and corporate partnerships, events, staff fundraising, regular giving appeal, seasonal giving, public collections.

In 2019/2020, SWFT Charity will continue to use all donations received for all their charitable funds effectively.

If you would like to know more about the work of the Charity, take part in fundraising activities or make a donation, contact the SWFT Charity Fundraising team on 01926 495321 ext 8059 or email: charity@swft.nhs.uk

Policies

The Fund's Objectives and Procedures for the Deployment of Resources

The Charity's objectives are set out in the Trust Deed and state that monies collected can be applied to any charitable purpose or purposes relating to the National Health Service. The Charity is used for the public benefit.

The Charity's Investment Policy and withdrawals from the Charity are determined by the Trustee. Expenditure can only be incurred following the submission and subsequent approval of a "Request for Use of Donated Monies" form by a member of staff in accordance with the Trust's Standing Financial Instructions.

With the exception of restricted funds, the objectives and aims of charitable funds expenditure is to be in line with one or more of the following priorities:

- The enhancement of facilities for patients, carers or staff, where this would be in addition to the provision ordinarily afforded by the NHS;
- The purchase or replacement of equipment, where this would be in addition to or in advance of the provision otherwise afforded by the NHS, and
- For the training and development of staff employed by the Trust, where this would be in addition to the provision ordinarily afforded by the NHS.

Spending priorities are reviewed annually by the Trustee.

The main objectives for the year continued to be those set out above but with the addition of a significant fundraising appeal to raise £200,000 towards the new midwife led birth centre at Warwick Hospital.

The Trustee reviews the overall spend of the Charity on a quarterly basis to ensure that spend continues to support the objectives above. During 2018/19 they have continued to monitor progress of the fundraising appeal to ensure that the Charity continues to move positively towards its target.

Accumulated Balances

Trustee has a general policy not to accumulate funds in reserves but to utilise donations in accordance with the wishes of the donor as soon as is practically possible. The Charity does not have a specified target level of revenue or reserves. However, the Trustee is currently reviewing policies and will consider this aspect within the revised policy. Accumulated reserves at 31 March 2019 were £960k compared with £1,498k at 31 March 2018.

Each year, managers of individual funds are asked to submit spending plans for the funds under their control and these are reviewed by the Trustee. Part of this review is to ensure that funds are used in the most appropriate way and in a way that is consistent with the overall planning process for South Warwickshire NHS Foundation Trust. As such there will be occasions where balances are built up in order to cover a larger item of equipment etc. Financial reports are prepared for individual ward managers / heads of department and monitoring reports are prepared for the Trustee meetings in order for them to discharge this review process.

Managing Risk

South Warwickshire NHS Foundation Trust has in place risk and governance policies in line with guidelines issued by the NHS.

The key risks associated with the SWFT Charity are in the main financially orientated.

These risks include:

- Failure of financial processes resulting in unauthorised or inappropriate use of charitable funds.
- Reductions in income (donations) coupled with high commitments in respect of expenditure.

Risks surrounding charitable funds are reviewed by the Charitable Trustee during the year.

In particular the following measures are in place:

- All transactions are properly authorised and recorded through a separate accounting package;
- Authorised signatory lists are maintained and there are clear lines of separation of duties;
- Financial statements are produced and distributed to budget holders;
- Financial reports are prepared and reported to the Trustee Meetings;
- Accounts are prepared by experienced members of the finance team and an audit is undertaken by Deloitte LLP; and
- An internal audit was carried out during 2019/20 and reached an opinion of significant assurance on the operation of internal controls in connection with the Charitable Funds.

Management Remuneration

No members of management are remunerated for their work relating to the charitable fund.

Related Parties

Patients of the Trust are the main beneficiary of the Charity. The Trust is the immediate parent and the Department of Health is the ultimate controlling party for the Trust. The Charity incurred charitable expenditure relating to the Trust, in the furtherance of its charitable objectives. During the year none of the members of the NHS Board of Directors' or senior NHS Trust staff or parties related to them were beneficiaries of the Charity.

Going Concern

Expenditure is only authorised after it has been ascertained that there are sufficient funds within the individual charitable fund to support the expenditure. In addition, the Trustee asks fund managers to submit annual spending plans.

The Trustee therefore has a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing these accounts.

Rosemary Hyde	
Angela Brady	
Simon Page	
Sue Whelan Tracy	
Chris Lewington	
Geoff Benn	
Tony Boorman (until 30th November 2018)	

Trustees' Statement of Responsibilities

The trustees are responsible for preparing the Trustee's Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Chairman SWFT Charity

Russell Hardy
